Dear Wyoming Primary Families,

It's hard to believe we're already three weeks into the school year! These first few weeks have been full of energy and excitement as students settle into routines, build friendships, and begin discovering all the new learning ahead of them. This fall, we've been using a few short assessments to give us a clearer picture of each child's strengths and where they may need extra support. Think of these as "check-ins" that help teachers tailor instruction so every student can grow and feel successful. You'll see your child's results included with their first-trimester report card on October 23.

As we move through the fall months, you may notice that we will not hold a formal remembrance event on September 11th. This is a significant date in our nation's history, but because of the complexity of the events and the sensitive nature of the tragedy, it can be difficult for younger children to fully understand in age-appropriate ways.

Instead, we will focus on Veterans Day in November as our time to honor service and sacrifice. Many of our students have family members, neighbors, or community friends who are veterans, which makes it easier for them to build meaningful and personal connections. Through our Veterans Day celebration, students learn the importance of courage, service, and gratitude in a way that is both developmentally appropriate and directly tied to people they know and love.

We really appreciate the way you help your children learn about history, respect, and gratitude at home. The support you give them each day makes such a difference. We can't wait to celebrate

Veterans Day together in November and keep working side by side to help your child grow and thrive.

Warmly,

Jenn Earhart  
WPS Principal
