PATHWAYS TO OPPORTUNITY

Pathways to Opportunity is the culmination of many candid community conversations, insights and suggestions from every corner of our city, and the very best thinking of our system's educators, school leaders, support professionals, parents, students, partners, and advocates. This plan represents our promises to the people of Tulsa:

- Our schools will be places in which students can find and grow into the best version of themselves.
- Our students will become powerful readers, writers, speakers, and thinkers for whom language is a life-long asset.
- Our high schools will prepare young adults for a rich, choice-filled life.

Schools have always been the beating heart of vital communities, and Pathways to Opportunity is designed to create robust foundations for children to learn, grow, thrive, and achieve their greatest potential in college, careers, skilled trades, or military service.

LEARNERS, CONTRIBUTORS, AND DESIGNERS

Our approach is based on the belief that we are all learners, contributors, and designers of our schools and our own futures.

BEING A LEARNER: Through learning, application, reflection, and persistence we grow every day. We understand that challenges are important opportunities to build our knowledge and skills.

BEING A CONTRIBUTOR: We have responsibilities to each other and our world, so we are leaders who seek progress, affect change, and help others be successful. We are participants in and contributors to the well-being of our schools and larger communities.

BEING A DESIGNER: We solve problems and bring ideas to life. Our team members and students have the autonomy, time, and support necessary to reimagine, innovate, and iterate

OUR CORE VALUES

EQUITY: All children deserve the opportunity to develop their full academic and social potential. Valuing equity means that we must provide resources and supports matched to student need, for every student in every school. Our diversity is a community treasure, and we must foster an inclusive environment by resolving unfair practices.

CHARACTER: We are honest, trustworthy and have high standards of behavior. We make decisions, take action and approach our work based on what is best for our students and their success. We do the right thing even when it is hard. We face difficulty with courage and have the moral fortitude to act in accordance with our beliefs. While we do not always agree, we treat one another with kindness and respect.

EXCELLENCE: Tulsa needs and expects world-class public schools. We work hard together and expect a lot of one another because high standards produce exemplary knowledge, skills, abilities and mindsets. Achieving excellence means striving for it every moment of every day. It means sweating the small stuff while we focus on the big picture with determination and persistence.

TEAM: We care for one another, support the personal and professional development of one another, and work together to improve our community. Together we celebrate success, learn from struggles and invest in the development of our teams and team members. While we value our work together and invest mightily in it, we also honor and respect the commitments our team members have to their families and communities outside of work.

JOY: We love to have fun! Play is invaluable for students and adults alike. Joy at school and at work makes us more productive, because when we create, innovate and imagine, our motivation grows. At Tulsa Public Schools, we foster exuberant classrooms, schools and places of work where children and adults pursue their passions and are relentlessly curious. We want to ensure that everyone knows the excitement that comes from working deeply on a problem, task or concept and experiencing breakthrough moments.

PATHWAYS TO OPPORTUNITY

OUR BELIEFS

Our beliefs describe what we hold as inherent truths.

OUR STUDENTS CAN: Every child can learn. Every child has talent. Every child has value. Great education is demanding and engaging, structured and joyful, challenging and supportive. To succeed in a competitive world and to serve as the next generation of leaders, students must engage in their education, own their learning and feel accepted and supported in our schools.

OUR TEACHERS MAKE IT HAPPEN: Extraordinary teachers are the heart of successful schools. They must continually hone their craft and content knowledge to design engaging learning and facilitate success in every student. We require much of our teachers, and we must provide the conditions and work environments that promote professional satisfaction and student achievement. This means that our entire community must value, respect, and support teachers as the irreplaceable professionals they are.

OUR PRINCIPALS ARE KEY: Principals' responsibilities are strategic, vast and intense. As leaders, they must be visible, hire the right staff, cultivate talent, build relationships with families and communities, foster positive and safe school culture and ensure results. As such, the education service center must support principals' growth as instructional leaders and be their primary support system in strengthening the quality of teaching and learning in all classrooms.

OUR DISTRICT IS "ALL IN": Effective teams collaborate and continually assess and improve their service to schools. They attend to present needs while preparing for the future. This means our employees and board must work together, reflect, adjust, think ahead and innovate in service to powerful teaching and learning.

