

You are Invited: The Future of Education

September 8, 2025

Dear POB School Community,

As part of our commitment to provide shared learning experiences for the POB School Community, we are thrilled to invite families and community members to an relevant evening with Dr. Bill Daggett, an internationally recognized thought leader on the future of education. Wednesday, September 17th at POBMS, 7 P.M..

Dr. Daggett has advised thousands of school districts, Fortune 500 companies, and policymakers on how to prepare today’s students for tomorrow’s world. With the rapid growth of artificial intelligence and ever-changing job markets, the way we “do school” must be responsive, innovative, and forward-looking. Dr. Daggett will share important data and insights on where we should focus our efforts to ensure our students are best prepared for post-graduation life.

This event is made possible through our partnership with POB PTA Council, reflecting our shared dedication to bringing world-class learning opportunities to our community.

Join us for this conversation on how we can work together to ensure our students are prepared not just for graduation but for life. Please use [this link below to RSVP](#).

Sincerely,  
Dr. Mary O'Meara  
Superintendent of Schools
