

NURSE STACY

About Me

I am married and have five adult kids, two of whom are married and two young grandsons!

As a result of our oldest son having many serious health conditions during his life, I became a nurse so I could provide excellent medical care to others.

I thoroughly enjoy keeping students healthy physically, emotionally & mentally. The Mountain Shadows Health Office is a place where students can get care during the school day for injuries, scheduled medications & illnesses.

For Fun

I love to:

- * go to Bearizona Wildlife Park in Williams
- *go walking/hiking with family & friends
- *traveling
- *eat different foods

My contact information:
phone: 623-445-4310
