

Longwood Central School District

Capital Projects Update!

March 2025

Ridge Safari Adventure!

Continuing with our Cafe makeovers across the district, the Primary and Intermediate buildings at Ridge Elementary School now feature vibrant safari-themed murals! These captivating designs infuse breakfast and lunchtime with a sense of warmth, adventure, and excitement, creating a lively and welcoming environment for all of our students.

Stay tuned for more updates as these improvements make their way to each of the buildings across the district!

Physical Education and Athletics Updates

Along with the completion of the state-of-the-art Fitness Center at Longwood High School, the district has installed a fully digital scoreboard on the main athletic field, as well as new scoreboards and a shot clock in the main gymnasium.

New Floors

West Middle Island Elementary School is the first of our elementary schools to undergo flooring replacements in both the IC and PC buildings, including classrooms and gymnasiums. These enhancements will provide a safer, more modern learning environment for students and staff. Stay tuned for more updates as these improvements make their way to each of the buildings across the district!
