

Request for Proposal 26005
Trash Can Liners
Addendum 1
September 9, 2025

<i>QUESTIONS</i>

1. For both sizes listed, there are 2 options. Each size is the same TPS stock #, but they're different gauges.
Answer: One liner will be selected for each size. Please include your options along with corresponding samples in your submission.
2. The high-density gauge is not the equivalent of the low-density gauge, so I want to be sure we're quoting accurately.
Answer: Quote the options you have available along with sending the corresponding samples for consideration.
3. The large bags have always been packaged 200 bags/case, but this RFP is asking for 250 bags. And 30x36 7 micron bags are usually packaged 500 bags/case. Are you changing the specs for these items, or was this a misprint?
Answer: All options will be considered.
4. Based on previous ordering history, approximately how often are the trash liners ordered (weekly, bi-weekly, monthly, other) and what is an approximate case order?
Answer: As Needed – historically every 3-4 months.
5. Can we call FedEx at our expense and pick up a sample of each plastic liner? If yes, can you provide us with the address where FedEx should go, a contact name, phone number & email address, and times that FedEx can come.
Answer: No
6. Regarding RFP #26005 TRASH CAN LINERS, can you please clarify whether the volume amounts outlined in Section 5 represent a one-time purchase of the total quantities needed for the term, or if product will be continuously ordered in smaller amounts throughout the school year?
Answer: We order smaller quantities throughout the school year.
7. Will this be awarded line by line or all or nothing?
Answer: Line by Line

8. Do you accept minimum orders?

Answer: Yes, please list on your submission.

9. Is 1-14 days acceptable lead time ARO?

Answer: Yes