OUR COMMUNITY IS ESSENTIAL: Our children and schools need all of us—educators, families, and community partners. High quality schools are vital to the health of our community. We must engage our families and all of Tulsa by embracing transparency, holding ourselves accountable to high standards, proactively communicating and working as a team united in the success of every student.

LANGUAGE AND CULTURAL SERVICES

PARENT NOTICE OF LANGUAGE ASSISTANCE SERVICES

At Tulsa Public Schools, we are committed to delivering high-quality, professional language assistance services—both oral interpretation and written translation—to ensure all families can actively participate in their child’s education and enable effective communication.

Interpretation and translation services are available **at no cost** to parents and guardians who may need language assistance, whether in speaking, reading, writing, or comprehending English.

If you need an interpreter for a spoken language or a translation of a school document, please contact the main office at your child’s school. School staff will first use site-based resources, such as an on-site or over-the-phone interpreter. If additional support is needed, they will contact the Language Assistance Services team.

INTERPRETATION PHONE LINES FOR PARENTS

Families also have direct access to interpreters over the phone when they need to contact their child’s school or a Tulsa Public Schools district office. Dedicated interpretation phone lines are available to parents who speak Spanish, Hmong, Marshallese, Pashto, Dari, and Arabic. To access an interpreter, parents need to dial the dedicated phone number for their language, and their call will be automatically connected to a professional interpreter who will stay on the line to support them throughout the entire call.

Tulsa Public Schools provides culture and academic resources to pre-K-12th grade Indigenous students that are enrolled in the program. Eligibility for enrollment requires parent/guardian to complete a 506 form and provide tribal documentation to the Indian Education office. Records will remain on file as long as a student is enrolled in the district. Please contact IndianEd@TulsaSchools.org for any questions.

AT-HOME FAMILY ENGAGEMENT

SUCCESS IN THE CLASSROOM AND LIFE

There is no one more important in helping a child succeed than you. What you do at home can make a big difference in how your child performs in school.

- Attend conferences to find out how well your child is performing.
- Discuss the importance of going to school every day with your child.
- Make sure your child has a quiet place to study and that they complete all homework assignments.

YOU ARE YOUR CHILD'S GREATEST CHEERLEADER

Let your child know that school is important and that you are interested in their progress and...

- what they did at school.
- what homework must be finished for the next day.
- what needs to be done on future projects.

MATHEMATICS

- Review homework every day with your child to make sure assignments are completed. Ask your child to explain some of their math problems and how they solved them.
- Have your child help solve “real” mathematical problems as you play games, cook a meal, or prepare to do a home project.
- Show your child how math is used in everyday life, including cooking, shopping, making crafts, sewing or doing home repairs.
- Help your child read charts or graphs in newspapers and magazines. Read maps when going on family trips.

READING AND WRITING

- Listen to your child read. Read stories aloud to them.
- Talk about what you and your child are reading.
- Ask questions and discuss words that are new or difficult.
- Encourage your child to write lists, notes, journals, recipes, short stories and other types of writing used in everyday life.
- Talk with your child about writing assignments.
- Set a limit on the amount of time your child watches television or uses electronic devices.

NURTURING THE WHOLE CHILD

Supporting the whole child means addressing every aspect of a student's development academic, social, emotional, physical, and behavioral. Families are a child's first and most important teachers, especially in helping them build:

- Self-Awareness
- Self-Management
- Social Awareness
- Healthy Relationships
- Responsible Decision-Making

Children thrive when they experience consistent, supportive relationships at home, at school, and in the community. These connections help them feel safe, valued, and ready to learn. By working together, families and educators can create predictable, nurturing environments where every child is empowered to grow and succeed.

DISTRICT AND STATE ASSESSMENTS

Tulsa Public Schools students take the NWEA MAP Growth assessment in the fall, winter, and spring. MAP Growth is an adaptive assessment, designed to measure student achievement and growth over time. MAP Growth scores provide teachers with a sense of students' individual academic strengths and weaknesses. Teachers use MAP Growth results to modify instruction and advance student learning. It also offers insight into and opportunities for:

- Understanding students' postsecondary readiness levels.
- Understanding students' intervention needs.
- Understanding how to best help students reach their goals.
- Enrollment applications.
- Individualized support for learners who need it and enrichment opportunities for students performing above grade level.

