

DOES YOUR CHILD HAVE POSSIBLE HEARING LOSS?

DO THEY:

- Listen to the TV or music at a higher volume than others?
- Not hear what is going on if there is background noise?
- Not pay attention to conversations?
- Not respond when someone calls their name?
- Not follow directions or simple commands?
- Get easily frustrated?
- Have unclear speech?
- Have difficulties with reading and learning?
- Often need you to repeat what you say?
- Have academic, behavioral or social difficulties at school?
