PARENT ACADEMY: SUPPORTING YOUR CHILD

READING AT HOME

Join Us for a Parent Academy designed to help families create a love of reading in their children. This session provides practical strategies and fun activities to make reading a joyful and regular part of your family's routine.

JANUARY 14, 2026

5:30 p.m

7th & 8th Grade Academy Cafeteria

MATH AT HOME

Join Us for a Parent Academy designed to help families make math a natural and engaging part of everyday life. This session will provide simple, practical strategies to build your child's confidence and skills in mathematics, using household items and daily routines.

February 11, 2026

5:30 p.m

7th & 8th Grade Academy Cafeteria

SCIENCE AT HOME

Join Us for a Parent Academy designed to help families discover the fun of science and encourage their child's natural curiosity. This program offers simple, engaging activities that use everyday household items to explore scientific principles.

MARCH 25, 2026

5:30 p.m