Students also take state-mandated assessments in grades 3rd-8 and 11th in the spring to determine their academic progress. You can support district and state assessments by:

PREPARING YOUR CHILD FOR THE ASSESSMENT

- Know when your child is taking the assessment.
- Discuss upcoming tests with your child and reassure them that test results provide useful information about what they know and what they still need to learn.
- Make sure your child attends school on testing days.
- Make sure your child gets a good night's sleep and has a nutritious breakfast.

MOTIVATING YOUR CHILD

- Explain why they are taking the assessment.
- Encourage them to do their best.
- Remind them to take their time.

CELEBRATING YOUR CHILD

- Congratulate them for giving their best effort at the end of the day.
- Let them know you are proud of them for persevering.

GRADES

POWERSCHOOL PARENT PORTAL

The Parent Portal keeps everyone connected – students stay on top of assignments, parents participate more fully in their students’ progress, and teachers share important information. You can access the Parent Portal at TulsaSchools.org/Grades

Strong school and family partnerships are critical to students’ academic, personal, and social success. We welcome our parents, guardians, and families to be involved with their child’s schools as volunteers, advocates, and partners in education. We offer many programs and services to help meet the needs of students, parents, schools, and our community and to help our young people gain the tools they need to thrive within their educational journeys and beyond. Read the latest parent update at TulsaSchools.org/Update

If you don’t have a parent portal account, please reach out to your child’s school so they can assist you with getting it set up.

WEEKLY GRADE & ATTENDANCE EMAIL

We recognize that many parents have not set up their PowerSchool Parent Portal account but still need access to information about their student’s progress. For this reason, parents who have not yet set up their accounts for parent portal with notifications enabled will receive weekly emails including attendance and grade summaries for each class. In addition, we will include information about how to set up your PowerSchool Parent Portal account, which is the best way to access complete attendance and academic details for your student.

GRADUATION REQUIREMENTS

REQUIREMENTS

For more information and a full list of graduation requirements, visit TulsaSchools.org/Requirements or contact your student's school counselor.

GRADUATION REQUIREMENTS FOR TULSA PUBLIC SCHOOLS STUDENTS

All Tulsa Public Schools students must meet district graduation requirements, which in some cases may be higher than the minimum requirements set by the state. Students must complete one of the following graduation plans:

- College/Preparatory/Work Ready Curriculum
TulsaSchools.org/CollegeAndCareer
- Core Curriculum (Requires a signed opt-out form on file)
TulsaSchools.org/Core

TO GRADUATE, STUDENTS MUST:

- Complete all required high school courses and earn a minimum of 23 credits.
- Complete all non-course requirements (such as Personal Financial Literacy, CPR training, ICAP, and FAFSA)
- Take all required state assessments or an approved nationally recognized high school assessment (unless exempted by law)
- To participate in special school activities—such as prom, class events, and similar experiences—students must be in good standing with the school. Students must be up to date on all grade-level requirements, including non-course graduation requirements.

PARENTAL RIGHTS AND OPT-OUTS

In accordance with **Oklahoma Statute 25 O.S. § 2003**, parents have the right to withdraw their child from any class, activity, or program they find objectionable based on beliefs regarding sex, morality, or religion.

Please note: Withdrawing from a state-mandated course or assessment may affect a student's ability to advance grade levels or receive a high school diploma.

ATTENDANCE

DID YOU KNOW?

Children can suffer academically even if they miss only one or two days of school per month.

ATTENDANCE MATTERS FOR PARENTS AND FAMILIES

Your child's daily, on-time attendance in school is critical to their academic and personal success. It is understandable that some challenges to your child's school attendance are unavoidable, such as an illness or a family emergency. However, it is important to understand the impact of absences from school, especially if they become frequent.

In Oklahoma, students who miss 10% or more of the school year are considered chronically absent. Chronic absenteeism not only affects learning but can also impact whether a student earns credit for their coursework. Oklahoma high schools require approximately 120 hours of instruction per course to receive credit. If a student misses too many class hours, they may not meet this requirement, even if they pass the course academically. Attending school every day is one of the best ways to stay on track for graduation.

TAKE ACTION TO HELP ELIMINATE CHRONIC ABSENTEEIS

Parents and families:

- Make getting to school on time every day a priority in your family.
- Talk with your child about the importance of school attendance from an early age and the negative effects of too many absences.
- When necessary, create a safe space for your child to share what is keeping them from participating in school on a regular basis. Communicate any concerns with your school's staff as soon as possible.
- Have a back-up plan for getting your child to school when there are difficulties with transportation, a family illness, or other challenges.
- Schedule appointments for after school hours whenever possible.
- Monitor school attendance to make sure your child is in class and on time every day.
- Contact your child's school to discuss supports and services that can help maintain regular school attendance.

