

SAFETY PROGRAM

The Board of School Trustees of the Lafayette School Corporation is committed to providing and maintaining a safe, secure, and supportive environment for all students, employees, and visitors across all district facilities. To uphold this commitment, the Board authorizes and directs the Superintendent of Schools to appoint a School Safety Specialist who holds current certification as required by the State of Indiana.

The appointed School Safety Specialist shall be responsible for implementing, monitoring, and administering safety and security policies and procedures as formally adopted by the Board of School Trustees. In carrying out these duties, the School Safety Specialist shall chair a district-wide Safety Committee comprised of representatives from both certified and non-certified staff as well as local law enforcement.

The purpose of the Safety Committee shall be to regularly review existing safety protocols, assess emerging safety needs, and recommend appropriate updates or new procedures. All recommendations made by the committee shall be submitted to the Superintendent for consideration, who shall act on behalf of the Board of School Trustees in matters concerning school safety.

This policy reflects the Board's commitment to ensuring a learning and working environment that values the safety and well-being of all, is aligned with best practices, and adheres to applicable state and federal mandates.

Board Adopted: February 11, 1980

Board Revised: July 12, 2004;
