Community ISD SHAC
September 10th Meeting @ 6 pm
Terry Pope Administration Building
Minutes

Attendance:
Mallory Scott
NaTosha Lee
Amy Smith
April Sawyer

1806- Call to order

1. Introduction of new and old members
2. New legislation affecting health services
    a. SB 12 (regarding parental consent)- Mallory Scott presented the following on SB 12:
        i. TEA tasked with creating a process to inform parents of services offered
        ii. Requires schools to have written parental consent before school staff can provide any health care service
        iii. New updates were released this week and the District is working through that process. More updates will be given in the future
        iv. NaTosha Lee discussed that the recent updates are also being discussed as it relates to counseling services and more information will be provided in the future
    b. SB 920 (regarding over-the-counter medication)- Mallory Scott presented the following on SB 920:
        i. Historical process for administering OTC medication to students (only need a parent signature with the option for Districts to adopt additional processes such as limiting number of administrations without a physician signature)

ii. August 2024 stance by Texas BON- stating nurses are practicing outside of their scope of practice by administering OTC meds without a physician signature
iii. SB 920 disallows the Texas Board of Nursing from considering a nurse in violation of scope of practice if administering OTC meds with only a parent signature

c. SB 1619 (regarding stock epinephrine)- Mallory Scott presented the following on SB 1619:
   i. Bill changed the wording from “auto-injector” to “delivery system” to accommodate additional delivery methods such as intranasal epinephrine
   ii. Allows for Districts to utilize intranasal epinephrine for their stock epi supply instead of intramuscular dosing
   iii. Neffy 4 Schools Program was discussed- pros and cons
d. HB 1586 (regarding immunization exemptions)- Mallory Scott presented the following on HB 1586:
   i. Historical process for requesting an immunization exemption, including extended timeline
   ii. Bill allows parents to receive an exemption by printing off form and not having to wait for affidavit to be received in the mail
   iii. Discussed how the bill has individuals divided based on concern for the potential for decreased immunization rates
e. SB 865 (regarding cardiac emergency response plans)- Mallory Scott presented the following on SB 865
   i. Requirements for Districts to create a cardiac emergency response team as well as a cardiac emergency response plan
   ii. Discussed how CISD was already implementing most of the bill. The only additional requirement is the need to perform a cardiac emergency drill. In the past, campuses have performed practice drills for a variety of health emergencies such as seizures, diabetes, asthma, etc.

3. Future meeting dates were discussed

1835- Meeting adjourned
