

MR. WHITE'S

Minutemen Monthly

Release: September 2025

As we embark on a new school year, it's a joy to welcome back our talented and dedicated employees. Equally exciting is the opportunity to greet our new hires and engage with them during interviews, onboarding and new teacher orientation. At Revere, we are intentional about ensuring new staff have a strong, supportive start. Our onboarding blends district-level introductions with building-based guidance so new teachers feel welcomed, informed, and confident. Time with principals, mentors, and colleagues covers both the practical "how-to's" and the heart of our climate and culture—touring buildings, reviewing schedules, and discussing lesson planning, PBIS, classroom management, and relationship-building. This intentional approach equips every new staff member with the tools, connections, and confidence to thrive at Revere.

This year, we're thrilled to introduce a highly skilled group of professionals who bring a wealth of experiences and talents to Revere. Notably, we have the pleasure of welcoming one Revere alumni back "home" as a Minuteman!

District