SAFETY, SECURITY, & CONCERNS

Together, we can help make every school safe and welcoming.

EMERGENCY PREPAREDNESS

Being prepared for emergencies is important to Tulsa Public Schools. The district's Safe Schools Plan, as required by **Oklahoma Title 70§23-100 and 24-100.5**, requires every school to have a Safe School Committee and a Healthy and Fit Committee. The committees include teachers, parents, students, administrators, health care professionals, community members, law enforcement, citizens, clergy and non-profit health organizations.

EACH SCHOOL'S EMERGENCY MANAGEMENT PLAN IS REVIEWED AND REVISED ANNUALLY AND AFTER EACH EMERGENCY.

TPS Board Policy 7307 requires schools to have emergency plans for fires, bomb threats, suicide intervention, tornadic/severe weather, intruder on campus/lockdown, student endangerment, child abuse, accident/serious illness, student runaway, abduction and atmospheric chemical release.

FREQUENTLY ASKED QUESTIONS

HOW DOES TULSA PUBLIC SCHOOLS RESPOND IN THE CASE OF AN EMERGENCY?

When an emergency occurs, there are three possible plans of action:

1. **EARLY RELEASE PLAN:** Returns students to their homes as quickly and safely as possible. Each school maintains information for emergency contacts for each child. It is very important that parents and legal guardians inform the school when emergency contact information changes.
2. **SHELTER IN PLACE PLAN:** Keeps students in their buildings. Specific areas with each building are identified as safety zones. The shelter plan may include a partial or complete lockdown of the school. In this case, students remain in their classroom until otherwise notified. Students in buildings who are not in a classroom will be escorted by staff to supervised areas and remain there until otherwise notified. No one will be allowed to enter or leave the school for any reason.
3. **EVACUATION PLAN:** Requires that all building occupants exit the building and go to a previously identified, safe alternate location. Evacuation may mean only going outside and away from the building until an all-clear signal is given. In some circumstances, students and staff may need to be transported and housed temporarily in another location.

HOW WILL I KNOW WHERE TO PICK UP MY CHILD IF A SCHOOL IS EVACUATED?

In the event students must be moved to an alternate location, the school will use a number of communication tools to advise parents. (see "Where should I get accurate information during a school emergency?")

Schools have several alternative locations, depending on the severity of the emergency and the number of school buildings involved.

Police, fire, county and state authorities know of the alternate locations for each school. For security reasons TPS does not disclose alternate locations until an actual emergency occurs.

SAFETY, SECURITY, & CONCERNS

DOES TULSA PUBLIC SCHOOLS HAVE EMERGENCY PRACTICE DRILLS?

Oklahoma law requires schools to have a minimum of two lock down drills each school year and two fire drills each semester. The first fire drill is conducted in the first 15 days of each semester.

Emergency drills are conducted at various times during the school day so students and staff can practice what to do regardless of where they are or what they are doing. Additional drills and simulations may be conducted several times throughout the year.

SHOULD I PICK UP MY CHILD AT SCHOOL DURING AN EMERGENCY?

NO. While every guardian's instinct in an emergency is to go to the school to safeguard their child, doing so may interfere with the school's ability to effectively respond to the situation. We strongly encourage parents NOT to come to the school during an emergency unless directed to do so by the district. In most cases, school district administration and district and local emergency responders are the only individuals allowed to enter or leave campus or buildings during emergencies.

In the event of an emergency, school staff will work to ensure the safety of students. In a fast-moving situation that requires careful coordination and communication, extra vehicles and visitors to the school make the task of keeping track of students much more difficult.

WHAT PROVISIONS ARE MADE DURING EMERGENCIES FOR STUDENTS WITH DISABILITIES?

Contact your school for the plan of action that includes evacuation of students or staff who have special needs.

WHERE SHOULD I GET ACCURATE INFORMATION DURING A SCHOOL EMERGENCY?

