2025 PROFILE

THE COMMUNITY

The Lewisville Independent School District (LISD) is an urban/suburban district and encompasses more than 64 campuses. LISD is one of the top 20 largest school districts in the state of Texas with a current enrollment of over 47,000 students. Flower Mound High School is located about 35 minutes north of downtown Dallas between Lake Lewisville and Lake Grapevine. In Lewisville ISD, our promise to our students, staff, parents, and communities we serve is simple – all students are confident, equipped with the knowledge and skills to thrive and adapt for their future.

THE HIGH SCHOOL

Flower Mound High School opened its doors in August 1999, welcoming its first students in grades 9 and 10. The campus continued to grow rapidly, adding 11th grade in the 2000–2001 school year and graduating its inaugural senior class in 2001–2002.

As the community expanded, so did the need for additional facilities. In 2014–2015, the Flower Mound High School 9th Grade Campus was established. Today, Flower Mound High School serves a total of 3,395 students across both campuses, including 2,553 in grades 10–12 and 842 freshmen.

FOUNDATION HIGH SCHOOL PLAN

Texas House Bill 5 established a graduation plan that allows students to pursue their interests among five different endorsement areas of study. Students can earn the higher performance category of Distinguished Level of Achievement. Additionally, Performance Acknowledgments highlight students' outstanding achievements.

School Year:

LISD high schools operate on an accelerated block schedule. The academic year is divided into two terms—August through December and January through May—with each term further divided into two quarters. Students earn one-half credit per class each quarter, allowing them to complete up to four credits per term and eight credits per year. The school day consists of four class periods, each 92 minutes, meeting five days per week.
