2025–2026 TITLE I PARENT & FAMILY ENGAGEMENT POLICY

The Parent and Family Engagement Policy was developed in collaboration with parents and staff. The policy outlines our commitment to meaningful family engagement and student achievement.

Annie Burnside Elementary is committed to encouraging parents to be full partners in their child's education. Research shows students are more likely to do better in school, stay in school longer, and enjoy school more when schools, families, and communities work together.

Annual Title I Meeting

Annie Burnside Elementary convenes an Annual Title I meeting to inform families of Title I requirements and parents' rights to know. The meeting is held within the first 45 days of school. Families receive information on the current Title I plan, opportunities for families to be involved, federal and state programs that assist in increasing academic achievement for all students, an overview of the curriculum, an overview of academic assessments, and Every Student Succeeds Act guidelines.

Varied Opportunities for Parent Meetings

School staff will make reasonable accommodations to families to schedule parent meetings, including parent conferences, at different times during the day.

Meaningful Communication

Family engagement is the participation of parents and family members in regular, two-way, and meaningful communication involving academics and other school activities. Parents will receive timely notice about parental engagement opportunities through several means: district communication platform, monthly school newsletters, school website, PTO meetings, and SIC meetings. Parents are encouraged to provide ongoing feedback about their child's learning and Title I activities.

Accessibility

Annie Burnside Elementary will provide opportunities for the informed participation of all parents and family members, including translating parenting materials to different languages and considering accommodations for parents with disabilities.

Title I Plan

A copy of the Title I plan is available in the school office and on the school website. Feedback on the plan is highly encouraged. School administration will respond to any suggestions or recommendations for the Title I plan within two business days in writing or by phone call.
