1. Narrative description of the Prop 28 arts education program(s) funded. (2500 Character limit).

In fiscal year 2024-25, the Vallejo City Unified School District began using the funding received under The Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act to supplement the delivery of art education within our schools. This document shows the number of students served by district employees funded by AMS resources. It does not include numbers of existing students receiving lessons funded by the general fund or contracts that brought teaching artists into our schools. We requested and received a waiver so that we could use some AMS funding for contracted teaching artist to assist us in the delivery and exploration of arts programming within our district. With AMS funding we were able to hire a Theatre Teacher at one of our high schools, we were able to expand the number of music classes at one of our middle schools, we were able to add a media arts instructor at one of our high schools, we were able to hire two part time Arts Assistants to support our arts classrooms, we were able to expand the number of visual art classes being taught at our alternative high school and we were able to add three full time visual arts teachers to serve 10 different schools within our district.
