Immunization (IZ) Requirements & Reporting 101 For Pre-Kindergarten and Grades TK/K-12

September 2025

Laurel Johnson, Sr. Public Health Nurse

Israel Martinez, Support Service Worker II Bilingual

Vaccines - Regulatory Information

- **Purpose of workshop:** To provide information and guidance to schools and childcare facilities about California school immunization law and the activities required by these facilities to comply with the law (covering Pre-K, TK/K-12th).
- **Intended audience/distribution list** for the presentation: Marin County Office of Education (MCOE) Public Health Liaisons and School Nurses and Marin Child Care Council.

Agenda

- Review of immunization requirements, exemptions, and conditional admission
- How to complete the “Blue Card” (CA Pre-Kindergarten & School Immunization Record)
- Tips for implementation
- Annual fall immunization assessment report: **Due December 5, 2025**
- Communicable Disease Reporting
- Q&A

Housekeeping

- Please hold questions until the end of each section
 - Participants on Zoom can put their questions in the chat or come off mute
- General Q&A at the end of the presentation
- *Spanish:* Si tiene alguna pregunta y le gustaría hacerla en Español, por favor hágala.

California Immunization Law

California Health and Safety Code, Sections 120325-120380

California Code of Regulations Title 17, Division 1, Chapter 4

Shots Required for:

- Child Care
- TK/K-12th Grade
- 7th Grade advancement

Exemptions:

- Medical Exemptions (temporary or permanent)/ CAIR-ME
- Personal Belief Exemptions (ended 2016)

Source: <http://www.shotsforschool.org/laws/>

New Changes to CA IZ Handbook

CA Immunization Handbook (updated July 2025)

- Removal of 7th grade advancement varicella check (effective July 1, 2025)
- Removal of prior personal beliefs exemption documentation
- Addition of Human Papillomavirus (HPV) education requirement for 6th graders and their parents
- Addition of CAIR Hub website, which houses School Reporting Site and SCRL

You Play an Important Role

- Protect children and staff from disease
- Help parents keep on track with shots
- Reduce school absences
- Ensure your school complies with the law

How is Your Child Care Doing? 2019-20 School Year

Dashboard of Child Care and School Immunization Rates

- Replaces old maps
- Can filter by cohort, school, zip code, school year, etc

Data is delayed for 2020-21 and later.

How is Your TK/K Doing? 2021-22 School Year

New Dashboard of Child Care and School Immunization Rates

- Replaces old maps
- Can filter by cohort, school, zip code, school year, etc

Data is delayed for 2022-23
and later.

KINDERGARTEN STUDENTS UP-TO-DATE WITH ALL REQUIRED IMMUNIZATIONS MARIN VS. CALIFORNIA, 2000/1 - PRESENT

*Required immunizations for Kindergarten: Diphtheria, Tetanus, & Pertussis (DTaP); Polio; Hepatitis B; Measles, Mumps, & Rubella (MMR); Varicella (Chickenpox)

California Pre-Kindergarten and School Immunization Record

Staff must record the required vaccine dose information and status of requirements for each pupil. See reverse side for guidance.

Pupil Name (Last, First, Middle):	Statewide Student Identifier (SSID):	Ethnicity: ☐ Hispanic/Latino ☐ Non-Hispanic/Non-Latino	Race: ☐ African American/Black ☐ American Indian/Alaska Native ☐ Asian ☐ Native Hawaiian/Other Pacific Islander ☐ White ☐ Other
Name of Parent/Guardian (Last, First):	Birthdate (Month/Day/Year):	Gender:	

Required Vaccine	Date Each Dose Was Given (MM/DD/YY)					Permanent Medical Exemption	Notes for School Requirements
	1 ST	2 ND	3 RD	4 TH	5 TH		
IPV / OPV (Polio)			Age: ____ yrs.			☐	4 doses meet TK/K-12 requirement, as do: 3 doses, if ≥1 dose given at age ≥4 years.
DTaP / DTP – Age 0-6 years Tdap / Td – Age 7+ years (Diphtheria, Tetanus, Pertussis)			Age: ____ yrs.	Age: ____ yrs.		☐	5 doses meet TK/K-12 requirement, as do: 4 doses, if ≥1 dose given at age ≥4 years; 3 doses, if ≥1 Tdap dose at age ≥7 years; Tdap dose may meet 7 th Grade requirement.
MMR (Measles, Mumps, Rubella)	Age: ____ mo.					☐	2 doses meet TK/K-12 requirement. Doses must be given at age ≥1 year.
Hib (<i>Haemophilus influenzae</i> type b)						☐	Required for pre-kindergarten only. At least 1 dose must be given at age ≥1 year.
Hep B (Hepatitis B)						☐	3 doses meet TK/K-12 requirement.
VAR / VZV (Varicella/Chickenpox)						☐	2 doses meet TK/K-12 requirement.
Tdap 7 th Grade Tetanus, Diphtheria, Pertussis	Age: ____ yrs.					☐	1 dose given at age ≥7 years meets requirement for 7 th grade advancement and 7 th –12 th grade admission.

ShotsForSchool.org

One-stop-shop for **all** items related to immunizations and schools or childcare: <https://www.shotsforschool.org/>

The screenshot shows the homepage of the ShotsForSchool.org website. At the top left is the CDPH (California Department of Public Health) logo. To its right is a search bar and four navigation tabs: 'I am looking for', 'I am a', 'Programs', and 'A-Z Index'. Below these is a breadcrumb trail: 'Home | Programs | Center for Infectious Diseases | Division of Communicable Disease Control | Shots for School'. A large blue banner reads 'IMMUNIZATION BRANCH'. On the left side, there is a sidebar menu for 'Shots for School' with links to 'Child Care', 'TK-12th Grade', 'College', 'Tools for Schools', 'Reporting', 'Laws', and 'Español'. Below this menu is a section titled 'For more information:' with links to 'View archived emails', 'Send a question to shotsforschool@cdph.ca.gov', and 'Return to Immunization Branch website.' The main content area features a large image of diverse school children running happily, with a 'SHOTS FOR SCHOOL' logo overlaid. Below the image is a link to 'En Español'. Under the heading 'News:', there are two bullet points: one about the 2-dose varicella requirement for 7th grade advancement (expiring June 30, 2025) and another about annual school reports submitted at the CAIR Hub (due December 5, 2025). A link 'Register or Sign In' is provided. A final bullet point mentions '2025-2026 Audits' for public schools.

News:

- Assembly Bill No. 659, the Cancer Prevention Act requires schools to notify families of 6th graders about human papillomavirus (HPV) vaccination recommendations. Schools can use this Template Letter to Parents (PDF) and supplemental Robocall Script (PDF) to assist in implementation of the Cancer Prevention Act. (See "Materials to Help Implement the Law" under Implementation Tools for translations of the template letter.)
- 2023-2024 Audits:** Annual financial and compliance audits of public schools will include an immunization component for schools with kindergarten or 7th grade.

Resources for Parents

- **Resources for Parents (ca.gov)**
 - Parents' Guide ([many languages](#))
 - Vaccine safety information
 - Parent flyers
- **Communicating about School Immunization Requirements**
- **Digital Vaccine Record (ca.gov)**

Communicating about School Immunization Requirements

Vaccines are an important part of helping prevent the spread of serious diseases in California schools and child care facilities. Children usually have received the immunizations for their grade or age by the time they enroll. Sometimes students are overdue for immunizations and cannot enroll. Here are a few tips for communicating with parents and guardians about getting children caught up.

Inform and Support

- Post the [No Shots? No School flyer \(Spanish\)](#) at your front desk so families can see that immunizations are required by California law. Students who are overdue **cannot** attend school. (Schools may face immunization audits and possibly lose average daily attendance funds for students who are in school while overdue for immunizations.)
- Share the [Parents' Guides to Required Immunizations](#), available in multiple languages.

How to Handle Medical Exemptions

If a child cannot receive certain vaccines due to a medical reason, they need to obtain a medical exemption form issued in [CAIR-ME](#). You can check the status of medical exemptions in [CAIR-ME](#). Refer to the [Medical Exemption FAQs](#) for more information.

Ways You Can Help

Be empathetic to the family's challenges in getting all the required immunizations and offer these tips.

How to Find Immunization Records:

- Call the doctor's office(s) that gave the immunizations.
- If the doctor's office participated in a California immunization registry, the family may be able to access a [Digital Vaccine Record](#).
- School and child care staff can also help find records and see the immunization status of students by using the School and Child Care Roster Lookup (SCRL) tool. Find out more at [SCRL Facts](#).

