

**The Town of Southampton Invitation For Bids (IFB):** invites sealed Bids for the Historic Southampton Town Hall Masonry and Stairs Restoration Project Phase I. The project includes the furnishing of all labor, equipment and materials required to masonry restoration, and removal of the concrete ramp to preserve and restore the building's exterior historic appearance and determine existing conditions of the historic stairs beneath the ramp. This project is being funded by the U.S. National Parks Service (NPS), Paul Bruhn Historic Revitalization Grant. The project has received categorical exclusion from further NEPA analysis and has also gone through the Section 106 process and is approved to go forward with physical work. Please note that masonry cleaning should be completed with a water pressure of no more than 200 psi.

Contract documents, including specifications, may be obtained electronically beginning August 6, 2025, at 9:00 AM by contacting Bradley Okscin ([bokscin@townofsouthampton.org](mailto:bokscin@townofsouthampton.org)) at the Town of Southampton.
