PLAY CLUB

ARE YOU INTERESTED IN GIVING
YOUR CHILD MORE OPPORTUNITIES
FOR OLD FASHIONED FREE PLAY?
LIKE WHEN YOU WERE A KID?
STAY AFTER SCHOOL AND LET
YOUR KIDS PARTICIPATE IN
MIXED AGE, UNSTRUCTURED
FUN. ADULTS WILL SIT BACK
(PURPOSEFULLY) AND LET THE
MAGIC OF PLAY HAPPEN.

BENEFITS OF FREE PLAY

- Kids learn social skills, focus, communication, and imagination by organizing their own games and activities.
- They learn to control themselves to keep the game going—the foundation of “executive function.”
- When kids run around, they run around. They actually get more physical exercise than in organized sports.
- They learn how to deal with and solve problems without always needing an adult.
- They practice assessing and managing risk, which builds bravery and reduces anxiety (and makes them less likely to be injured than when playing in organized sports!)
