UNLOCKING POTENTIAL: A VISION FOR SUCCESS ...2

Welcome from the Superintendent, School Board Members and the overarching theme of unlocking potential within the school system

THE KEY TO EFFICIENCY: ADMINISTRATIVE EXCELLENCE AND SUPPORT SERVICES ...4

Focusing on Finance, Professional Development, Technology, and all administrative roles not directly related to instruction

THE KEY TO EFFECTIVE LEARNING: ACADEMIC PROGRAMS AND INSTRUCTION ...7

Teaching methods, curriculum enhancements, and learning innovations

UNLOCKING SUPPORT: STUDENT SERVICES AND WELL-BEING ...10

Counseling, health services, and the network of support systems that aid student development

KEEPERS OF THE KEYS: MAINTENANCE, TRANSPORTATION, AND FACILITIES ...12

Maintenance Department, School facilities, and how transportation systems contribute to student safety and efficiency

THE GOLDEN KEY: ENRICHMENT AND EXTRACURRICULAR ACTIVITIES ...18

Highlighting the role of extracurricular activities in broadening student experiences and development

CELEBRATING ACHIEVEMENTS & LOOKING TO THE FUTURE: AWARDS, PARTNERS, SUCCESS STORIES, AND IMPACT ...26

Featuring notable successes, positive outcomes within the school system, and community partners

Unlocking Potential: A Vision for Success

Vision. Effort. Success. These three words guide every decision we make. Our vision? To be a premiere school district that meets the needs of every child, every day. Our effort? Each day, our employees get our students to school, feed them, care for and educate them. From transportation, technology, to teaching and leading with care, compassion, passion, and empathy, all we do is in the care of the children.

Our success? Test scores, scholarship dollars, college-credits earned are all tangible ways to measure our success, but what is even more telling is seeing the success our students enjoy after graduation.

In this quality report, we reflect on everything it takes to support students from the start of their journey in our Pre-K programs through their graduation at Chalmette High School. This document is a testament to understanding how our public school system has diligently worked to open doors for every student. Through innovative programs and dedicated teaching, we have sought to unlock the unique talents and abilities within each child. Together, we aim to foster an environment where students can thrive, discovering the opportunities that lie beyond each lock waiting to be opened.

We extend our heartfelt gratitude for your support and invite you to explore this booklet as we collectively work to unlock the potential of every child, every day.

School Board

Our 11 school board members are elected to represent the values and views of our community, promote public education, and collaborate with stakeholders in meeting the mission to provide quality instruction to our students in shaping them to become responsible, productive citizens and lifelong learners.

The Key to Efficiency: Administrative Excellence and Support Services

Our strength, defined as "People Power," lies in our dedicated employees, who together enhance the educational experience for all students.

At the heart of our mission is the Human Resources and Staff Development department, committed to recruiting, hiring, and supporting passionate educators. From recruitment to retirement, this department ensures that every educator receives the resources necessary to thrive.

A Debt-Free School System

Our Business and Financial Office exemplifies excellence. With 31 years of accolades from the Government Finance Officers Association (GFOA) and the Association of School Business Officials (ASBO) for Excellence in Financial Reporting, this department manages budgeting, accounting, and resource allocation to ensure transparency and fiscal responsibility while supporting our district's strategic goals.

TEACH St. Bernard program, an innovative alternative certification initiative designed for individuals eager to enter the teaching profession, is integral to our staffing efforts. The program offers hands-on classroom experience, mentorship, and comprehensive training, fostering a dynamic learning environment that positively impacts our students.

There are currently 13 educators enrolled in Teach St. Bernard. We've coordinated with a variety of teacher residency partners, including UNO, Loyola, Nicholls State, Holy Cross, & University of Phoenix.

In today's digital age, technology plays a vital role in education. Our Technology Department creates a secure and efficient digital environment, overseeing cybersecurity and providing comprehensive tech support. With a Chromebook for every student and essential digital tools in every classroom, we foster a tech-savvy learning atmosphere.

15,300 computing devices

Ongoing professional development is vital to our mission. Our staff development supervisor implements training plans that empower educators to reach their goals by enhancing individual growth and strengthening our educational community.

The Key to Effective Learning: Academic Programs and Instruction

Our approach to curriculum development is dynamic and responsive, continually evolving to meet high educational standards and diverse student needs. Innovative teaching strategies and ongoing professional development empower educators to bring creativity and effective methodologies into the classroom.

