> What does the year to year comparison above represent?**11**

- The table shows results for each year the MCA was given in the subjects applicable to that grade. When no score is available, a description of why is included.
- The four MCA performance levels, also referred to as achievement levels, include Does Not Meet, Partially Meets, Meets, and Exceeds the Standards.
- The performance level reported for a grade relates to the Minnesota Academic Standards tested in that particular grade only. When looking at results across grades, keep in mind academic standards change from grade to grade.
- Students who achieve the Meets or Exceeds the Standards performance levels are demonstrating the knowledge, skills and abilities expected for their grade level, as described in the academic standards.

> What is the Individual Student Report (ISR) about?

- This ISR provides your student's results on the Minnesota statewide assessments taken in the spring of 2025 to measure student learning of the Minnesota Academic Standards.
- This ISR includes your student's overall score and performance level in each subject tested and the average scores for students at your school, your district, and at the state level.
- If you have questions about the results, we encourage you to contact your student's school.

> Who takes these assessments and why?

The Minnesota statewide assessments are taken by all public students in grades 3-8 and 11 in mathematics, in grades 3-8 and 10 in reading, and in grades 5, 8, and once in high school in science.

> How should parents/guardians use these results?

- State test results are a snapshot of student learning from one day, and they are one data point among many that schools use when measuring classroom teaching and learning.
- Teachers use other assessments on a regular basis, such as quizzes, mid-terms, chapter tests, and final exams, to capture how well students are learning concepts taught in the classroom. Teachers look for areas students do well so they can reinforce how those skills are taught, and for areas that need improvement so they can individualize instruction.
- To be an advocate for your student, keep track of their academic progress and communicate regularly with their teachers.

> Where can parents/guardians find more information?

- [MDE Students and Families Statewide Testing page](#) under Assessment Results (education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing)

> How can I request my student's results in a translated language or an alternative format?**12**

This ISR report format may also be made available in another translated language or an alternative format, such as large print, braille, or as an audio file.