Where to Get Vaccinated:

It's best to go to their doctor's office, where immunizations are usually free. If the student doesn't have a primary care doctor, let families know about these resources:

- [Local Health Department's immunization program](#)—some offer free/low-cost vaccine clinics.
- Vaccines for Children Program's [locator tool](#)—find a doctor who offers no-cost vaccines to families in Medi-Cal and those who are uninsured. Families can check the [Covered California website](#) to see if they qualify for Medi-Cal.
- Local [pharmacy](#)—many offer immunizations for children as young as 3 years of age. Costs may apply.

Questions?

Visit the [Shots for School website](#) for more information, and call your [Local Health Department's immunization program](#) with any concerns.

Training Modules on Shots For School

The screenshot shows the CDPH (California Department of Public Health) website. The top navigation bar includes a search icon, 'I am looking for', 'I am a', 'Programs', and 'A-Z Index'. Below this is a breadcrumb trail: Home | Programs | Center for Infectious Diseases | Division of Communicable Disease Control | Training for Pre-K. The main header is 'IMMUNIZATION BRANCH'. On the left, a sidebar menu lists: Shots for School, Child Care, TK-12th Grade, College, **Tools for Schools** (highlighted with a red box), Reporting, Laws, and Español. The main content area is titled 'Training for Child Care Staff' with a 'SHOTS FOR SCHOOL' logo. It welcomes users to free online training for staff at child care (pre-k) facilities. It lists available languages: Spanish (español) Modules, Mandarin Modules (Simplified Chinese, PDF), and Cantonese Modules (Traditional Chinese, PDF). Below this are two illustrations: one of a woman in a purple lab coat and another of a man in a green jacket with a thought bubble stating 'High immunization rates help prevent the spread of infectious diseases.' The section 'Learning Objectives and Links' lists two modules: 1. Getting Started (7 mins) and 2. California Pre-K Immunization Requirements (15 mins).

CA Immunization Registry (CAIR) Hub

- Portal to manage CAIR accounts, requests for records, request Medical Exemptions, and the School & Child Care Roster Lookup (SCRL). Updated to include Immunization reporting website.

<https://cairhub.cdph.ca.gov/home>

- System available to all school and child-care staff. SCRL uses the Pre-K and TK/K-12 immunization requirements and communicates with CAIR to show which students are:
 - ✓ **Complete** – can enroll in school
 - i **Conditional Entrants** – can enroll in school but will need follow-up
 - ✗ **Overdue** – cannot enroll
- Can look up single students or entire rosters (up to 4,000) students.
- *NEW training videos located on the SCRL Resource Page
- Located at CAIR Hub | SCRL

Record Keeping

- Complete a “Blue Card” for each child or print from CAIR.
- Other written or electronic formats are allowed (e.g. Aeries). See
- California Code of Regulations, Title 17, Section 6070: Recording of Immunization Information by California Schools and Pre-Kindergarten Facilities
- Order blue cards by emailing HHSSchools@MarinCounty.gov or HHSCildcare@MarinCounty.gov

Vaccine Acronyms & Abbreviations for Child Care and School

Student immunization records often have combination vaccines and/or abbreviated vaccine names. Use this chart as a reference.*

CDC Abbreviation	CAIR Code	Brand Name	Vaccine
DT	DT/DT-Peds	several manufacturers	Diphtheria & Tetanus
DTaP	DTaP	Daptacel®, Infanrix®, Tripedia®	Diphtheria, Tetanus, & Pertussis
DTP, DTwP	DTP	several manufacturers	Diphtheria, Tetanus, & Pertussis
DTaP-HepB-IPV	DTaPHBIP, DTaP-HepB-IPV	Pediarix®	Diphtheria, Tetanus, Pertussis, Hepatitis B, & Polio
DTaP-IPV	DTaP-IPV	Kinrix™, Quadacel™	Diphtheria, Tetanus, Pertussis, & Polio
DTaP-IPV/Hib	DTaPIPHI, DTaP-IPV/Hib	Pentacel®	Diphtheria, Tetanus, Pertussis, Haemophilus influenzae type b*, & Polio
HepA-HepB	HAV-HBV, HepA-HepB	Twinrix®, Twinrix Junior®	Hepatitis A & Hepatitis B
HepB	HBV, HepB	Energix-B®, RecombivaxHB®	Hepatitis B
Hib	HIB, HIBPEDVX, Hib	ActHIB®, Hibrix®, PedvaxHIB®	Haemophilus influenzae type b*
Hib-HepB	HIB-HBV, HepB-Hib	Comvax®	Hepatitis B & Haemophilus influenzae type b*
Hib-MenCY	MenHibrix, Hib-MenCY	MenHibrix®	Haemophilus influenzae type b* & Meningococcal serogroups C & Y
IPV	IPV, Polio	IPOL®	Polio
MMR	MMR	MMR® II	Measles, Mumps, & Rubella
MMRV	MMR-VZV, MMRV	ProQuad®	Measles, Mumps, Rubella, & Varicella
OPV	Polio-oral	Orimune®	Polio
Td	Td	Tenivac®, Decavac™	Tetanus & Diphtheria
Tdap	Tdap	Adacel™, Boostrix®	Tetanus, Diphtheria, & Pertussis
VAR	VZV, Varicella	Varivax®	Varicella

*Disclaimer: Abbreviations may vary across medical practices.

†Child care requirement only

Go to www.ShotsForSchool.org to access information about immunization requirements, resources for school and child care staff, and educational materials for parents.

You can find the most recent version of CDC's list at www.cdc.gov/vaccines/acip/committee/guidance/vac-abbrev.pdf.

For additional information on translating foreign immunization records, see CDC's Pink Book, Appendix B at www.cdc.gov/vaccines/pinkbook/downloads/appendices/B/foreign-products-tables.pdf.

PRE-KINDERGARTEN

(any private or public child care center, day nursery, nursery school, family day care home, or development center)

Doses required by age when admitted and at each age checkpoint after entry¹:

AGE WHEN ADMITTED	TOTAL NUMBER OF DOSES REQUIRED OF EACH IMMUNIZATION ^{1,2}			
2 through 3 months	1 Polio	1 DTaP	1 Hep B	1 Hib
4 through 5 months	2 Polio	2 DTaP	2 Hep B	2 Hib
6 through 14 months	2 Polio	3 DTaP	2 Hep B	2 Hib
15 through 17 months	3 Polio	3 DTaP	2 Hep B	1 Varicella
	On or after the 1st birthday:			1 Hib ⁴ 1 MMR
18 months through 5 years	3 Polio	4 DTaP	3 Hep B	1 Varicella
	On or after the 1st birthday:			1 Hib ⁴ 1 MMR

1. A pupil's parent or guardian must provide documentation of a pupil's proof of immunization to the governing authority no more than 30 days after a pupil becomes subject to any additional requirement(s) based on age, as indicated in the table above (Table A).
2. Combination vaccines (e.g., MMRV) meet the requirements for individual component vaccines. Doses of DTP count towards the DTaP requirement.
3. Any vaccine administered four or fewer days prior to the minimum required age is valid.
4. One Hib dose must be given on or after the first birthday regardless of previous doses. Required only for children who have not reached the age of five years.

DTaP = [diphtheria toxoid](#), [tetanus toxoid](#), and acellular [pertussis](#) vaccine
 Hib = [Haemophilus influenzae type B](#) vaccine
 Hep B = [hepatitis B](#) vaccine
 MMR = [measles](#), [mumps](#), and [rubella](#) vaccine
 Varicella = [chickenpox](#) vaccine

INSTRUCTIONS:

California pre-kindergarten (child care or preschool) facilities are required to check immunizations for all new admissions and at each age checkpoint.

UNCONDITIONALLY ADMIT a pupil age 18 months or older whose parent or guardian has provided documentation of any of the following for each immunization required for the pupil's age as defined in table above:

- Receipt of immunization.
- A permanent medical exemption in accordance with 17 CCR section 5051.
- A personal beliefs exemption (filed prior to 2016) in accordance with Health and Safety Code section 120335.

