Mission Statement: The Advanced Math and Science Academy Charter School will create an atmosphere of celebration of knowledge where children of all backgrounds and abilities excel in all subjects, especially in math, science, and technology, empowering them to succeed in the workplace of our modern high-tech world.			

Key Design Elements (with parenthetical citations to pages from the charter application or charter amendment): 1. Celebration of Knowledge and Inspire an Appreciation of Learning (p. 20 charter) 2. Highly structured educational model, which is logically organized and interconnected with multi-year courses (Executive Summary) in which teachers introduce and build upon fundamental concepts and theories in math, science, computer science, and the humanities, preparing students for college and life after AMSA. (p. 4, 5 charter) 3. Cultivate a generation of leaders (and collaborators) who are challenged at the maximum of their ability and current intellectual preparedness with the goal of further advancing this “maximum” level. (p.24 charter)
