Lynch Hill Enterprise Academy
ASPIRE ACHIEVE SUCCEED

Mr Chris Thomas BSc
Headteacher

RE: Reading Plus.

Lynch Hill enterprise Academy is using the Reading Plus program to help our students become confident and capable readers. Reading Plus helps students develop the skills they need to be proficient readers and lifelong learners. Through regular Reading Plus practise, reading will become easier, comprehension will increase, and your child will make meaningful connections between reading and learning. To learn more about Reading Plus, visit www.readingplus.com.

All students are allocated one curriculum lesson each week to complete their target of either four or two see-reader lessons, with an 80% pass rate and one vocabulary set each week. If these are not complete, it is expected that they will complete them at home or in the school library.

Students can complete Reading Plus assignments outside of school on a computer or tablet with Internet access. Assignments in each component can be completed in any order, but please remind your student that reading lessons (SeeReader) are the most important assignments. The program will keep track of assignments completed each week as well as your student's progress toward the overall lesson goals.

On the benchmark test, students that achieve a reading skill level at or above their chronological age will be assigned two reading assignments a week and those who need to commit more time to developing their reading skill will be allocated four assignments a week. Once weekly assignments are completed, reading plus lesson time can be used for personal reading.

How to Log In:

Step 1: Go to login.readingplus.com.

Step 2: Press the Student Login button.

Step 3: Enter Site Code: rplynchhil

Step 4: Enter your child's username and password.

How to Check Your Child's Work:
