

Finding AR Eligible Books in the Sacramento Public Library Catalog

The Sacramento Public Library Catalog has 3 AR search filters that makes finding AR eligible books easy. You can use them to narrow titles by AR Reading Level, Point Value or Interest Level.

Filter	Values
AR Reading Level	0.1 - 16
AR Point Value	0.5 - 120
AR Interest Level	LG (Grade: K-3) MG (Grade: 4-8) MG+ (Grade: 6-12) UG (Grade: 9-12)

The screenshot shows the Sacramento Public Library Catalog interface. At the top, the search bar contains the text "dragons are the worst". Below the search bar, there are filters for "Narrow Your Results" including "Added in the Last", "Available Now At", "Fiction / Non-Fiction", "Format", "Language", "Publication Date", "Audience", "Content Source", "Lexile Measure", and "Awards". A magnifying glass highlights the "AR Reading Level", "AR Point Value", and "AR Interest Level" filters. To the right of the filters, there are icons for Books (37), eBook (13), Audio Books (4), and Movies (3). Below these icons, there are buttons for "All Libraries (43)", "Sacramento Public Library (40)", "Available Now (38)", and "Online (9)". The search results are sorted by "Best Match". The first result is "1) Dragons are the worst!" by Willan, Alex. The book is a "Picture Book" and is "On Shelf". The publisher is "Simon & Schuster Books for Young Readers" and the language is "English". The book is available in 1 copy. The book cover shows a green dragon and the title "DRAGONS ARE THE WORST!" by Alex Willan. The book has a 4-star rating.

Finding Available AR Books at your local Sacramento Public Library Branch

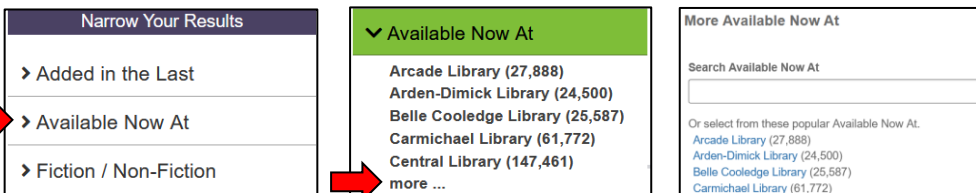

As a Sacramento Public Library member, you can request books from all 28 branches by placing a hold via the catalog. However, depending on a title's location and availability, it may take some time to arrive. Here are 2 ways to check what AR titles are currently available at your local branch. **Method #1**

1 Go to the Sacramento Public Library webpage.
<https://www.saclibrary.org/>

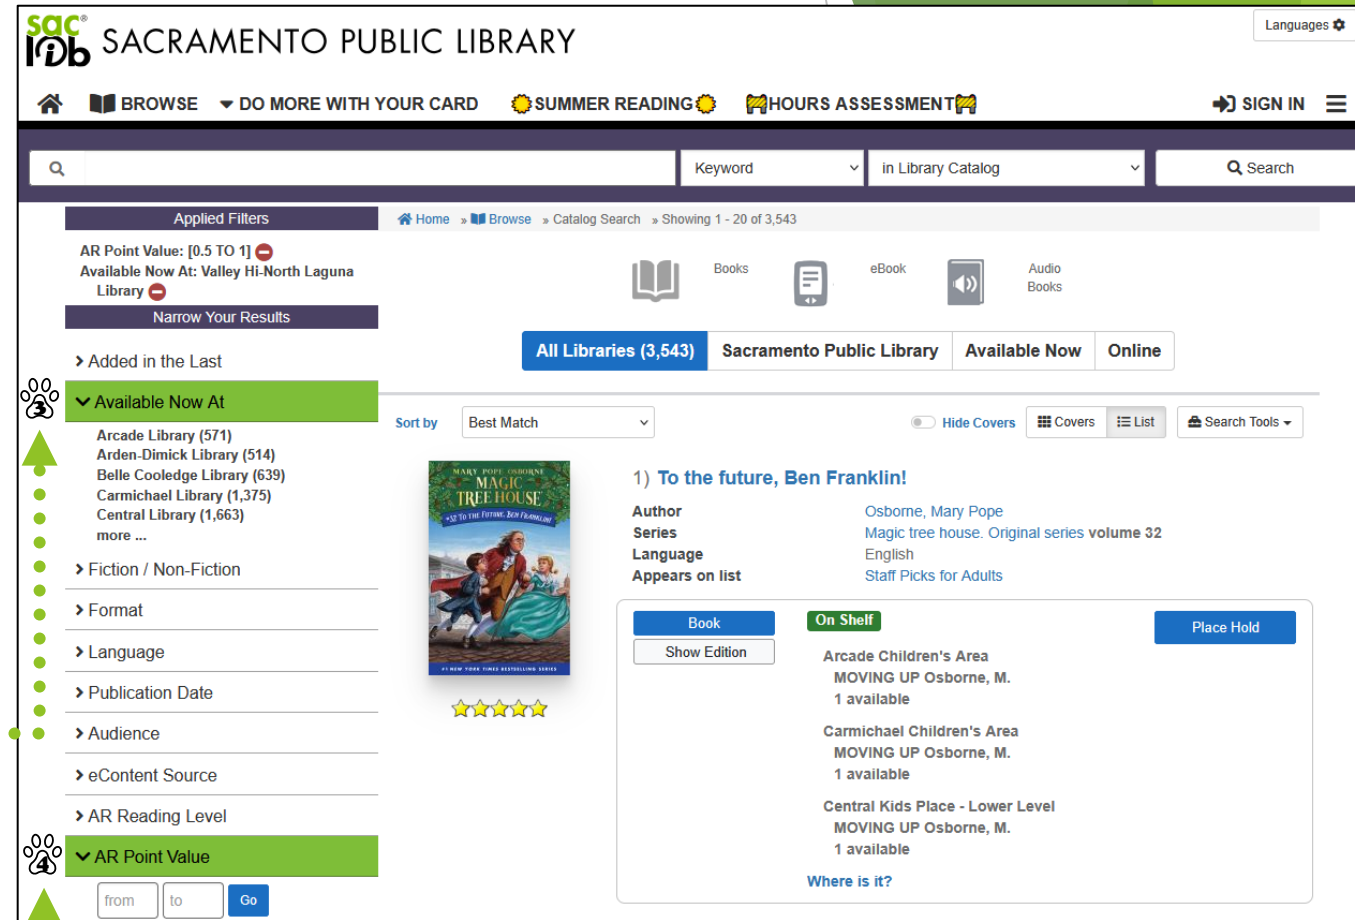

2 In the upper right search box, enter the asterisk(*) symbol and click the green magnify glass icon. This will return the entire library system's **complete** holdings.

3 To see books currently available for check out at your branch, click **Available Now At** in the left navigation menu and select your branch. If your branch does not appear, click 'more' to see an expanded list of all 28 branches.

4 To see available AR eligible books, use one of the 3 AR filters. For example: if your child is a beginner reader, you can narrow the books by **AR Point Value** between 0.5-1pt.

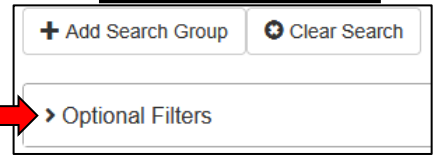

NOTE: For 1/2pts, make sure to start with a leading 0(ex. 0.5). Click the blue Go button to apply AR Point Value or Reading Level filters.

Method #1