IMM-230 (1/19)

California Department of Public Health • Immunization Branch • ShotsForSchool.org

K-12th Grade (including transitional kindergarten)

Grade	Number of Doses Required of Each Immunization ^{1,2,3}				
K-12 Admission	4 Polio ⁴	5 DTaP ⁵	3 Hep B ⁶	2 MMR ⁷	2 Varicella
(7th-12th) ⁸	K-12 doses	+ 1 Tdap			
7th Grade Advancement ^{9,10}	1 Tdap ⁸				

1. Requirements for K-12 admission also apply to transfer pupils.
2. Combination vaccines (e.g., MMRV) meet the requirements for individual component vaccines. Doses of DTP count towards the DTaP requirement.
3. Any vaccine administered four or fewer days prior to the minimum required age is valid.
4. Three doses of polio vaccine meet the requirement if one dose was given on or after the 4th birthday. Oral polio vaccine (OPV) doses given on or after April 1, 2016, do not count.
5. Four doses of DTaP meet the requirement if at least one dose was given on or after the 4th birthday. Three doses meet the requirement if at least one dose of Tdap, DTaP, or DTP vaccine was given on or after the 7th birthday (also meets the 7th-12th grade Tdap requirement; see fn. 8). One or two doses of Td vaccine given on or after the 7th birthday count towards the K-12 requirement.
6. For 7th grade admission, refer to Health and Safety Code section 120335, subdivision (c).
7. Two doses of measles, two doses of mumps, and one dose of rubella vaccine meet the requirement, separately or combined. Only doses administered on or after the 1st birthday meet the requirement.
8. For 7th-12th graders, at least one dose of pertussis-containing vaccine is required on or after the 7th birthday.
9. For children in ungraded schools, pupils 12 years and older are subject to the 7th grade advancement requirements.
10. The prior 2-dose varicella requirement for 7th grade advancement expired June 30, 2025.

DTaP/Tdap = diphtheria toxoid, tetanus toxoid, and acellular pertussis vaccine

Hep B = hepatitis B vaccine

MMR = measles, mumps, and rubella vaccine

Varicella = chickenpox vaccine

Instructions:

California schools are required to check immunization records for all new student admissions at TK/ Kindergarten through 12th grade and all students advancing to 7th grade before entry. See [shotsforschool.org](#) for more information.

Unconditionally Admit a pupil whose parent or guardian has provided documentation of any of the following for each immunization required for the pupil's age or grade as defined in the table above:

- Receipt of immunization.
- A permanent medical exemption.*

Conditionally Admit any pupil who lacks documentation for unconditional admission if the pupil has:

- Commenced receiving doses of all the vaccines required for the pupil's grade (table above) and is not currently due for any doses at the time of admission (as determined by intervals listed in the Conditional Admission Schedule, column entitled "Exclude If Not Given By"), or
- A temporary medical exemption from some or all required immunizations.*

IMM-231 (6/25)

California Department of Public Health • Immunization Branch • ShotsForSchool.org

Immunizations Required by Age and Grade

How Children May Be Admitted

Children may be admitted if they:

- 1) Are 18 months or older and have received **all required immunizations** for age and grade = **Unconditional Admission**
- 2) Have submitted a valid **Permanent Medical Exemption** and immunization records for required shots that are not exempted = **Unconditional Admission**
- 3) Qualify to be admitted as **conditional entrants** = **Conditional Admission**
- 4) Are **transferring** into a new school, including homeless and foster children

How Children May Be Admitted

Children may be admitted if they:

- 1) Are 18 months or older and have received **all required immunizations** for age and grade = **Unconditional Admission**

CALIFORNIA IMMUNIZATION REQUIREMENTS FOR PRE-KINDERGARTEN

(any private or public child care center, day nursery, nursery school, family day care home, or development center)

REQUISITOS DE VACUNACIÓN DE CALIFORNIA PARA PRE-KÍNDER

(cualquier centro de cuidado infantil, guardería de día, jardín de infantes, hogar de cuidado familiar de día o centro de desarrollo)

Dosis que se requieren por edad al ingresar y durante cada punto de control de edad después del ingreso:

EDAD AL INGRESAR	NÚMERO TOTAL DE DOSIS DE CADA VACUNA REQUERIDA ^{1,2,3}
2 a 3 meses	1 Polio 1 DTaP 1 Hep B 1 Hib
4 a 5 meses	2 Polio 2 DTaP 2 Hep B 2 Hib
6 a 14 meses	2 Polio 3 DTaP 2 Hep B 2 Hib
15 a 17 meses	3 Polio 3 DTaP 2 Hep B 1 Varicela
	Al cumplir el 1er año de edad o después: 1 Hib ⁴ 1 MMR
18 meses a 5 años de edad	3 Polio 4 DTaP 3 Hep B 1 Varicela
	Al cumplir el 1er año de edad o después: 1 Hib ⁴ 1 MMR

- El padre o tutor del niño debe proporcionar el comprobante de inmunización del niño a la autoridad competente como prueba de que se vacunó no más de 30 días después de que sea sujeto a cualquier requisito adicional según su edad, como se indica en la tabla arriba (Tabla A).
- Las vacunas combinadas (por ejemplo, MMRV) cumplen con los requisitos para componentes individuales de las vacunas. Las dosis de DTP cuentan hacia el requisito de DTaP.
- Cualquier vacuna administrada cuatro días o menos antes de la edad mínima requerida es válida.
- Una dosis contra el Hib debe ser administrada al cumplir el 1er año de edad o después, independientemente de las dosis anteriores. Se requiere sólo para niños que aún no han cumplido los 5 años de edad.

DTaP= vacuna contra la difteria, el tétanos y la tos ferina acelular
Hib= vacuna contra haemophilus influenzae tipo B
Hep B= vacuna contra la hepatitis B
MMR= vacuna contra el sarampión, las paperas y la rubéola.

INSTRUCCIONES:

Se requiere que los pre-kinderes (guardería o preescolar) de California revisen los Comprobantes de Inmunización de todos los niños antes de ingresar y durante cada punto de control según la edad del niño.

ADMITE INCONDICIONALMENTE a un niño de 18 meses de edad o mayor cuyo padre o tutor ha proporcionado documentación de cualquiera de los siguientes puntos para cada vacuna requerida según la edad del niño, según se define en la tabla arriba:

- Comprobante de inmunización
- Una exención médica permanente*
- Una exención por creencias personales (presentada antes del 2016).²

MM-2305 (1/21)

California Department of Public Health • Immunization Branch • ShotsForSchool.org

CALIFORNIA IMMUNIZATION REQUIREMENTS FOR K – 12TH GRADE (including transitional kindergarten)

GRADE NUMBER OF DOSES REQUIRED OF EACH IMMUNIZATION^{1,2,3}

Guía de requisitos de vacunación para

grados K–12 (incluyendo kinder de transición)

Grado	Número de dosis requeridas de cada vacuna ^{1,2,3}
Admisión a K-12 ⁴	4 Polio ⁴ 5 DTaP ⁵ 3 Hep B ⁶ 2 MMR ⁷ 2 Varicela
(7 ^o -12 ^o) ⁸	Dosis para K-12 ⁹ + 1 Tdap
Paso a 7 ^o grado ^{8,10}	1 Tdap ⁹

- Los requisitos para la admisión a K-12 también aplican a alumnos de transferencia.
- Las vacunas combinadas (p. ej., MMRV) cumplen con los requisitos para componentes individuales de cada vacuna. Las dosis de DTP cuentan hacia el requisito de DTaP.
- Cualquier vacuna que se aplicó cuatro días o menos antes de la edad mínima requerida es válida.
- Tres dosis de la vacuna contra la polio cumplen con el requisito si por lo menos una de las dosis se aplicó al cumplir los cuatro años de edad o después. Las dosis de la vacuna oral contra la polio (OPV) administradas a partir del 1 de abril de 2016 no cuentan. (Las dosis de la vacuna inactivada contra la polio (IPV) sí cuentan).
- Cuatro dosis de la vacuna DTaP cumplen con el requisito si por lo menos una de las dosis se aplicó al cumplir los cuatro años de edad o después. Tres dosis cumplen con el requisito si por lo menos una dosis de Tdap, DTaP o DTP se aplicó al cumplir los siete años de edad o después (también cumple con el requisito de Tdap para alumnos de 7^o-12^o grado. Vea nota 8). Una o dos dosis de la vacuna Td administradas al cumplir los siete años de edad o después también cuentan para el requisito de K-12.
- Para la admisión a 7^o grado, consulte al Código de Salud y Seguridad, sección 120335, subsección (c).
- Dos dosis de la vacuna contra el sarampión, dos dosis de la vacuna contra las paperas y una dosis de la vacuna contra la rubéola cumplen el requisito, por separado o en conjunto. Sólo las dosis administradas al cumplir el 1er año de edad o después cumplen con el requisito.
- Se requiere al menos una dosis con protección contra la pertussis (tosferina) al cumplir los siete años de edad o después para todos los alumnos de 7^o-12^o grado.
- Para niños en escuelas sin grados, los alumnos de 12 años de edad o más necesitan cumplir con los requisitos para el paso a 7^o grado.
- El requisito anterior de dos dosis de la vacuna contra la varicela para el paso al séptimo grado venció el 30 de junio de 2025.

