

LIVE E-Learning Schedule

There are two kinds of e-learning days: Traditional and Live. Traditional e-learning days allow students to work at their own time and pace while the instruction that occurs during live e-learning days happens in real-time.

By law, Indiana schools can use three traditional e-learning days per year. If it is necessary for Avon Schools to implement a live e-learning day, the school corporation will notify parents and guardians via ParentSquare. On live e-learning days, each grade level band will follow a planned schedule for instruction. Students will log in to learn in real time with their teachers and classmates.

Preschool

Community preschool does not meet on traditional or live e-learning days. Developmental preschool does meet on traditional or live e-learning days.
