Career and Technical Student Organizations are integral, co-curricular components of the Automotive Department at WCA. These organizations enhance classroom instruction while helping students develop leadership abilities, expand workplace-readiness skills, and access opportunities for personal and professional growth. The WCA Automotive Department is in affiliation with SkillsUSA.

AUTOMOTIVE TECHNOLOGY FOUNDATIONS

...is designed to equip students with basic knowledge and skills regarding safety, engine repair, automatic transmissions, and manual drive trains. Standards are designed to equip students to diagnose and repair engine performance related systems.

AUTOMOTIVE ENGINE REPAIR AND PERFORMANCE I

...is designed to equip students with foundational knowledge and skills regarding safety, engines, and engine performance. Content standards are written to meet Automotive Service Excellence (ASE) Education Foundation requirements.

AUTOMOTIVE BRAKE, SUSPENSION, & STEERING REPAIR I

...is designed to equip students with foundational knowledge and skills regarding automotive suspension, steering, and brake systems. Content standards align with ASE.

SkillsUSA's vision is to produce the most highly skilled workforce in the world, providing every member the opportunity for career success. The success of SkillsUSA's mission depends on the commitment of our staff and stakeholders to the following values:
Integrity~ Respect ~ Responsibility ~ Community~ Service