DTaP/Tdap= vacuna contra el tétanos, la difteria y la tosferina acelular
Hep B= vacuna contra la hepatitis B
MMR= vacuna contra el sarampión, la rubéola y las paperas

Instrucciones:

Se requiere que las escuelas en California comprueben los registros de vacunación de todos los nuevos alumnos admitidos a kinder de transición (TK)/kindergarten hasta 12^o grado y todos los alumnos que pasan a 7^o grado antes de ingresar. Consulte shotsforschool.org para obtener más información.

Admite incondicionalmente a un alumno cuyo padre o tutor ha proporcionado documentación de cualquiera de los siguientes puntos para cada vacuna requerida para la edad o el grado del alumno, según se define en la tabla arriba:

- Comprobante de inmunización
- Una exención médica permanente*

Admite condicionalmente a cualquier alumno que le falte la documentación para la admisión incondicional si el alumno:

- Comenzó a recibir dosis de todas las vacunas requeridas para su grado (tabla arriba) y actualmente no le toca ninguna dosis al momento de su ingreso (según los intervalos en el Calendario de admisión condicional bajo la columna titulada "Excluir si no se ha dado") o
- Tiene una exención médica temporal para algunas o todas las vacunas requeridas*.

MM-2315 (6/25)

California Department of Public Health • Immunization Branch • ShotsForSchool.org

PARENTS' GUIDE TO IMMUNIZATIONS REQUIRED FOR SCHOOL ENTRY

Starting July 1, 2019

GUÍA PARA PADRES SOBRE LOS REQUISITOS DE VACUNACIÓN PARA ENTRAR A LA ESCUELA

A partir del 1 de julio de 2019

Los alumnos ingresando a TK/K-12 necesitan:

- Vacuna contra la difteria, el tétanos y la tos ferina (DTaP, DTP, Tdap o Td) —5 dosis**
(4 dosis cumplen con el requisito si una se aplicó al cumplir los 4 años de edad o después; 3 dosis cumplen con el requisito si una se aplicó al cumplir los 7 años de edad o después)
Se requiere al menos una dosis de una vacuna con protección contra pertussis (tos ferina) al cumplir los 7 años de edad o después para los alumnos de 7^o a 12^o grado.
- Polio (OPV o IPV)—4 dosis**
(3 dosis cumplen con el requisito si una se aplicó al cumplir los 4 años de edad o después)
- Hepatitis B—3 dosis**
(No se requiere para el paso a 7^o grado)
- Vacuna contra el sarampión, las paperas y la rubéola (MMR)—2 dosis**
(Ambas dosis deben haberse administrado al cumplir el 1er año de edad o después)
- Varicela—2 dosis**

Estos requisitos de vacunación también aplican a nuevos estudiantes y alumnos de transferencia en cualquier grado, incluyendo el Kinder de Transición.

Los alumnos ingresando a 7^o grado necesitan:

- Vacuna contra el tétanos, la difteria y la tos ferina (Tdap)—1 dosis**
(El refuerzo de la vacuna contra la tos ferina generalmente se aplica a los 11 años de edad o más.)
- Vacuna contra la varicela—2 dosis**
(Generalmente se aplica a los 12 meses de edad y entre los 4 y 6 años de edad)

Los requisitos para K-12 también aplican a alumnos de 7^o grado que:

- Antes tenían una exención de las vacunas requeridas por creencias personales que fue presentada antes del 2016 al entrar cualquier grado entre Kinder de Transición/Kinder y 6^o grado
- Son nuevos estudiantes

Comprobantes:

Se requiere que las escuelas en California revisen los Comprobantes de Inmunización de todos los nuevos estudiantes ingresando a Kinder de Transición/Kinder hasta el 12^o grado y de todos los estudiantes pasando a 7^o grado de antes ingresar. Los padres deben presentar el Comprobante de Inmunización de su hijo(a) como prueba de que se vacunó.

SHOTS FOR SCHOOL

Pre-Kindergarten Requirements

Doses required by age when admitted and at each age checkpoint after entry¹:

AGE WHEN ADMITTED	TOTAL NUMBER OF DOSES REQUIRED OF EACH IMMUNIZATION ^{2,3}			
2 through 3 months	1 Polio	1 DTaP	1 Hep B	1 Hib
4 through 5 months	2 Polio	2 DTaP	2 Hep B	2 Hib
6 through 14 months	2 Polio	3 DTaP	2 Hep B	2 Hib
15 through 17 months	3 Polio	3 DTaP	2 Hep B	1 Varicella
	On or after the 1st birthday:			1 Hib ⁴ 1 MMR
18 months through 5 years	3 Polio	4 DTaP	3 Hep B	1 Varicella
	On or after the 1st birthday:			1 Hib ⁴ 1 MMR

Note: The ages refer to both the age a child enters child care and each age checkpoint at which time additional immunizations are due.

California Immunization Requirements for Pre-Kindergarten

TK/K-12 Requirements

Grade	Number of Doses Required of Each Immunization ^{1, 2, 3}				
K-12 Admission	4 Polio⁴	5 DTaP⁵	3 Hep B⁶	2 MMR⁷	2 Varicella
(7th-12th)⁸	K-12 doses	+ 1 Tdap			
7th Grade Advancement^{9,10}	1 Tdap⁸				

- Requirements for K-12 admission also apply to transfer pupils.
- Combination vaccines (e.g., MMRV) meet the requirements for individual component vaccines. Doses of DTP count towards the DTaP requirement.
- Any vaccine administered four or fewer days prior to the minimum required age is valid.
- Three doses of polio vaccine meet the requirement if one dose was given on or after the 4th birthday. Oral polio vaccine (OPV) doses given on or after April 1, 2016, do not count.
- Four doses of DTaP meet the requirement if at least one dose was given on or after the 4th birthday. Three doses meet the requirement if at least one dose of Tdap, DTaP, or DTP vaccine was given on or after the 7th birthday (also meets the 7th-12th grade Tdap requirement: see fn. 8). One or two doses of Td vaccine given on or after the 7th birthday count towards the K-12 requirement.
- For 7th grade admission, refer to Health and Safety Code section 120335, subdivision (c).
- Two doses of measles, two doses of mumps, and one dose of rubella vaccine meet the requirement, separately or combined. Only doses administered on or after the 1st birthday meet the requirement.
- For 7th-12th graders, at least one dose of pertussis-containing vaccine is required on or after the 7th birthday.
- For children in ungraded schools, pupils 12 years and older are subject to the 7th grade advancement requirements.
- The prior 2-dose varicella requirement for 7th grade advancement expired June 30, 2025.

Source: [Shots For School: Shots Required for TK-12 and 7th Grade](#)

7th Grade Requirements

Grade	Number of Doses Required of Each Immunization ^{1, 2, 3}				
K-12 Admission	4 Polio ⁴	5 DTaP ⁵	3 Hep B ⁶	2 MMR ⁷	2 Varicella
(7th-12th) ⁸	K-12 doses	+ 1 Tdap			
7th Grade Advancement ^{9,10}	1 Tdap ⁸				

Additional school immunization requirements (TK/K-12 Requirements) for 7th graders typically apply to students who:

- Previously had a valid personal beliefs exemption filed before 2016 upon entry between TK/Kindergarten and 6th grade, or
- Are new admissions, including from out-of-state; applies to all grades.

Source: Shots For School: Shots Required for TK-12 and 7th Grade

School Immunization Reminders

- School immunization law is a simplified version of the Advisory Committee on Immunization Practices (ACIP) recommendations and subset of recommended vaccines.
- For most vaccines related to school law, there's no need for schools/ child cares to check the **timing of or spacing between** doses **already received**. Schools/ child cares are typically only **counting** doses.
- Exceptions to this include:
 - MMR - Doesn't count for school/ child care if given before 1st birthday (up to 4 days early is okay)
 - When children older than age 4 do not have all required doses, they may still meet requirements depending on when they received doses - see footnotes K-12th Grade Guide

How Children May Be Admitted

✓ Children may be admitted if they:

- 1) Are 18 months or older and have received **all required immunizations** for age and grade = **Unconditional Admission**
- 2) Have submitted a valid **Permanent Medical Exemption** and immunization records for required shots that are not exempted = **Unconditional Admission**
- 3) Qualify to be admitted as **conditional entrants** = **Conditional Admission**
- 4) Are **transferring** into a new school, including homeless and foster children.

