

I am thrilled to be offered an opportunity to share my passion for the game of football with the students of Rancho Mirage High School under the guidance of Coach Matthews.

Born and raised in Annapolis, Maryland I shared a love for the game with my father, a former Navy quarterback himself and my younger brother Jim, an offensive lineman at Penn State University.

After graduating from Severna Park High School in 2020, I came to California to play quarterback at College of the Desert.

I look forward to the opportunity to develop my passion for coaching and the endeavor to reach our full potential. Go Rattlers!
