<p>Master Schedule</p>	<p>Brian Siesto Eric Dahlstrom</p>	<p>60min</p>	<p>Brian Siesto introduced SH Science Teacher Eric Dahlstrom, a member of the district scheduling committee for a presentation on their progress.</p> <p>The committee’s findings have not been approved but the earliest projected date for a new class time schedule at the high school would be Fall 2026. Some of the important differences that the committee has taken into consideration since the block schedule was adopted in the 1990s is that today kids learn differently, students need more flexible scheduling and there is an increased desire for Work Based Learning opportunities. The committee also needs to use the following parameters: classes should be longer than 40 minutes, have at least 4 lunch blocks, maintain the same start/end times, and have no changes to the transportation schedule.</p> <p>Eric shared different options that the committee has discussed.</p> <ul style="list-style-type: none"> ● Option 1 - 6 blocks (6 - 60 minute academics plus 25 minute lunch block) ● Option 2 - 6 blocks (5- 60 minute academics and 1 lunch block plus a 35 minute WIN block) ● Option 3 - 7 blocks (6 academic and 1 lunch block plus a WIN block) <ul style="list-style-type: none"> - 1st block - 58 minutes with announcements - other blocks - 53 minutes - 4 minutes passing time - lunch blocks are cut into 2 time periods, ½ is lunch and the other ½ is a WIN block. <p>This is used by the Webster School District</p> <p>In order to share staff with the JH, here are the following advantages and disadvantages that are being considered:</p> <ul style="list-style-type: none"> ● JH has a 6 day cycle, SH has a 4 day cycle ● Both buildings have different time schedules ● Science is the most challenging to schedule due to time consuming labs ● PE would be limited in using off site locations due to time constraints (Dicks Sporting Goods, Dryer Road Park) ● Some departments are easier to share staff: LOTE, Art, PE, Tech
------------------------	--	--------------	--

			<ul style="list-style-type: none"> • A potential timeline must be completed by November in order to be used for the next school year. • Mock schedules need to be run for 6 months at least a year in advance. • The VTA contract expires in June 2026.
The Outstanding Student Award	Brian Siesto		Brian Siesto shared with the group copies of the annual SH Building Council Outstanding Student Award Nomination Forms. He asked the committee to review them before the next meeting for potential suggestions.