How Children May Be Admitted

Children may be admitted if they:

- 2) Have submitted a valid **Permanent Medical Exemption** and immunization records for required shots that are not exempted = **Unconditional Admission**

CAIR-ME, Effective Jan. 1, 2021

Under SB 276 & SB 714:

- All medical exemptions for school and child care entry must be issued through the California Immunization Registry-Medical Exemptions (**CAIR-ME**) website beginning January 1, 2021.

Website: cair.cdph.ca.gov/exemptions

CAIR-ME

- CAIR-ME training module specifically for child cares/schools at Training for Schools (15 minutes in length)
- Guide for Schools/Childcare Staff to Verify Medical Exemptions: Verifying a Medical Exemption: Guide for School/Childcare Staff

Verifying a Medical Exemption: Guide for School Staff

New medical exemptions for school and child care entry must be issued through the [California Immunization Registry - Medical Exemption \(CAIR-ME\)](https://cair-me.cdph.ca.gov) (cair-me.cdph.ca.gov).

Medical exemptions can only be issued by doctors (MDs or DOs) licensed in California and must meet applicable Centers for Disease Control and Prevention (CDC), Advisory Committee on Immunization Practices, and American Academy of Pediatrics (AAP) criteria.

✓ Steps to Follow When You Receive a Medical Exemption (ME) Form from a Parent/Guardian:

1. Verify the **child's name, date of birth, and grade span** on the ME form matches your school or child care facility records. If any of this information is incorrect, the ME should not be accepted. A new ME with the correct information will need to be issued.
2. Verify **your school or child care facility** is correctly identified on this ME form. If incorrect, request that the parent update this information within [CAIR-ME](https://cair-me.cdph.ca.gov) (cair-me.cdph.ca.gov) and provide you with confirmation of the change.
3. Register for a CAIR-ME account by emailing medicalexemptions@cdph.ca.gov. Please include the ME number, your first and last name, school or child care facility name, county, and ID (which can be found on the ME).
4. Log in to [CAIR-ME](https://cair-me.cdph.ca.gov) (cair-me.cdph.ca.gov) to verify the ME is in "Issued" status.
5. File the ME in the student's cumulative folder if the status is "Issued."
6. Do not accept the ME if the status shows "Revoked," "Expired," or "Canceled." Notify the parent/guardian that the exemption is no longer valid, and the parent/guardian will need to provide documentation that may include a new ME or record of receiving the immunizations due in accordance with the conditional admission schedule.

Child's Information		Date ME Issued: 8/15/24	
Child's Name: Samantha Billing-Jones	Date of Birth: 10/10/2019		
Parent/Guardian: Thomas Jones			
School/Child Care Facility: Happy Kids Elementary (1234567)			
Exemption grade span for vaccines listed below: TK-6th Grade			
Exempt Vaccines	Medical Basis for Exemption	Duration	Exemption Expires*
Varicella	History of chickenpox disease	Permanent	End of 6th Grade

*For the date listed or at the end of the grade span, whichever is sooner

CAIR-ME Instructions

→ Log In Register ? Forgot Password

The California Immunization Registry Medical Exemption web site is a secure site for physicians to issue and manage standardized medical exemptions for children in school or child care. Parents use the same site to request medical exemptions from vaccination for their children. Schools and child care facilities can monitor and get updates for medical exemptions issued for children in attendance.

California-licensed MDs and DOs can register to issue and manage medical exemptions in the CAIR Medical Exemption web site. Registration is quick and easy, with a real-time license validation through the California Department of Consumer Affairs.

If your child needs a medical exemption, register now with an email address to request the exemption from your child's doctor. The request process is quick and easy and can be done from your mobile device. The site will walk you through each step of the process. [Instructions to Request a Medical Exemption](#)

Instructions to Request a Medical Exemption

California Immunization Registry – Medical Exemption (CAIR-ME) Web Site

Overview:

To request a medical exemption for your child, the first step is to register for a CAIR-ME account at the [CAIR-ME web site \(https://cair.cdoh.ca.gov/exemptions/home\)](https://cair.cdoh.ca.gov/exemptions/home). Next, log in to your account and complete the required fields to request an exemption. The site will give you a Medical Exemption Request Number to give to your child's doctor. The doctor can register for an account in CAIR-ME, log in, search for the medical exemption request number or your child's name, enter the required information, and issue the exemption. The doctor will give you a copy of the two-page medical exemption form for you to take to your child's school or child care facility.

Recommended Browsers: Google Chrome or Microsoft Edge. You can download these browsers for free. Do not use Microsoft Internet Explorer.

Detailed Steps to Request a Medical Exemption:

- Go to the [CAIR-ME web site \(https://cair.cdoh.ca.gov/exemptions/home\)](https://cair.cdoh.ca.gov/exemptions/home).
- In your browser settings, make sure pop-ups are enabled for the CAIR-ME site.
- Click the "Register" button on the top right-hand corner of the home page.
- On the user agreement page, click the "I Agree to the User Access Agreement" button at the bottom of the page.
- Enter your email address and click the "Send verification code" button. Do not close this page.

California Immunization Registry – Medical Exemption IMM-1363 (02/23)

CAIR-ME Process

Step 1: Parent/Guardian

Follow instructions to Request a Medical Exemption

Step 2: Issuing Physician

In CAIR-ME, locate the ME request number (provided by parent) and complete the form. When approved, physician print copy and give to parent.

Step 3: Parent/Guardian

Provide a copy of the exemption to their child's school/childcare facility

Instructions to Request a Medical Exemption

California Immunization Registry – Medical Exemption (CAIR-ME) Web Site

Overview:

To request a medical exemption for your child, the first step is to register for a CAIR-ME account at the [CAIR-ME web site \(https://cair.cdph.ca.gov/exemptions/home\)](https://cair.cdph.ca.gov/exemptions/home). Next, log in to your account and complete the required fields to request an exemption. The site will give you a Medical Exemption Request Number to give to your child's doctor. The doctor can register for an account in CAIR-ME, log in, search for the medical exemption request number or your child's name, enter the required information, and issue the exemption. The doctor will give you a copy of the two-page medical exemption form for you to take to your child's school or child care facility.

Recommended Browsers: Google Chrome or Microsoft Edge. You can download these browsers for free. Do not use Microsoft Internet Explorer.

Detailed Steps to Request a Medical Exemption:

1. Go to the [CAIR-ME web site \(https://cair.cdph.ca.gov/exemptions/home\)](https://cair.cdph.ca.gov/exemptions/home).
2. In your browser settings, make sure pop-ups are enabled for the CAIR-ME site.
3. Click the "Register" button on the top right-hand corner of the home page.
4. On the user agreement page, click the "I Agree to the User Access Agreement" button at the bottom of the page.
5. Enter your email address and click the "Send verification code" button. Do not close this page.

A screenshot of the registration form. It has a 'Cancel' button at the top left. Below it is a text input field for 'Email Address'. Underneath that is a blue button with white text that says 'Send verification code', which is circled in red. Below the button are two more text input fields: 'New Password' and 'Confirm New Password'.

California Immunization Registry – Medical Exemption

IMM-1363 (02/23)

CAIR-ME Process

Schools and Child Cares

Schools and child care facilities can access CAIR-ME website once a child attending your facility has been issued a medical exemption.

If your school or child care facility has received a medical exemption in CAIR-ME, you can request access by emailing medicalexemptions@cdph.ca.gov

Source: School and Child Care Webinar Presentation (PDF) (4/14/2021)

For California Schools and Child Care Facilities

California schools and licensed child care facilities can access the CAIR Medical Exemption web site once a child attending the school or child care facility has been issued a medical exemption in CAIR-ME. If your school or child care facility has received a medical exemption in CAIR-ME, you can request access by emailing medicalexemptions@cdph.ca.gov.

CAIR-ME Process

- CDPH will review exemptions in CAIR-ME when:
 - Child care/school sites report immunization rates <95% or do not report
 - Physicians submit 5 or more MEs in a calendar year
 - Review is deemed necessary to protect public health
- CDPH may revoke exemptions issued in CAIR-ME and parents can appeal the revocation
 - Schools/ Child Cares will be notified of revoked MEs, if they have created a CAIR-ME account

Frequently Asked Questions

1. What were the main changes to the medical exemption process that came into effect under Senate Bills (SB) 276 and SB 714 (Pan, 2019)?
2. Are medical exemptions filed for children in attendance at a California child care facility or school before 2021 valid in later years?
3. A doctor has told a child's parents that their child needs a medical exemption from a required

Exemptions FAQ

2. Are medical exemptions filed for children in attendance at a California child care facility or school before 2021 valid in later years?

