CAREER CONNECTIONS - MULTI-INDUSTRY SHADOW SESSIONS

PROGRAM FORMATS & OVERVIEW

PCD uses direct input from schools, industry, and students to shape the future of career readiness. These feedback loops ensure our programs stay relevant, impactful, and ahead of emerging workforce needs. Today, that vision is reflected in a dynamic portfolio that includes:

Format	Overview	Business Roles	School Roles	PCD Roles
Career Connections: On Site Site visits, Business & industry/Partner- led offerings	Students visit real workplaces for immersive, partner-led experiences. Each event is unique, often including site tours, presentations, demonstrations, and Q&A.	Lead organizer and host Provide site requirements for PCD to share with schools Deliver presentations, tours, and content	Arrange transportation and permission/media forms Supervise and prepare students Administer surveys and provide feedback Support networking opportunities	Recruit and cultivate host businesses/partners Engage schools through consortium networks and leadership contacts Promote events via newsletters, flyers, meetings, and word-of-mouth Manage registrations and streamline logistics Provide communication between schools and hosts Align events with Career Recognition Weeks / Career Cluster framework Collect and synthesize feedback for continuous improvement PCD Value Add: Serves as connector, facilitator, and quality control - ensuring every site visit is student-centered and industry- relevant.
Career Connections: Industry Insider	Students participate in guided, small- group conversations with industry professionals. Through structured groups and team roles they learn about pathways, expectations, salaries, and education.	Respond to PCD's "informational interview" questions Help develop workplace- scenario activities Share real-world insights	Manage transportation, supervision, and permissions Pre-assign students to PCD-provided "team roles" (note taker, presenter, etc.) Help facilitate activities and provide feedback	Prepare customized interview questions using HR, industry, and education resources Provide and guide schools in using student "team role" framework Curate diverse industry partners Manage logistics, registration, promotion, and communication Ensure session quality and consistency PCD Value Add: Acts as architect of the framework - aligning industry expertise, student engagement, and school logistics for a seamless, high-impact experience.
Career Connections: Interactive Discovery Labs	Students rotate through hands-on, station-based activities with industry professionals. Labs often feature simulations, VR, equipment demos, and gamified learning. Highly interactive and PCD's most indemand format.	Design and prepare engaging hands-on stations (equipment, VR, simulations, activities) Provide staff/representatives to run activities	Arrange transportation, supervision, permissions Support student engagement at stations and provide feedback	Recruit and guide partners in designing effective hands-on stations Create/manage session logistics (rotations, timing, group flow, partner needs) Coordinate events onsite, often at the CAIU facility Leverage CAIU technology, facilities, and resources for maximum impact Align activities with Career Recognition Weeks / Career Cluster framework Collect and analyze partner, school, and student feedback PCD Value Add: Flagship experience showcasing PCD's intermediary power -bringing schools and industries together, curating meaningful content, and making career pathways tangible.

CAREER AWARENESS

STUDENTS CAN ONLY DREAM ABOUT CAREERS THEY KNOW ABOUT.

You can help them find those dreams.

This is not just about learning what careers are available, it's about making student learning more relevant.

These experiences can help you to reframe teaching with the "why" they need to know that math concept or civics lesson.

Session includes information regarding high demand occupations and the associated educational/skill requirements.

Space is limited. Register now.

Cradle to Career Alliance: Value Statement

The Cradle to Career Alliance serves as a catalyst for organizations in South Central Pennsylvania to come together in meaningful collaboration, unlocking boundless opportunities for the next generation. By actively participating, organizations help to create and develop a tapestry of diverse and equitable pathways, aligning workforce needs with student interests, thus ensuring a stronger future workforce and economy. This collaboration also enriches communities, forging deep relationships among stakeholders while enhancing social mobility and economic growth.

Through convening and strategic partnerships, the Alliance empowers organizations to build connections that amplify their impact. These connections help to provide youth with real-world experiences, enabling them to explore emerging and new careers, fostering career awareness and preparation. By sharing ideas, resources, and mentoring opportunities, the Alliance works to develop an inclusive environment that supports underserved populations, promoting a culture of exploration and informed decision-making.