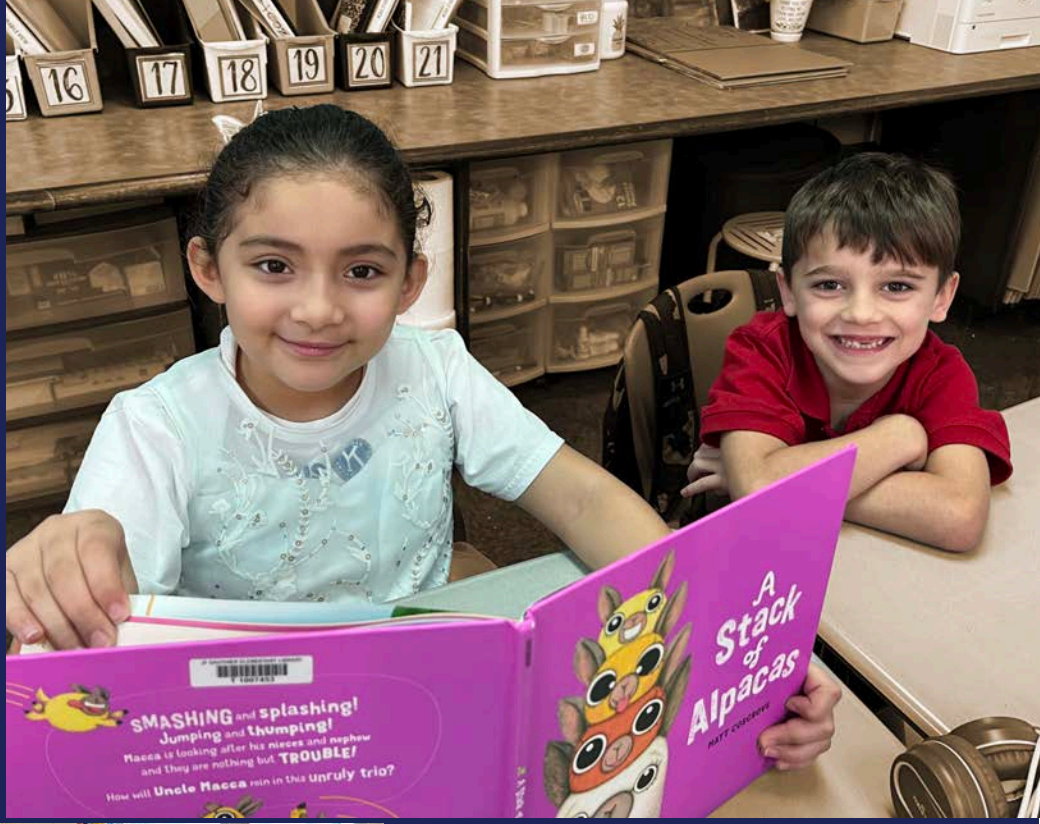

The Curriculum and Instruction Department plays a crucial role in this process. Supervisors work continuously with teachers to ensure that state standards are met and students are thoroughly prepared for Louisiana's annual standardized testing, including the LEAP (Louisiana Educational Assessment Program). This collaborative effort ensures that all instructional practices align with educational benchmarks, equipping students with the skills needed for success.

Literacy and mathematics are cornerstones of our K-12 curriculum, encompassing essential skills for success in a digital age. In literacy, we emphasize reading, writing, speaking, and digital competencies, leveraging student performance metrics and assessments to guide instructional strategies and provide targeted support.

Students use programs like Lexia to reinforce foundational literacy skills, while our math curriculum focuses on a comprehensive approach to developing mathematical abilities across all grade levels. The i-Ready program offers personalized learning pathways that help students master key concepts and build confidence in their math skills.

Our commitment to special education and support services underscores our dedication to inclusivity, providing personalized resources for students with diverse learning needs through individualized education plans (IEPs).

We serve over 1000 exceptional students each year. Our programs include talented art, talented music, speech therapy, occupational therapy, social work services, counseling services, psychological services, adapted physical education, orientation and mobility, braille, assistive technology services, educational services, gifted education, and transportation services.