A medical exemption filed at a pre-kindergarten facility or school remains valid until the earliest of:

- When the child enrolls in the next grade span (TK/K-6th grade, 7th-12th grade)
- The expiration date specified in a temporary medical exemption
- [Revocation of the exemption](#) (PDF) because the issuing physician has been subject to disciplinary action from the physician's licensing entity (California Medical Board).

Blue Card: Permanent Medical Exemptions (PME)

- Check the Permanent Medical Exemption (PME) box(es) for vaccines that are permanently exempt for medical reasons.
- If they have doses of an exempted vaccine, write them on the blue card.

Frequently Asked Questions

- 1. What is the conditional admission schedule?**
 - For pre-kindergarten (child care), see Table C of 17 CCR section 6035.
 - For K-12, see Table D of 17 CCR section 6035.
- 2. What is conditional admission?**

In limited circumstances, some children who have not received one or more required immunizations (shots) may attend child care or school while they catch up on these immunizations.
- 3. What are examples of children who may attend pre-kindergarten (child care) or school under conditional admission?**

TABLE C: CONDITIONAL ADMISSION SCHEDULE FOR PRE-KINDERGARTEN

Before admission a child must obtain the first dose of each required vaccine and any subsequent doses that are due because the period of time allowed before exclusion has elapsed.

DOSE	Earliest Dose May be Given	Exclude if not Given by
Polio #2	4 weeks after 1st dose	8 weeks after 1st dose
Polio #3	4 weeks after 2nd dose	12 months after 2nd dose
DTaP #2, #3	4 weeks after previous dose	8 weeks after previous dose

TABLE D: CONDITIONAL ADMISSION SCHEDULE FOR GRADES K-12

Before admission a child must obtain the first dose of each required vaccine and any subsequent doses that are due because the period of time allowed before exclusion has elapsed.

DOSE	EARLIEST DOSE MAY BE GIVEN	EXCLUDE IF NOT GIVEN BY
Polio #2	4 weeks after 1st dose	8 weeks after 1st dose
Polio #3	4 weeks after 2nd dose	12 months after 2nd dose
Polio #4 ¹	6 months after 3rd dose	12 months after 3rd dose
DTaP #2	4 weeks after 1st dose	8 weeks after 1st dose
DTaP #3 ²	4 weeks after 2nd dose	8 weeks after 2nd dose
DTaP #4	6 months after 3rd dose	12 months after 3rd dose
DTaP #5	6 months after 4th dose	12 months after 4th dose
Hep B #2	4 weeks after 1st dose	8 weeks after 1st dose
Hep B #3	8 weeks after 2nd dose	12 months after 2nd dose and at least 4 months after 1st dose
MMR #2	4 weeks after 1st dose	4 months after 1st dose
Varicella #2	Age less than 13 years: 3 months after 1st dose	4 months after 1st dose
	Age 13 years and older: 4 weeks after 1st dose	8 weeks after 1st dose

¹ Three doses of polio vaccine meet the requirement if one dose was given on or after the fourth birthday.

² If DTaP #3 is the final required dose, DTaP #3 should be given at least six months after DTaP #2, and pupils should be excluded if not given by 12 months after second dose. Three doses meet the requirement if at least one dose of Tdap, DTaP, or DTP vaccine was given on or after the seventh birthday. One or two doses of Td vaccine given on or after the seventh birthday count towards the requirement.

Conditional Admission FAQs (ca.gov)

What is Conditional Admission?

- In limited circumstances, some children who have not received one or more required immunizations may attend child care or school while they catch up on these immunizations.
- They must have **at least one dose of each vaccine** to start school/child care, and any subsequent doses that are due.

There are three (3) categories of Conditional Admission.

Conditional Admission

1) Child Care Only: Children younger than 18 months who have met all the requirements for admission are required to receive additional vaccine doses as they become older.

- Must complete the remaining doses when they become due.
- The child care facility must notify the parent or guardian of the date by which the child must complete the remaining doses.

AGE WHEN ADMITTED	TOTAL NUMBER OF DOSES REQUIRED OF EACH IMMUNIZATION ^{2,3}			
2 through 3 months	1 Polio	1 DTaP	1 Hep B	1 Hib
4 through 5 months	2 Polio	2 DTaP	2 Hep B	2 Hib
6 through 14 months	2 Polio	3 DTaP	2 Hep B	2 Hib
15 through 17 months	3 Polio	3 DTaP	2 Hep B	1 Varicella
	On or after the 1st birthday:			1 Hib ⁴ 1 MMR
18 months through 5 years	3 Polio	4 DTaP	3 Hep B	1 Varicella
	On or after the 1st birthday:			1 Hib ⁴ 1 MMR

Conditional Admission

2) Children admitted with a **Temporary Medical Exemption (TME)**.

- To attend child care or school, these children must receive all vaccines required for their age or grade except those listed in the temporary medical exemption.
- The CAIR-ME form will include the date the exemption expires.
- Once the exemption expires, the child may continue to attend only after the school or child care receives:
 - 1) Documentation confirming that the child received the temporarily exempted vaccine(s), OR
 - 2) A new medical exemption issued using CAIR-ME.

Blue Card: Temporary Medical Exemption (TME)

- Complete the appropriate row in the **Status of Requirements** section.
- If the pupil has a **Temporary Medical Exemption**, check the designated box and write the expiration date in the **“Follow-up Date(s).”**
- Once the pupil meets **ALL** admission requirements, fill in the date for the **“Date Requirements Met.”**

State of California—Health and Human Services Agency
California Department of Public Health

California Pre-Kindergarten and School Immunization Record

Staff must record the required vaccine dose information and status of requirements for each pupil. See reverse side for guidance.

Pupil Name (Last, First, Middle):		Statewide Student Identifier (SSID):	Ethnicity: ☐ Hispanic/Latino ☐ Non-Hispanic/Non-Latino	Race: ☐ African American/Black ☐ American Indian/Alaska Native ☐ Asian ☐ Native Hawaiian/Other Pacific Islander ☐ White ☐ Other

Hep B #2	4 weeks after 1st dose	8 weeks after 1st dose
Hep B #3	8 weeks after 2nd dose and at least 4 months after 1st dose	12 months after 2nd dose

California Immunization Requirements for
Pre-Kindergarten
(any private or public child care center, day nursery, nursery school, family day care home, or development center)

Doses required by age when admitted and at each age checkpoint after entry¹:

Age When Admitted	Total Number of Doses Required of Each Immunization ^{1,2}			
2 through 3 months	1 Polio	1 DTaP	1 Hep B	1 Hib
4 through 5 months	2 Polio	2 DTaP	2 Hep B	2 Hib
6 through 14 months	2 Polio	3 DTaP	2 Hep B	2 Hib
15 through 17 months	3 Polio	3 DTaP	2 Hep B	1 Varicella
18 months through 5 years	On or after the 1st birthday: 1 Hib* 1 MMR			

1. A pupil's parent or guardian must submit documentation of a pupil's proof of immunization to the governing authority no later than the time of admission (as determined by intervals listed in the Conditional Admission Schedule, column entitled "EXCLUDE IF NOT GIVEN BY").

2. Combination vaccines (e.g., DTaP) count towards the number of doses required for individual components.

3. Any vaccine administered for a minimum required age.

Instructions:

California pre-kindergarten (child care) admissions and at each age checkpoint after entry.

Unconditionally Admit a pupil who has documentation of any of the following:

- Receipt of immunization.
- A permanent medical exemption.

Conditionally Admit any pupil who lacks documentation for unconditional admission if the pupil:

- has commenced receiving doses of all the vaccines required for a pupil's age (table on page 1) and is not currently due for any doses at the time of admission (as determined by intervals listed in the Conditional Admission Schedule, column entitled "EXCLUDE IF NOT GIVEN BY");
- is younger than 18 months and has received all the immunizations required for the pupil's age (table on page 1) but will require additional vaccine doses at an older age (i.e., at next age checkpoint); or
- has a temporary medical exemption from some or all required immunizations.*

Continued attendance after conditional admission is contingent upon documentation of receipt of the remaining required immunizations. The pre-kindergarten facility shall notify the pupil's parent or guardian of the date by which the pupil must complete all remaining doses.

*In accordance with 17 CCR sections 6050-6051 and Health and Safety Code sections 120370-120372.