Parents are asked to call the school as a last resort. The district will use every communication method available to keep you up-to-date during an emergency. These may include:

- Tulsa Public Schools website (www.tulsaschools.org) or your school site's webpage (updates are posted on the home page);
- Email, text or phone call from the district's message system using each student's emergency contact information;

- www.facebook.com/TulsaPublicSchools;
- Talking Points; or
- Schools may contact you directly; this is why it is important for us to have updated emergency contact information for your child. To update it, contact your school or the Enrollment Center.

Major local media and their websites will carry public information about certain emergency situations. Be sure to listen carefully for official announcements from Tulsa Public Schools. In situations that impact the safety of a significant number of students, the media will be kept up to date on developments and will be asked to broadcast emergency information.

WHAT CAN I DO TO PLAN AHEAD?

The three most important things a parent or guardian can do to prepare are:

1. Make certain your child's school has up to date emergency and current contact information.
2. Talk with your child about the importance of following the instructions of their school's staff during emergencies.
3. Periodically review with your child alternative arrangements in case you cannot be reached in an emergency.

HEALTH ISSUES

HOW CAN I HELP MAKE MY CHILD'S SCHOOL A HEALTHY PLACE TO LEARN?

To help keep your child and their school community safe and healthy, please notify the school nurse or health assistant if any of the following apply:

- Your child has specific medical needs, physical limitations, restrictions, or health concerns identified by a doctor, dentist, or other licensed healthcare provider.
- Your child has had any immunizations, boosters, exemptions, or health-related restrictions; provide official documentation from your healthcare provider as required by Oklahoma law.
- Your child has vision changes or requires accommodations based on an eye exam.
- Your child takes any medications at home or at school, whether prescription or over-the-counter (e.g., allergy medicine, asthma inhalers, etc.). Please complete the required medication authorization forms through the school nurse.
- Call the school office each day your child is absent due to illness. If your child is out for three or more consecutive days, a note from a healthcare provider may be requested to return.
- Keep the school updated with a current phone number and emergency contact so we can reach someone responsible for your child's care in case of an emergency.
- If you have any questions or concerns about your child's health at school, please contact the school health clinic or nurse directly.

WHEN SHOULD I KEEP A SICK CHILD HOME FROM SCHOOL?

General guidelines on when to keep your child home: [TulsaSchools.org/HealthGuidelines](https://www.tulsaschools.org/HealthGuidelines)

- If your child's temperature is 100.4 degrees or higher, the Centers for Disease Control recommends you keep your child home until 24 hours after the fever is gone (*without the use of medications*).
- A child with a severe or persistent cough should stay at home and possibly see a doctor.
- If your child has diarrhea or is vomiting, keep them at home until 24 hours after the last episode (*without medication*).
- If you have concerns about your child's health, call your healthcare professional.

SHOULD MY CHILD GO TO SCHOOL IF OTHER CHILDREN ARE SICK?

It is not unusual for children to get sick during school. It is up to you to decide whether to send your child to school. You might want to check with your doctor, especially if your child has other health problems.

HEALTH ISSUES

WHAT SHOULD I DO DURING FLU SEASON (OCTOBER THROUGH MAY)?

According to the CDC, the flu (influenza) is an infectious illness of the nose, throat and lungs that is caused by the influenza virus. Most people with the flu feel better after about a week of serious illness.

A flu vaccine is the best way to protect against the flu. Flu shots can be given to children six months and older. Nasal spray vaccines can be given to healthy children two years and older. Children under five years old who have had wheezing in the past year, or any child with chronic health problems should get the flu shot.

Most people with the flu feel tired and have a fever, headache, dry cough, sore throat, runny or stuffy nose and sore muscles. Some people, especially children, may also have upset stomachs and diarrhea. A cough can last two or more weeks. Call or take your child to a doctor right away if they:

- Have a high fever or fever that lasts a long time
- Have trouble breathing or breathes fast
- Have skin that looks blue
- Not drinking enough water
- Confused, will not wake up, does not want to be held, or has seizures (uncontrollable shaking)
- Gets better but then worsens again; or has other conditions (like heart or lung disease, diabetes) that get worse
- People spread the flu by breathing in droplets from an infected person's cough or sneeze or from germs spread from hand to mouth

HEALTH ISSUES

WHAT HAPPENS IF HEAD LICE OR BED BUGS ARE REPORTED AT MY CHILD'S SCHOOL?