Our early education establishes a strong foundation for lifelong learning. Through universal pre-kindergarten programs, we prepare our youngest learners for academic success.

Unlocking Support: Student Services and Well-being

We embrace a holistic approach to education, focusing not just on academic excellence, but also on the overall well-being of our students. We prioritize health services, safety, mental wellness, nutrition, and student support.

The Health Service Department provides professional school nurses who promote health and safety by intervening with actual and potential health problems. They specialize in practices that advance the well-being, academic success, and life-long achievement of students.

Chalmette High School, School-Based Health Center
The Health Center is full-service and serves the needs of our high school students, who can access medical and mental health services while in school.

This team includes a medical director, nurse practitioners, registered nurses, social workers, medical assistants, and center coordinators. The center's funding is a collaborative effort of Methodist Health System Foundation and the State of Louisiana's Office of Public Health's Adolescent School Health Program.

C.F. Rowley Alternative School
In 2018, MHSF expanded counseling services to C.F. Rowley Alternative School. This partnership allows for intensive mental health care for our most at-risk students, providing one-on-one therapy. MHSF also offers behavioral mental health services as a bridge for students transitioning back to mainstream and traditional school settings. Licensed counselors work closely with school administration, faculty, staff, and guardians.

Our counseling services provide essential support to students, promoting emotional resilience and tools for working through negative emotions and situations. Integrating mental health resources into the school environment creates a nurturing space where students can thrive both academically and personally.

The Child Welfare and Attendance program ensures that every child has the opportunity to attend school regularly, ensuring success. This program brings families and the community together to eliminate barriers to education, ensuring that every child can access the resources needed to flourish.

School Safety Resource Officers are vital to maintaining a secure atmosphere within our schools. They work diligently to foster positive relationships with students and staff while implementing strategies to prevent and address possible safety issues. Their presence deters potential threats and also reassures students and parents, reinforcing our commitment to a safe educational experience.

Our Nutrition and Food Services department serves healthy, enjoyable meals to students. Participating in the National School Lunch and Breakfast Programs, we provide balanced menus that adhere to USDA guidelines, promoting healthy eating habits essential for academic success.

Together, these departments work synergistically to create a nurturing and safe educational environment where students can grow, learn, and thrive.

Keepers of the Keys: Maintenance, Transportation, and Facilities

The quality of our facilities and transportation speaks volumes about our commitment to unlocking the potential of every student. A safe, well-maintained environment is fundamental to fostering educational success, and we take pride in our comprehensive approach to maintenance and operations. Our Maintenance Department preserves the learning environment across our 12 schools and numerous facilities, managing over two million square feet of indoor space. Thanks to them, classrooms, libraries, gymnasiums, and administrative offices are safe, functional, and comfortable. From routine inspections and repairs to emergency response, their meticulous efforts reinforce a sense of pride and community within our schools.