Polio #3	6 months after 3rd dose	12 months after 3rd dose
DTaP #1	4 weeks after 1st dose	8 weeks after 1st dose
DTaP #2	4 weeks after 2nd dose	8 weeks after 2nd dose
DTaP #3	6 months after 3rd dose	12 months after 3rd dose
DTaP #4	6 months after 4th dose	12 months after 4th dose
Hep B #1	4 weeks after 1st dose	8 weeks after 1st dose
Hep B #3	8 weeks after 2nd dose and at least 4 months after 1st dose	12 months after 2nd dose
MMR #1	4 weeks after 1st dose	4 months after 1st dose
MMR #2	Age less than 13 years: 4 weeks after 1st dose	4 months after 1st dose
Varicella #2	Age 1 year and older: 4 weeks after 1st dose	8 weeks after 1st dose

1. Three doses of polio vaccine meet the requirement if the third dose was given on or after the fourth birthday. If polio #3 is the final required dose, polio #3 should be given at least six months after polio #2.

Continued attendance after conditional admission is contingent upon documentation of receipt of the remaining required immunizations. The school shall:

- review records of any pupil admitted conditionally to a school at least every 30 days from the date of admission,
- inform the parent or guardian of the remaining required vaccine doses until all required immunizations are received or an exemption is filed, and
- update the immunization information in the pupil's record.

For a pupil **transferring** from another school in the United States whose immunization record has not been received by the new school at the time of admission, the school may admit the child for up to 30 school days. If the immunization record has not been received at the end of this period, the school shall exclude the pupil until the parent or guardian provides documentation of compliance with the requirements.

California Immunization Handbook

Admitting Children “On Condition”

In limited circumstances, some children who have not received one or more of the required immunizations may attend child care or school while they catch up on these immunizations. If children have received at least the first dose of each required vaccine and are not due for the next doses at the time of admission, they may be admitted on the condition that they will receive still-needed doses as they become due in the future. The school or child-care provider must follow up (see *Following Up with Parents*, page 20) by notifying parents, checking documentation that the needed immunizations were received (usually by reviewing the child’s updated personal immunization record), and updating the Blue Card with the dates for the catch-up immunizations once they have been received.

[California Code of Regulations \(CCR\) Section 6035\(b\)](#) states that “The governing authority shall **review records** of any pupil admitted conditionally to a school **at least every 30 days from the date of admission**, inform the parent or guardian of the remaining required vaccine doses until all required immunizations are received or an exemption is filed, and update the immunization information in the pupil’s record.”

If a child has NOT received all immunization doses which are currently due, the child must NOT be admitted until all doses currently due are received and documentation is provided. [Tables C and D, Section 6035](#) show the intervals when doses are due. If a child has not received any dose of a required vaccine, **a first dose MUST be received prior to admission.**

Examples of children who may attend child care or school under conditional admission include the following:

- **Children younger than 18 months who have met all the requirements for admission** are required to receive additional vaccine doses as they become older (see [Table A, Section 6025](#)). These children may be conditionally admitted but must complete the remaining doses when they become due ([Table A, Section 6025](#)). The child-care facility must notify the parent or guardian of the date by which the child must complete the remaining doses.

16

Blue Card: Conditional Admission

- Complete the appropriate row in the **Status of Requirements** section.
- If the child does not have all required doses **but is not due** for any doses at the time of admission,
- Check the “**Missing Doses Not Currently Due—Conditional**” box
- Fill in the “**Follow-up Date(s)**”

Conditional Admission Follow Up

- Create a reminder entry in your follow-up system to notify parent/guardian when next shots are due.
- Notify parents, use the:
 - **Letter to Parents: Immunizations Needed**
 - **Parents' Guide to Required Immunizations**
- Please make sure you include the **deadline**.

NOTICE OF IMMUNIZATIONS NEEDED

Dear Parent/Guardian of: _____

Our records show that your child needs the following immunization(s) (shots) to meet the requirements of the California School Immunization Law, Health and Safety Code Sections 120325-120375:

VACCINE	MISSING DOSE(S) MARKED BELOW:				
Polio	☐ #1	☐ #2	☐ #3	☐ #4	
DTaP (Tdap or Td if age 7 years or older.)	☐ #1	☐ #2	☐ #3	☐ #4	☐ #5
MMR	☐ #1	☐ #2			
Hib (child care/preschool only)	☐ #1	☐ #2	☐ #3	☐ #4	
Hepatitis B	☐ #1	☐			
Varicella (chickenpox)	☐ #1	☐			
Tdap (for 7th-12th grade)	☐ #1				

YOU NEED TO DO ONE OR MORE OF THE FOLLOWING:

1. If your child has already received all of these immunizations, please provide a record so that we can update our files. Your child's record should be checked above and the doctor's/clinic's name.
2. If your child has not already received all of the immunizations, please bring your child's immunization record to your doctor or local health department. Bring us your child's updated immunization record if the required immunizations have been received.
3. If any of these immunizations were not given to your child, please complete a medical exemption form issued using the CAIR-Medical Exemption Form (licensed in California).

According to state law, we cannot allow your child to attend school until evidence that the above requirements are met by this date: _____

For more information on pre-kindergarten (child care or preschool) immunizations, visit www.shotsforschool.org.
If you have any questions or require additional information, please contact: _____

Sincerely, _____

**PARENTS' GUIDE TO IMMUNIZATIONS
REQUIRED FOR PRE-KINDERGARTEN (CHILD CARE)** 

Starting July 1, 2019

Parents must show their child's Immunization Record as proof of immunizations (shots) before starting pre-kindergarten (child care) and at each age checkpoint after entry:

Age at Entry/checkpoint	Required Doses
2-3 Months	1 Polio 1 DTaP 1 Hep B 1 Hib
4-5 Months	2 Polio 2 DTaP 2 Hep B 2 Hib
6-14 Months	2 Polio 3 DTaP 2 Hep B 2 Hib
15-17 Months	3 Polio 3 DTaP 2 Hep B 1 Hib* (on or after 1st birthday) 1 Varicella 1 MMR (on or after 1st birthday)
18 Months-5 Years	3 Polio 4 DTaP 3 Hep B 1 Hib* (on or after 1st birthday) 1 Varicella 1 MMR (on or after 1st birthday)

* One Hib dose must be given on or after the 1st birthday regardless of previous doses. Required only for children younger than 5 years old.

DTaP = diphtheria, tetanus, and acellular pertussis vaccine
Hep B = hepatitis B vaccine
Varicella = chickenpox vaccine
Hib = Haemophilus influenzae, type B vaccine
MMR = measles, mumps, and rubella vaccine

IMH-222 Child Care (1/19) California Department of Public Health - Immunization Branch - ShotsForSchool.org

Missing Doses Are Overdue: **Exclude**

Overdue doses are those where the **conditional admission time window** has passed.

- Complete the appropriate row in the **Status of Requirements**.
 - Check the “**Missing Doses Are Overdue—Needs Doses Now**” box
 - Fill in the “**Follow-up Date(s)**”

How Children May Be Admitted

Children may be admitted if they:

- ✓ 1) Are 18 months or older and have received **all required immunizations** for age and grade = **Unconditional Admission**
- ✓ 2) Have submitted a valid **Permanent Medical Exemption** and immunization records for required shots that are not exempted = **Unconditional Admission**
- ✓ 3) Qualify to be admitted as **conditional entrants** = **Conditional Admission**
- 4) Are **transferring** into a new school, including homeless and foster children.

How Children May Be Admitted

Children may be admitted if they:

- 4) Are **transferring** into a new school, including homeless and foster children

Transfers

For children transferring from another school in California or another state

- Request immunization records from parent/ guardian; do not wait for cumulative folder to be transferred
- **Review the student's immunization records** to make sure all immunization requirements have been met
- May admit transfer students without an immunization record for **up to 30 school** days of attendance while waiting for their former school's cumulative folder (or other immunization record) to arrive.
 - Note: Your school or district may set a shorter time frame or have no grace period at all.

Homeless or Foster Transfer Students

The federal McKinney-Vento Homeless Assistance Act requires schools to **enroll new students who are homeless even if their immunization records are missing or unavailable** at the time of enrollment.

California law requires schools to immediately **enroll foster children transferring to their school even if a foster child is unable to produce immunization records** normally required for school entry.

For more information, see the [California Immunization Handbook](#).

