

Brookline School District Facilities Committee

Attendees: Gina Bergskaug, Brian Rater, Daniel Koenig, Dan Molinari, Lance Finamore, Lance Flamino, Tracy Perry

Introduction

- Properties, and pieced together
- History of the other districts

Charter Discussion

- Town wide and SAU wide committee input
- Energy matters in school
- How we can improve the building in regards to enrollment
- Greg, energy board for Brookline, possible interest to serve on committee
- Wondering if we do look at physical footprint, as well as energy efficiency
- Contingency planning for enrollment issues
- Not going to ignore it, but keep it in mind
- Discussion about public outreach, and how we can do better
- Each addition we construct, individual systems come with that, going forward, making it a more centralized design

Capital Improvement Plan Discussion

- How can we fix the current issues at RMMS, what are the other options?
 - o Build new to CSDA or additions to RMMS?
- Further Discussion
 - o How do we get to new additions or new buildings
 - o Cost increases over time rather than one large bulk project
 - o More descriptions of each item
 - Capital items
 - Pictures and Descriptions
- Enrollment Update

Next Meeting

October 1st, 4pm
