- Test score goals are increasing and we’re looking deep into score differences among similar student groups with a focus on supporting our multilingual learners (example: APUSH)
- We just won the AP Access Award which speaks to our access and equity re: AP
- We’ll continue with Senior meetings like we did on Zoom recently
- We’re monitoring students, especially freshmen and sophomores, for mastery of material so they don’t need to use our Credit Recovery offerings
 - ◆ We started REP (intervention) classes last year
 - ◆ 180 students even requested those same REP sections this year (so, it’s working)
