NOTEWORTHY OPPORTUNITIES AT CSN

- **CSN Scholars Program** enables students to specialize in one of four areas: Creative, Human Performance, Global, and STEM. Students who successfully complete all requirements of this program receive special designation on their transcripts.
- **AP Capstone Diploma Program** is a rigorous program designed to equip students with critical thinking, research, and communication skills, and involves taking AP Seminar and AP Research as well as four additional AP Exams of their choosing.
- **Junior Experience** is a two-week program at the end of junior year. During this time, students complete an outdoor education trip, where they hone skills of leadership, compassion, and self-reliance. Students also participate in Career Bound (job shadowing in a student's possible profession) and College Bound (a workshop focusing on the Common App, college essay, and one-on-one meetings with a College Counselor).
- **The Juliet Collier Sproul Center for Community & Global Impact** seeks to create transformational opportunities for students to contribute meaningfully to the community, the environment, and the world beyond through purposeful acts of service.
- **Cum Laude Society & Honor Societies:** honor students scholastic achievement. The top 20% of the senior class is inducted into The Cum Laude Society. Students have the opportunity to be invited to academic honor societies (12) in their junior and/or senior year.