Together, the Alliance's shared goals, strategies, and vision drives collective efforts towards leading a stronger future Pennsylvania. Organizations and employers invest not only in the efforts, but also in the aspirations of students, thereby cultivating a robust and resilient future workforce. This investment leads to a stronger economy, vibrant communities, and ultimately, a brighter future. As organizations forge connections and partnerships within the Alliance, they enhance their ability to shape a stronger society, empower students to learn about careers, and foster a culture of lifelong learning and growth.

ATTENDANCE EXPECTATIONS

- Students are expected to attend CPACTC every scheduled day.
- Most districts provide transportation to CPACTC even if they are not in session that day. Students should verify transportation with their sending districts.
- If no district transportation is provided, students may obtain a ride or drive with parent permission.
- If none of the above options are available, students will be excused with a parent/guardian note of explanation.

TRAIN | INNOVATE | BUILD

The Talent and Innovation in Defense Ecosystem (TIDE) project is a federally funded initiative supported by the U.S. Department of Defense. Its mission is to strengthen the defense manufacturing workforce by equipping regional manufacturers with the talent, tools, and training needed to support U.S. Naval forces and other defense priorities.

Through strategic partnerships, the TIDE project enhances workforce readiness, fosters innovation, and aligns training with the evolving needs of the defense industrial base.

WHAT YOU NEED TO KNOW

- Funded by the U.S. Department of Defense
 - With support from the PA Dept of Community & Economic Development
- Supports U.S. Naval readiness & National Defense
- Focuses on workforce development for the Maritime & Defense Industrial Bases
- Strengthens strategic defense manufacturing & technology deployment

PCD CAREER CONNECT WORK- BASED LEARNING ONLINE CONNECTOR

Wondering Where to Find Emerging Talent? Look No Further.

The PCD Online Connector links high school students in South Central PA with your real-world work-based-learning opportunities to help build the future workforce.

WHAT IS PCD CAREER CONNECT?

PCD Career Connect is your direct line to tomorrow's workforce. This online platform connects your business with high school students across South Central Pennsylvania who are eager to explore real-world career experiences.

WHY GET INVOLVED?

Engaging with students now builds your future talent pipeline. Whether you offer job shadowing, internships, virtual O&As, or mentoring, your involvement shapes career paths—and boosts your visibility as a top employer.

EASY TO USE. BIG IMPACT.

There is no cost to participate in the pilot program. A portion of the funding is supported in part by service fees from PCD schools. As the Connector grows we'll seek additional support to sustain this important initiative.

It's simple, impactful, and free* to participate.

Help grow the next generation—and your future workforce.

Need more info? info@crpcd.org

 ${}^{\star}\text{PCD Career Connect is free for all organizations and PCD participating schools during this pilot period. Future fees may apply.}$

PCD CAREER-READY SYMPOSIL

EXCLUSIVELY FOR PCD PARTICIPATING SCHOOLS NO COST TO ATTEND!

Why Attend?

Your students deserve to graduate ready for whatever comes next. The Career-Ready Symposium is designed to help schools strengthen their Career Awareness & Preparation (CAP) efforts through:

- ✓ Networking with businesses, postsecondary programs, and community partners
 - ✓ Resources to support your career readiness initiatives
- ✓ Professional development that gives you strategies to take back to your classrooms & schools

Who Should Attend?

- · District and building leadership
- Counselors & career coordinators
- Teachers & transition specialists
- Any school personnel supporting career readiness

NOV. 12

:15PM TO 4:45PM

CAPITAL AREA INTERMEDIATE UNIT **55 MILLER STREET, ENOLA**

EVENT HIGHLIGHTS

- Networking & Resources Expo (1:15-2:15) Hors d'oeuvres, conversation, and opportunities at exhibitor tables
- Student Panel & Keynote Facilitator (2:15-3:00) Hear directly from students about work-based learning
- Professional Development Sessions (3:00–4:30) Concurrent, solution-focused sessions designed for schools
- Door Prizes & Closing (4:30-4:45)

Bring a Team!

To get the most value from this event, PCD strongly recommends each school or district to bring a team of four or more participants. Watch for registration - space is limited. Please note that you'll need to register both for the event itself and separately on Frontline if you would like to receive Act 48 credits.

Did You Know...