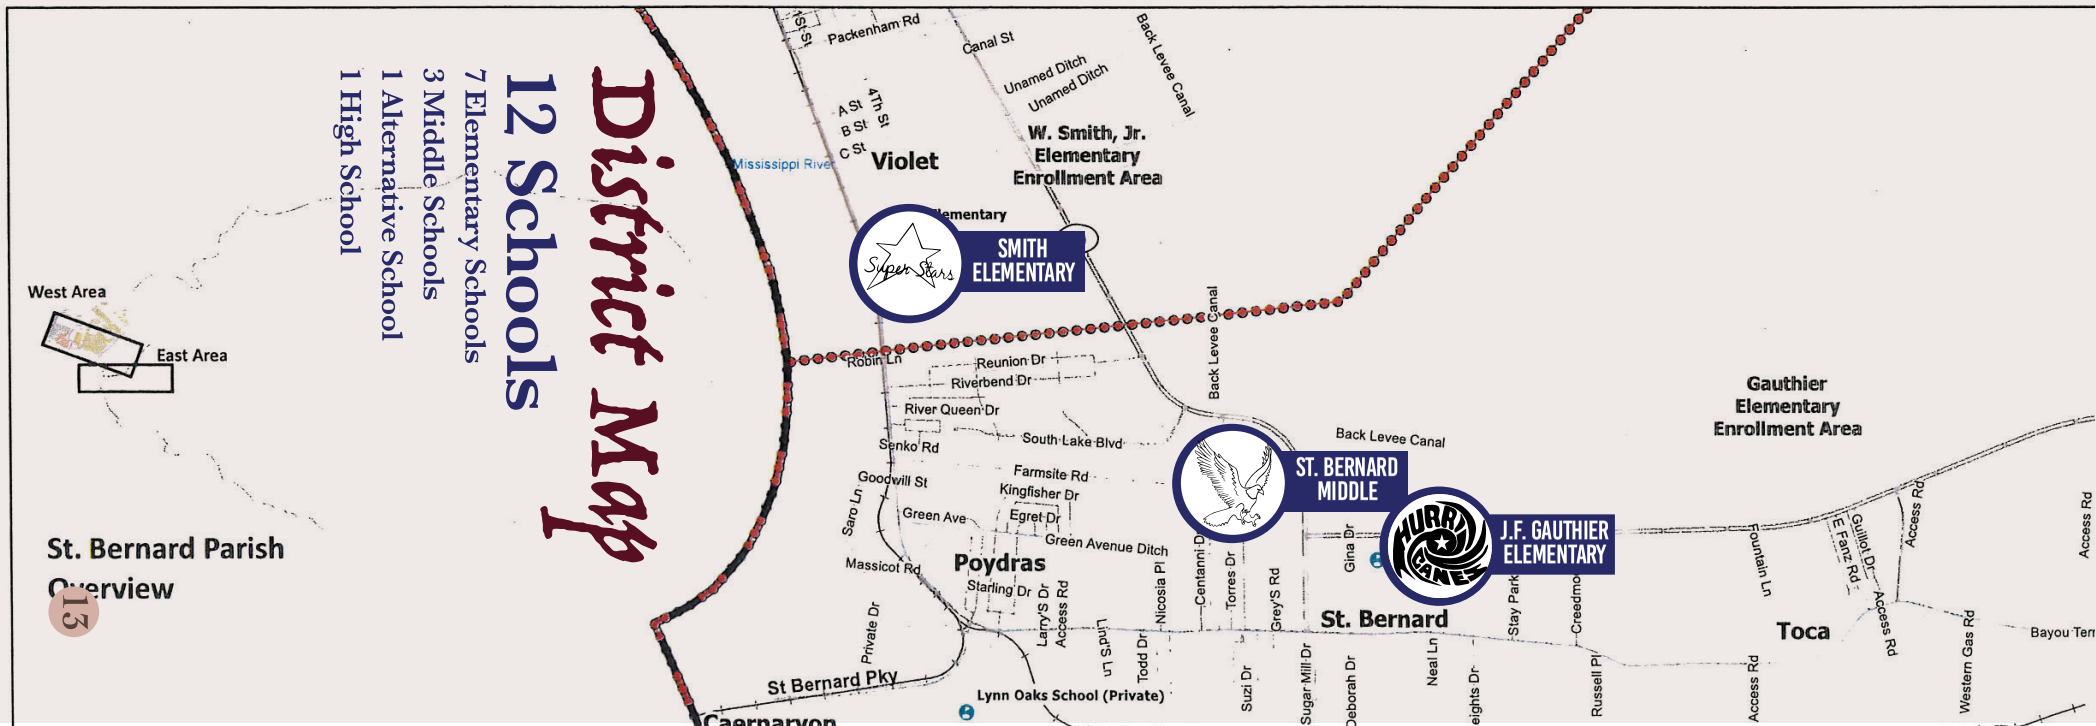

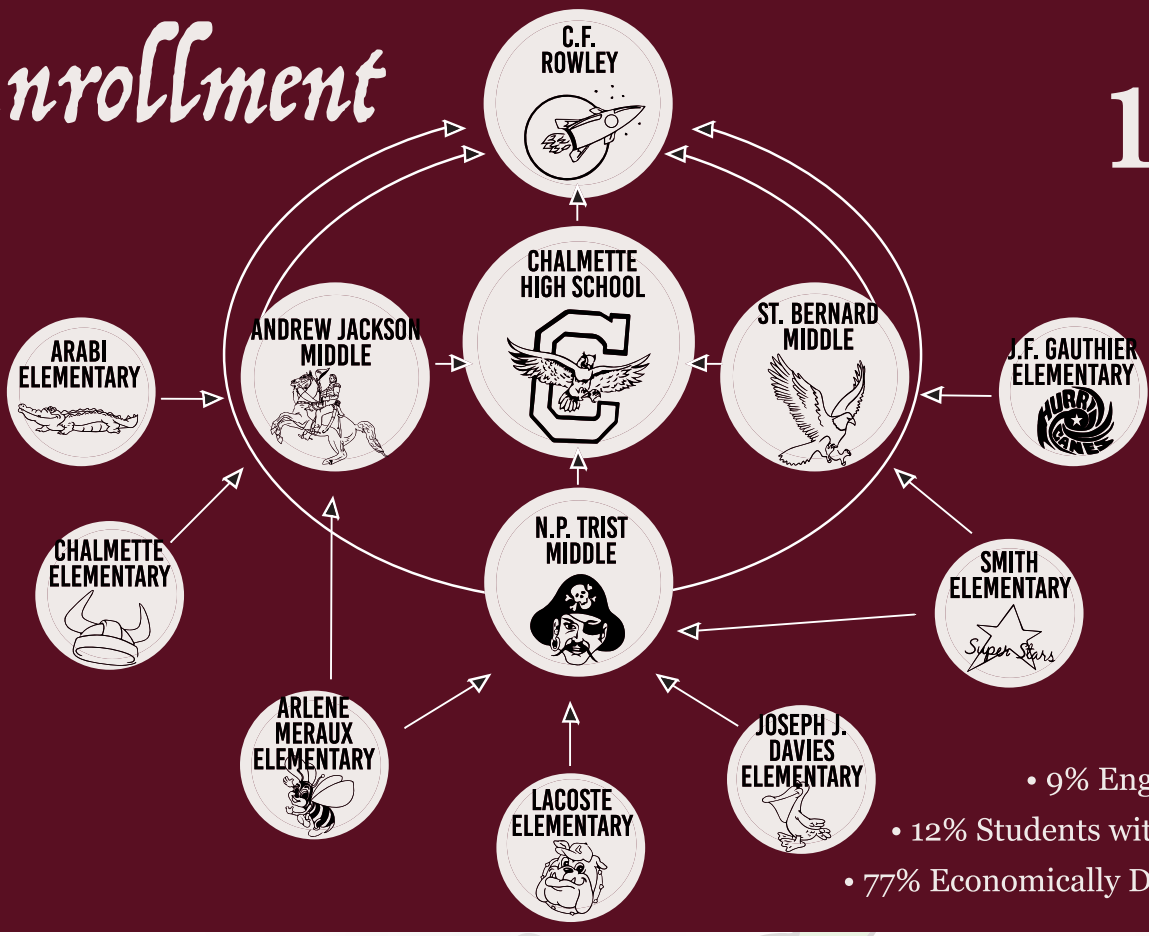

Our Transportation Department prioritizes the safety and reliability of student travel. With a fleet that ranks among the cleanest and highest-performing in the area, our trained bus drivers adhere to strict safety protocols and undergo regular checks to ensure punctuality and security. Our My Ride K-12 mobile app provides parents and students real-time access to bus stop locations, routes, and pickup times. This innovation reduces wait times and keeps families informed, allowing for a seamless transportation experience.

The Key to Enrichment: Athletics, Arts, & Extracurricular Activities

We believe that education extends beyond the classroom, embodying a holistic approach that nurtures academic, athletic, and artistic excellence. This comprehensive framework allows students to unlock their potential, explore their passions, and ensure that they feel a sense of belonging in school.

Our robust athletics program emphasizes character development through sports, teaching core values such as discipline, teamwork, and perseverance. With exceptional facilities—including gyms, fields, a wrestling arena, and a competitive swimming pool—our athletes excel in their pursuits while fostering camaraderie and school spirit.

Our music programs lay the foundation for creative expression, offering students the chance to develop their talents through vocal and instrumental training. In the performing arts, students engage in theater and dance, bringing stories to life and honing their skills in collaboration and performance.

Partnerships with organizations like Goat in the Road and Ag Magic provide unique, creative learning experiences, while our STEAM Camp at Maumus fosters innovation and critical thinking through hands-on projects. We recognize the importance of academic rigor alongside creative pursuits. Our Career and Technical Education (CTE) and dual enrollment pathways empower students to gain practical skills and college credits, preparing them for future success in college and career pursuits.

