

Norman Rockwell Elementary

Construction Update #07

September 11, 2025

Rebuild & Enlarge Construction Timeline: April 2025-December 2026

As we welcome our Beagles back to school we have some exciting updates to share! To make the building adventure even more exciting, we have added larger viewing windows. Now, students can get an even better look at the action as the project starts to take shape. Think of it as your own "construction theater," where every day brings something new to watch!

Your new school is growing every day, and the latest milestone is a big one! The building foundation walls are now complete. These short concrete walls are very strong for their size and give our building the support it needs. From here, the rest of the school will start to rise up and take shape! Our construction workers use large machines to help move around heavy materials every single day! If you could invent something to help construction workers, what would it be?

Please reach out to Ina Holzer or Ryan Ota with questions and/or requests for information (contact information below).

Project Team:

LWSD Senior Project Manager, Ina Holzer, iholzer@lwsd.org

LWSD Project Manager, Ryan Ota, c-rot@lwsd.org

Lydig Site Superintendents, Jason Schmidt and Steve Fromm

Lydig Senior Project Manager, Ian McDonald

What To Expect During Construction

Building Framing Starts Late September 2025!

Working Hours:

Standard working hours:

7 a.m. – 4 p.m. Monday-Friday

Throughout the course of this project, construction may occur late and/or on work weekends to maintain schedule. In those circumstances, we will abide by the City of Redmond's noise and work hour ordinances (as follows):

7 a.m. – 7 p.m. Monday - Friday

9 a.m. – 6 p.m. Saturday

Not allowed on Sunday/Legal Holidays

Deliveries:

The primary construction entrances will be on 162nd Ave NE. Deliveries will not be allowed outside of our working hours. Deliveries will not occur during pick up and drop off times.

Noise & Vibration:

Lydig adheres to all local and state noise codes. Heavy machinery and construction equipment shall not be operated during non-working hours. Trucks and equipment idling will not be permitted to idle on site before 7 a.m. Please note the back-up alarms on our vehicles and equipment are required by WISHA and cannot be disabled.

Personal Conduct:

All Lydig employees and subcontractors undergo a mandatory safety and personal conduct orientation meeting. This includes, but is not limited to, site regulations on language, harassment, music/radios, tobacco use, litter and leaving/entering the job site.
