Please Take into consideration:

- You can select up to six universities worldwide. Out of these six universities, no more than three universities can be selected from Canada and one university from the USA.
- An admissions centre, Universities and Colleges Admissions Service (UCAS), counts as one request. for example, if a candidate is applying to several universities in the United Kingdom via the Universities and Colleges Admissions Service (UCAS), only one request for UCAS is required. When submitting a request for UCAS, ensure that you include the 10-digit application number.
- A fee will be charged for each additional request.
