

# Longwood Central School District Capital Projects Update!

## Our School Cafeterias have a new look!

Exciting changes are happening in our school cafeterias! Our middle school has unveiled a modern new look featuring inspirational quotes, fresh colors, and new tables, creating a vibrant student dining experience. Our elementary schools are being transformed with cosmic and seasonal-themed murals throughout the cafeteria walls. These colorful and inspiring works of art will continue to be completed into the fall, bringing joy and comfort to our youngest learners' dining spaces.

## Welcome Back!

We've been hard at work this summer, completing several exciting capital projects and improvements in preparation for welcoming our students back to school on Tuesday, September 3!

From vibrant elementary school murals to freshly painted walls, new carpeting, enhanced school safety measures, and state-of-the-art classroom technology, these upgrades are ready and waiting to welcome our students. A heartfelt thank you goes out to our entire team for their tireless efforts in preparing our facilities for the 2024-2025 school year!

With the dedication and support of our community, we continue to foster an environment where every student can thrive and reach their full potential.

Together, we're shaping a brighter future for

Every One ... Every Day!

## Campus Branding Expands to District Vehicles

## Summer Renovations Transform Our Schools

Across the district, we have undertaken significant improvements to enhance our classroom and physical education spaces. School gymnasiums have been revitalized with fresh paint on the ceilings and walls, new safety-compliant wall padding, and the gym floors have been sanded and refinished as well! Fencing upgrades have been made throughout the district to strengthen campus security across our schools. Many of our classrooms now have newly installed flooring, creating cleaner and more comfortable learning environments for our students. Stay tuned for future updates as we continue along with our capital improvement projects!