- Engineering is one of the most advanced, cutting-edge industries in the world?
- Engineers are responsible for nearly everything we use around the world, including iPhones, roads and bridges, space shuttles, drones, pharmaceuticals, shoes, nuclear power plants, and schools?
- That, with the right education and the ability to solve problems, anyone can become an engineer?
- A career in engineering offers incredible flexibility whether you'd like an office job or a job out in the field, hands-on work or computer-driven design, engineering has it all!
 - Engineers are some of the most sought-after professionals in the job markets today?
 - You would probably be a perfect fit for a career in engineering!

Check out **engineering4u.org** to learn more about the profession, the type of work that engineering firms do, and how to get more involved in one of the world's most exciting and competitive industries!

We're seeking CAP Session Facilitators

The Partnership for Career Development (PCD) is seeking **Career Awareness & Preparation (CAP) Session Facilitators** for our
Career Connections series - interactive, skill-based sessions
running October through April that link your organization directly
with **high school students** eager to explore their futures.

These sessions are designed to maximize your time and impact: you'll meet students from multiple schools in one morning while giving them a hands-on introduction to your field.

You'll:

- Deliver a skill-based, interactive activity or presentation tied to your industry.
- Show students the path to your careers and what it takes to get there.
- Strengthen your recruitment pipeline well before high school graduation.
- Help schools introduce students to new career possibilities.

Your competitor is already in the classroom. Your future workforce is making career choices now.

Will they choose you?

Session Details:

When: October – April (generally mid-week, morning sessions)

Where: CAIU in Enola or at your facility for an onsite experience & tour.

Group Size:

- **At CAIU:** Limited by available rooms (more facilitators = more student groups served).
- At your facility: You set the group size.

Format: Multiple facilitators present concurrently in 20-25 minute session rotations to keep student-to-presenter ratios low for maximum engagement.

Sign up today - sessions are filling quickly!

PCD Career Connections - Connecting Schools, Students, and the Workforce for Over 30 Years

TAPA: Transition Accommodated Pre-Apprenticeship

Hands-On Career Training for Students with Diverse Needs

What Is This Program?

TAPA is a hands-on career training opportunity designed for students who require specialized supports to gain access to learning experiences.

Participants build real-world skills in a structured environment that uses Universal Design for Learning (UDL) to meet diverse needs.

The 2025-26 program mirrors the hours and structure of the traditional pre-apprenticeship offered through the Manufacturers' Association.

Who Is It For?

- High school students (preferably exiting seniors in 2026) or young adults (ages 18-21)
- Students who benefit from visual, hands-on, and project-based
- Learners with IEPs or 504 plans who may struggle with traditional classroom models

What Will Students Do?

- Use tools and equipment in a safe, structured environment
- Learn manufacturing tasks and safety procedures
- Participate in workplace simulations and collaborative projects
- Build communication, time management, and self-advocacy skills
- Explore real career paths

Program Features:

- Same hours and skill development as a traditional pre-apprenticeship
- Flexible instruction with visual aids, models, and interactive tools
- Canvas-based online enrichment modules for reinforcement and
- Job Coaching support for classroom support and shop day assistance

Career Readiness Focus:

- Self-advocacy coaching and career exploration activities
- Resume building, interview practice, and job search skills

Made possible by a Schools-to-Work grant from the PA Department of Labor & Industry. Apprenticeship & Training Office

Contact Lauren DeLellis for more information: Idelellis@caiu.org

How to Enroll:

- Applications accepted from school teams, families, and case managers
- Student interview, attendance at "Create Make and Take", and Expo Day required

Important Dates:

- Student Interviews: Friday, September 12th
- · Create Make and Take: Wednesday, October 1st
- Expo Day: Wednesday, November 5th

Class Schedule (may be subject to change):

Classes will be held at the Capital Area Intermediate Unit (55 Miller St. Enola, PA or The Manufacturers' Association (3405 Board Ste 100, York, PA 17406)

What can a student do with a pre-apprenticeship?

Apply for a registered apprenticeship (RA), with a fantastic 67 hour advantage! Apprenticeship provides a valuable "foot up" to employment for any of the thousands of manufacturers in Pennsylvania, the nation, and globe.

Use the transferable, portable, and in-demand skills learned to seek an apprenticeship or employment in another industry.

Start working: Manufacturers are looking for people and often offer opportunities for additional (often paid for or reimbursed) education and training. Through the program, students will have the opportunity to network with employers!

Go to college: continue their education with work-based learning experience, direction, and basic skills knowledge