Summer Enrichment Program

The Summer Enrichment Program offers additional opportunities for creative exploration for both visual and musical artists, ensuring interested students continue to grow outside the traditional school year. Communication plays a vital role in our district. Initiatives like PEN-TV, our website, and social media channels keep families informed and engaged with school events and achievements.

Visual Arts

News Crew & PEN-Tv

We have over 500 students in Dual Enrollment courses. 150 students are traveling to Nunez to attend courses in Nursing Assistant, Phlebotomy, EKG, Care and Development of Young Children, Welding, Electrical, Instrumentation, and Air Conditioning. Additionally, 27 students are working toward academic and technical associate degrees.

CTE & Dual Enrollment

Extracurricular activities enrich our students' learning experiences. Immersive experiences like the Battle of New Orleans Reenactment and the Los Islenos Heritage Festival foster an appreciation for our history and heritage. Clubs such as the Beta Club, 4-H, K-Kids, Builder's Club, and Key Club encourage leadership, community service, and personal growth, allowing students to contribute meaningfully to our parish.

Performing Arts Academy

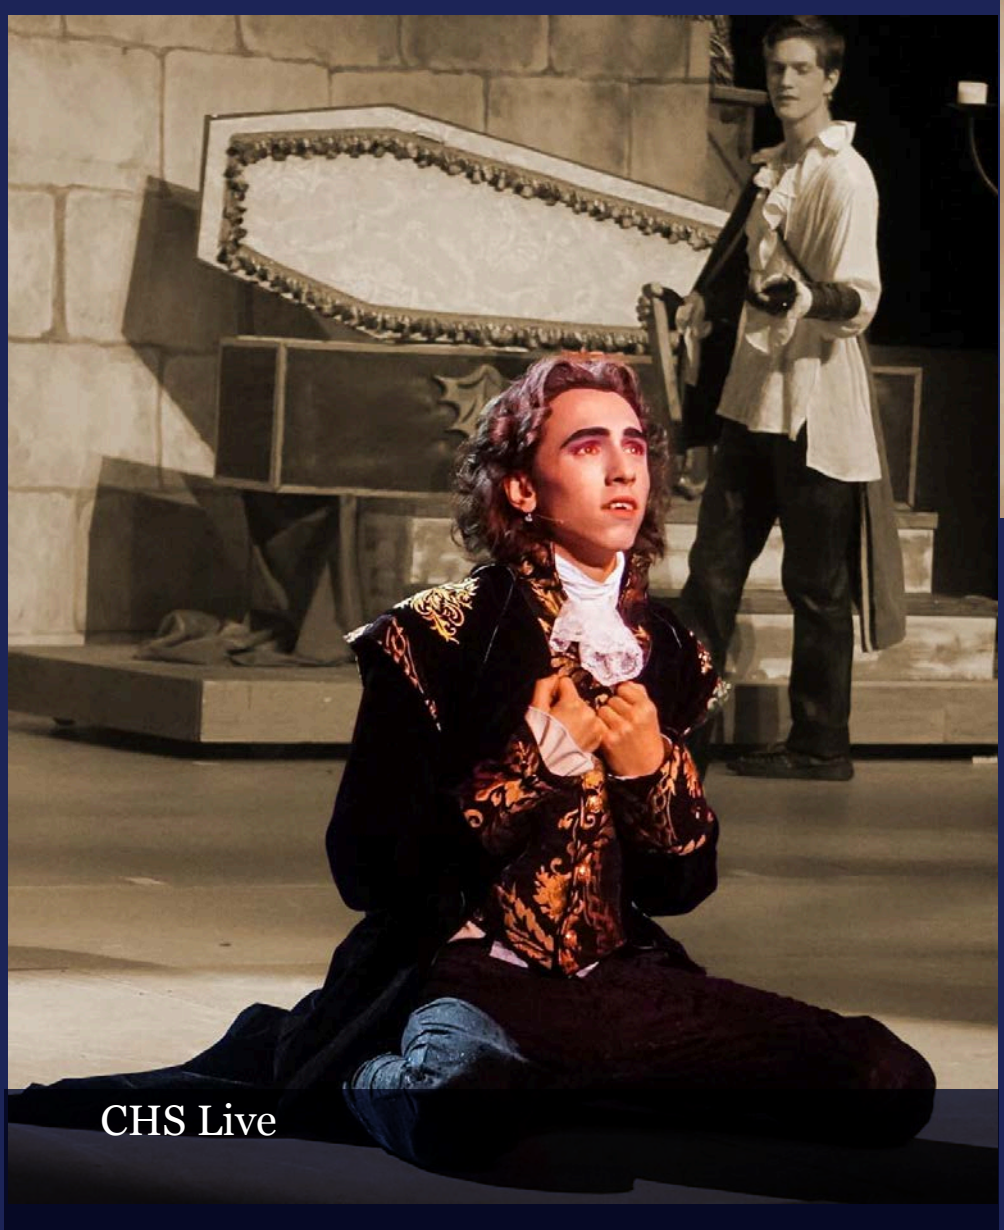

24 CHS Charmers

The Chalmette High School Cultural Arts Center is a cornerstone of the School System, dedicated to showcasing student talent through performing arts programs. From the CHS Charmers to the Performing Arts Academy, the space provides opportunities for artistic expression and growth. Each year, dozens of events showcase the talent of our elementary schools, middle schools, and high school, creating a collaborative environment that fosters creativity and confidence. Our dedicated tech crew, comprised of high school students trained in theatre, lighting, and tech direction, plays a crucial role by building props and managing backstage operations for each show. This commitment to the arts not only enriches the educational experience but also strengthens community ties, as audiences celebrate the achievements of our young artists. By ensuring that every student has the chance to shine on stage, the Cultural Arts Center nurtures the next generation of performers and enriches the cultural landscape of St. Bernard Parish.

Celebrating Achievements and Looking Toward the Future: Awards, Success Stories, and Impact

Every year our school system experiences a remarkable journey of achievement, showcasing the exceptional talents and dedication of our students and staff. We have consistently proven that we can shine on the big stage at local, state, regional, and national levels. The trophies, scholarships, ribbons, certifications, and awards collected throughout the year are not just accolades; they symbolize the hard work and perseverance of everyone involved in our educational community.