Other Situations: Admitting Students from Another Country

- For children entering school from another country, you will need to obtain immunization records from the parents.
- Do not wait for a record from the previous country.
- Do not allow any grace period, but refer families without personal records, who are missing doses, or with foreign records that you cannot understand to their physician or local health department.
- A list of foreign vaccine names is included in Appendix B of CA Immunization Handbook.
- Please note: Oral polio vaccine (OPV) doses received on or after April 1, 2016 do not count toward the requirements *

*Errata: Vol. 66, No. 1 | MMWR

Reference: California Immunization Handbook, p 9

Other Situations: IEP & Independent Study

Some students may fall into special categories. Check appropriate box:

- **IEP:** Accessing special education services required by the pupil's individualized education program
- **IND:** Enrolled in an independent study program and does not receive classroom-based instruction
- **Home:** Enrolled in a home-based private school

How To Implement Immunization Requirements

The First Day of School

**No Shots? No Records?
No School.**

**Children will not be enrolled
unless an immunization record
is presented and
immunizations are up-to-date.***

*If your child is unimmunized due to medical reasons, please notify us.

Go to ShotsForSchool.org to access information about immunization requirements, an interactive school look-up tool, implementation materials for schools, and educational materials for parents.  ShotsForSchool.org

IMM-1167 (5-16)

**¿No está vacunado?
¿No tiene comprobantes?
No puede asistir a la escuela.**

**No se admitirá a los niños a menos
que se presente el
comprobante de vacunación y
las vacunas estén al día*.**

*Avísenos si su hijo(a) no está vacunado(a) por motivos médicos.

Visite ShotsForSchool.org para acceder información sobre los requisitos de vacunación, una herramienta de búsqueda interactiva de escuelas, materiales de implementación para las escuelas y materiales educativos para padres.

 ShotsForSchool.org

IMM-1167S (5-16)

If Requirements Are Not Met Prior to Admission

- According to state law, you cannot allow a child to attend a child care facility or school unless the child has met all requirements.
- Alert the parents and refer them to their doctor or clinic.
- Provide the parent with a written notice indicating what is required: (1) obtain dose(s) the child needs or (2) obtain a medical exemption.

*For more information, see **page 13** of the California Immunization Handbook.*

Throughout the Year

1st Day of School: Do not admit children that do not meet entry immunization requirements.

Conditional Admissions: Review records every 30 days and follow up to ensure students get their vaccine and provide the record to the school or child care.

Transfer Students: Process transfer students, review immunization requirements, and follow up as needed.

Reporting: Complete the Annual Immunization Assessment Report, due December 5, 2025

Prepare for Next School Year: Send “Parent’s Guide to Required Immunizations” handout, and request immunization records for registration.

Annual Immunization Assessment Report

Types of Child Care Facilities Required to Report

- Day Care Center license – **yes**
 - with children ages 2-5
- Family Home Care – **no**
- School Age Day Care - **no**
- Infant license:
 - **and** Day Care Center license, report under their Day Care Center license.
 - **and do not** have a Day Care Center license, they **do not** have to report.

Annual Immunization Report

Under CA Code of Regulations, Title 17, schools and licensed child care centers/preschools are required to report immunization status of their students to the State annually.

- Includes home schooled students with 6+ students, although they do not have to fulfill immunization requirements.

Due dates for all: **December 5, 2025**

- Child Care/Preschool
- TK/Kindergarten
- 7TH Grade

Reporting Website

- Reporting site on CAIR Hub is now open as of September 1st. Instructions via email to follow.
- Please log in ASAP to assure you have a login.

The image displays two screenshots of web portals. The left screenshot shows the 'Welcome to CAIR Hub' page, which describes the California Immunization Registry Hub as a centralized application for reporting and information for school and child care sites. It includes a section for 'For School and Child Care Staff' with links to 'Immunization Reporting' and 'SCRL'. The right screenshot shows the 'IMMUNIZATION BRANCH' page on the California Department of Public Health website. It features a sidebar with a red box around the 'Reporting' link under 'Tools for Schools'. The main content area includes 'Immunization Reporting' information, a 'Reporting Site' section with a red box around the 'Register or Sign In' link, and sections for 'Prepare for Reporting' and 'Online Training'.

Immunization Report: Public Health Department Follow Up

- Public Health may start contacting child cares and schools who have not submitted the report up to **3-4 weeks before** the reporting deadline.
- CDPH sends a warning notice as the **reporting deadline approaches.**
- Delinquent child care facilities will be reported to CA Dept of Social Services (CDSS).
- Delinquent schools will be reported to CA Dept of Education (CDE).

Spring Immunization Site Visits by Public Health

- Public Health will conduct on-site compliance visits, called “Selective Review” in April & May
 - For any schools with 10+ enrolled students and >10% of TK/K and/or 7th grade who are conditional admissions &/or overdue

Site visits may also occur for schools & child cares who do not submit the report, have high numbers of exemptions, or at the discretion of the Local Health Department (LHD).

**Title 17, California Code of Regulations (CCR) §2500, §2593, §2641.5-2643.20,
and §2800-2812 Reportable Diseases and Conditions***

§ 2500. REPORTING TO THE LOCAL HEALTH AUTHORITY.

- § 2500(b) It shall be the duty of every health care provider, knowing or in attendance on a case or suspected case of any of the diseases or condition listed below, to report to the local health officer for the jurisdiction where the patient resides. Where no health care provider is in attendance, any individual having knowledge of a person who is suspected to be suffering from one of the diseases or conditions listed below may make such a report to the local health officer for the jurisdiction where the patient resides.
- § 2500(c) The administrator of each health facility, clinic, or other setting where more than one health care provider may know of a case, a suspected case or an outbreak of disease within the facility shall establish and be responsible for administrative procedures to assure that reports are made to the local officer.
- § 2500(a)(14) "Health care provider" means a physician and surgeon, a veterinarian, a podiatrist, a nurse practitioner, a physician assistant, a registered nurse, a nurse midwife, a school nurse, an infection control practitioner, a medical examiner, a coroner, or a dentist.

URGENCY REPORTING REQUIREMENTS [17 CCR §2500(h)(i)]

- Ⓢ = Report immediately by telephone (designated by a ♦ in regulations).
- † = Report immediately by telephone when two or more cases or suspected cases of foodborne disease from separate households are suspected to have the same source of illness (designated by a ♦ in regulations).
- Ⓢ = Report by telephone within one working day of identification (designated by a + in regulations).
- FAX Ⓢ = Report by electronic transmission (including FAX), telephone, or mail within one working day of identification (designated by a + in regulations).
- WEEK = All other diseases/conditions should be reported by electronic transmission (including FAX), telephone, or mail within seven calendar days of identification.

Communicable Diseases

Prepare for an Outbreak of a Vaccine-Preventable Disease

- Maintain a roster of all pupils who are not vaccinated or under vaccinated for immediate identification in case of disease outbreak or exposure in the community.

Reportable Diseases to Marin County Public Health

CA state law Title 17, CCR 2508: It shall be the duty of anyone in charge of a public or private school, kindergarten, boarding school, or day nursery to report at once to the local health officer the presence or suspected presence of any of the communicable diseases.

For COVID-19 and other respiratory illnesses

Refer to:

MCPH Acute Respiratory Illness (ARI)

CHICKENPOX (VARICELLA)

Your child may have been exposed to this disease on _____ Date(s)
Please check your child for symptoms through _____ Date
If your child has symptoms, please contact your child's healthcare provider.

If my child has this disease, when can my he or she return to school or child care?
Children with chickenpox may NOT return to school or child care until all blisters have scabbed over and there are no new blisters.

In the rare case a vaccinated child develops chickenpox, the child may not return to school until there have been no new bumps or blisters for 24 hours.

Chickenpox is a virus and causes:

- An itchy rash of small pink bumps all over the body.
- Some bumps turn into round, hard, shiny blisters that look like drops of water on the skin.

Blisters will dry and scab over.

- Fever, fatigue, headache, and/or loss of appetite.

Symptoms usually start 14 to 36 days after a person is exposed, but it can take up to 20 days. If your child has not received the vaccine or has not had this illness before, your child may become ill.

Rarely, people who have had the vaccine get chickenpox. If this happens, they usually have milder illness: fewer blisters, and bumps that may not develop into blisters.

What can I do now?

Check your child for symptoms of chickenpox. If your child has not had chickenpox or had the chickenpox vaccine the illness might be prevented or made less severe by getting the vaccine 3-5 days after exposure. A pregnant woman or person with a weakened immune system who has been exposed or has symptoms of chickenpox should contact their doctor immediately.

Do not bring your ill child into a crowded waiting room or hospital since this may spread the illness. Keep your child at home until all the blisters have scabbed over and there are no new blisters. Do NOT give your child aspirin because it might cause a serious disease called Reye's syndrome.

For more information, contact your health care provider, your School Nurse, the Marin County Health Department at 415-473-4103, or visit www.cdc.gov/chickenpox.
