

Madison Middle School – High School Visits & Program Information

Dear Families,

We are excited to share information about upcoming high school visits at Madison Middle School. Representatives from several schools will be visiting to give students the opportunity to learn more about the programs available to them. All visits will take place in the Auditorium and all students will attend.

High School Visit Schedule:

Monday, 9/29 – Regional Center for the Arts (11:30–12:00 during ELB)

Monday, 9/29 – Agriscience, Fairchild Wheeler, & Bridgeport Military Academy (1:00–2:00, Period 6 and beginning of 7)

Wednesday, 10/1 – Bullard Havens & Emmett O'Brien (presenting together) (11:30–12:00 during ELB)

Friday, 10/17 – Aquaculture (11:30–12:00 during ELB)

These presentations provide an overview of the programs, but it is the family's responsibility to obtain detailed information directly from the schools. Open house information for each school and for private school options can typically be found on the schools websites.

It is also the family's responsibility to attend open houses and complete applications if you are interested in these programs or private schools. Students will provide their teachers with recommendation request forms and the school will send those directly to the appropriate high schools along with records release forms. For Aquaculture and Agriscience we will send all applications on behalf of the students. For technical high schools, private high schools, Fairchild Wheeler and RCA we will send only the records and recommendations. Please be sure to check each program's application deadlines.

If you have any questions, please don't hesitate to reach out jnappi@trumbullps.org.

Thank you,
Jordyn Nappi
8th Grade School Counselor