Our students have distinguished themselves through various prestigious programs, such as the Posse Foundation and National Merit Scholarships, which have opened doors to some of the finest institutions in the country. The Meraux Scholars program continues to foster academic excellence and leadership among our youth, and our myriad of Chalmette High scholarships highlights the numerous opportunities available for our graduates to further their education.

National Merit

Alex Jorns and Kenny Quach were recognized as National Merit Semifinalists, while Peyton Scheeler was named a Commended Student.

Meraux Scholars

The recipients of the annual Meraux Scholars program represent an array of talent and academic prowess. The charity awards 60 scholarships each year: 50 for academic achievement, four for artistic accomplishment, and six for Career Technical Education (CTE).

AFJROTC

Academic Games

Highlights from the National tournament included top ten finishes for each of the teams that competed. The Senior Division team finished 2nd in Sweepstakes and 1st in Equations, Junior Division's Connor Dewey finished 2nd in On-sets, and the Middle Division teams placed 6th and 8th in Presidents and On-sets, respectively. Jack McMullin earned 1st place in Propaganda in the Elementary Division. Grace Dewey also excelled at nationals, earning a perfect score in Equations in the Elementary Division.

Beta

NP Trist placed in the top five in three categories: Briley Blackwell for 6th grade ELA, Jack McMullin for 6th grade Math, and the overall champion robotics team consisting of Caden Bryan, Colton Bourgeois, Ramy Dali, Preston Senez, Wyatt Scully, and Bryce Watson.

Special Olympics

Each year, students showcase their athletic abilities at the Special Olympics, demonstrating sportsmanship and teamwork. We are immensely proud of our students' accomplishments, which reflect the ongoing commitment to excellence in education and community support. Together, we look forward to nurturing future successes.

Chalmette High Seniors Liv Peters and Gabrielle Landry signed with Nicholls State University to play volleyball, while Terrin Coffil was Chalmette High Girls' Basketball's First Ever Division 1 Signee signed to South Alabama. Aniya Harris signed with Southeastern Louisiana University for softball.

CHS Athletes Ethan Couvillon, Gabrielle Landry, Tyshae Brady, and Jaden Butler were inducted into the St. Bernard Sports Hall of Fame

Charmers won 1st place in National High Kick and 3rd in Pom at their recent competition. Additionally, the Fighting Owl Band and Charmers earned an overall superior rating at the LMEA Marching Festival.

Under instructor Elena Hodges, Chalmette High's ProStart team won first place at the Louisiana ProStart Invitational for the third consecutive year and headed to Nationals in Baltimore. The Culinary Team also performed well, securing second place in the state with impressive dishes.

The annual Reading Association Banquet not only celebrates literacy but also reinforces the importance of reading as a cornerstone of academic success.

Revisiting the Owl Writing Lab

Chalmette High School's O.W.L. Writing Lab, established by LDOE's 2023 Public Interest Fellow Justin Templet with a $50,000 grant, has served 136 students in its first year, providing essential writing support and fostering a collaborative learning environment. The lab aims to enhance literacy and empower students as they navigate academic and personal challenges.

Our recent Cognia accreditation and recognition as a school system of distinction reaffirms our commitment to educational excellence, ensuring that we remain focused on continuous improvement. This honor places the district among 49 schools and 11 systems worldwide acknowledged for outstanding educational standards, highlighting its dedication to providing equitable and engaging learning environments for all students.

United Way donated school supplies to Arlene Meraux Elementary

Valero Refinery donated $40,000 to Special Olympics

MS Rau donated art supplies to the Art Department at Chalmette High School

PBF Energy Chalmette Refining donated school supplies to Chalmette Elementary

The St. Bernard Parish Public School System continues to nurture its strong relationships with community partners, businesses, and other agencies. These partners share time and resources, so the district is able to provide many of our academic, enrichment, and recognition programs. The support of our community partners has been invaluable, creating a network that enriches our educational offerings and fosters lifelong connections.

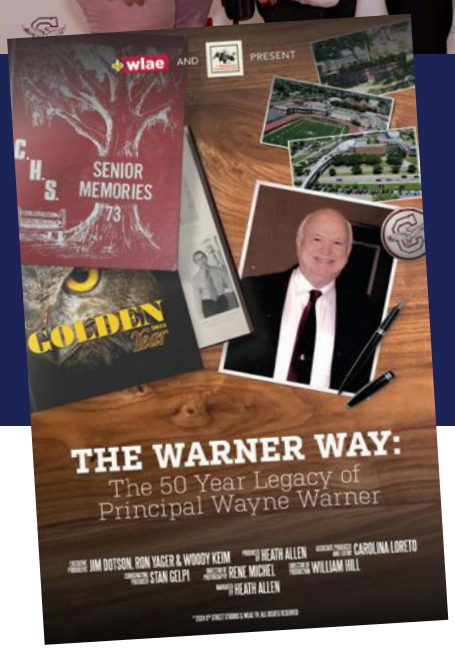

The Meraux Foundation donated $142,592 to Chalmette High School for the purchase of beautiful new band uniforms.

The Warner Way:
The 50 Year Legacy of Principal Wayne Warner

The recent airing of the documentary "The Warner Way: The 50 Year Legacy of Principal Wayne Warner," created by WLAE, celebrates the impactful career of Principal Wayne Warner, who has dedicated five decades to shaping education and empowering students at Chalmette High School.

The film highlights Warner's innovative leadership and commitment to excellence, showcasing testimonials from former students, faculty, and community members who credit him with transforming their educational experiences. We love the documentary for its poignant storytelling and for capturing the enduring legacy of a figure who has significantly influenced the lives of so many in our community. Thank you, Mr. Warner.

Closing

As we reflect on these successes, we also look toward the future with optimism. Our aspirations are anchored in the belief that every student and employee is an ambassador for our school community. We remain dedicated to providing the tools and resources necessary for our students to thrive, whether they are competing nationally in various fields or making meaningful contributions to their communities. Together, we will continue to celebrate our achievements while nurturing the next generation of leaders, scholars, and change-makers in St. Bernard Parish. That is how we unlock the potential of every child, every day.

Goals

1. Teaching, Learning, and assessment that assure student achievement

2. Effective and certified employees through ongoing recruitment and professional development

3. Responsible finances and support services which enhance teaching and learning environments which are safe and secure

4. Imaging: Positive impressions of our public schools

2024-2025

ST. BERNARD PARISH SCHOOL BOARD

A commitment to quality education and the support of our community are the keys to unlocking the potential of our students, so each child can lead with purpose and passion.
