
NOTICE

Pursuant to The Pesticide Neighbor Notification Law (Chapter 285 of the Laws of 2000) and the School pesticide notification requirements of the State Education Law (section 409-h) the Sayville Union Free School District hereby posts this information submits the following notification of pending pesticide application.

The Board of Education has approved a resolution to treat the sports field with pesticides in an effort to enhance player safety. The fields have been found to be infested with grubs and other pests which have created a hazardous situation and must be addressed in order to keep athletes safe while playing on the affected areas. The following details the areas which will be treated in accordance with this resolution at this time.

**SAYVILLE HIGH SCHOOL
20 BROOK STREET
WEST SAYVILLE, NY 11796**

Affected location/Area:	Varsity Football Field
Application Date:	Friday, September 12, 2025
Pesticide to be applied:	To be supplied by Landtek/NYSID
Method of Application:	To be supplied by Landtek/NYSID

The areas to be treated will be **OFF LIMITS** for the duration of time required. No entry will be permitted during the treatment and latency time thereafter.

For additional information, please contact the Sayville School Pesticide Officer at (631) 244-6550.