Lice can be found on persons of any age, race, gender or socioeconomic class. Having head lice is not an indication of insufficient hygiene or poor living conditions. Lice do not jump or fly. They crawl from one person to another or use an object as a transmission vehicle.

As advised by the Oklahoma Health Department, TPS uses the following protocol, which focuses on prevention and treatment of identified cases.

HEAD LICE SCREENINGS

1. Classrooms are screened when a case is identified. Siblings and other students residing in the residence of an affected student are also screened, regardless of the TPS site. If affected, their classrooms are checked. Students can be referred to the clinic at any time staff or parents feel a screening is necessary.
2. Middle, junior, and high schools are screened on an as needed basis.

BED BUGS

Bed bugs are usually active at night when people sleep. They are usually not seen during daylight hours. Although bed bugs are becoming a very common problem, they are not known to transmit diseases. The home of any person can be infested by bed bugs, regardless of gender, race or economic status. If a suspected bed bug is found on a student, the following protocol will be followed:

1. The student will not be sent home. The parent, legal guardian or person responsible for the student's care will be notified.
2. The student will temporarily be removed from the classroom. An inspection of clothing, belongings, etc. will be done in a confidential and private area.
3. There will be positive identification of the bug by a pest management company. If positive identification, appropriate actions will be taken as outlined in the TPS Bed Bug Protocol.
4. The Bed Bug Protocol has helpful suggestions for the home when bed bugs are suspected or present.

The TPS protocol on head lice screenings and bed bugs can be found on the TPS Health & Wellness website at TulsaSchools.org/HealthGuidelines. You can also contact your child's school health clinic or TPS Health and Wellness at (918) 746-6364.

HEALTH ISSUES

WHAT IMMUNIZATIONS DOES MY CHILD NEED FOR THE 2025-2026 SCHOOL YEAR?

Oklahoma law requires that all children enrolled at a public or private school must have documentation of the required immunizations or an exemption on file in order to attend school, preschool, or childcare, including those attending an alternative school, vocational technical school or virtual school. The immunization records must be on file at the school, preschool or childcare on or before the first day of attendance.

Immunizations help to prevent or lessen the severity of certain diseases and many health experts believe they are the key to promoting a healthier community. The Tulsa Health Department provides childhood immunizations following the CDC's recommended childhood and adolescent immunization schedule. All children 2 months of age and older must present an immunization record or file for an exemption before they are allowed to attend childcare or school in Oklahoma.

More information regarding immunization exemptions from the Oklahoma State Department of Health can be found at: TulsaSchools.org/Health

If you have questions about immunizations, contact your child's school health clinic; TPS Health and Wellness at (918) 746-6364 or Tulsa Health Department at 918-582-WELL(9355).

BEHAVIOR RESPONSE PLAN OVERVIEW

The Behavior Response Plan is focused on the well-being and success of our students and schools through fostering safe, supportive, joyful learning environments and a student culture of care and respect. Our approach is based on building, maintaining, and restoring relationships in the school community. This plan is reviewed annually by the Student and Family Support Services department, the Tulsa Classroom Teachers Association, Tulsa Association of Elementary School Principals, & Tulsa Association of Secondary School Principals.

APPLICABILITY

These policies, rules, regulations, and procedures published in this booklet apply to the following:

- On school property – immediately before and after school hours as well as during the school day without regard to whether adults are present.
- On athletic fields, on school buses, in areas immediately adjacent to the school and in all other places where school functions occur or where school activities take place.
- Throughout the course of any school field trip or other officially sponsored school activity.
- Off-campus conduct where the student's continued attendance at school is a threat or would have an adverse impact on order, discipline, or the educational process.

EXPECTATIONS FOR STUDENT BEHAVIOR IN TULSA PUBLIC SCHOOLS

At Tulsa Public Schools, our behavioral expectations are grounded in our belief that all students deserve a safe, and supportive environment where they can thrive academically and socially.

Students are expected to:

- Show respect for themselves, others, and the school community.
- Engage in learning with curiosity and responsibility.
- Resolve conflict peacefully and seek help when needed.
- Follow school expectations while developing the skills to manage emotions and make positive choices.
- Take care of personal hygiene and follow the school uniform or dress code policy.
- Contribute to a learning environment that values empathy, accountability, and growth.

Our approach to discipline emphasizes prevention, support, and accountability. Teachers may refer students to a designated authority if behavior disrupts learning, and principals may recommend changes in placement when necessary. However, our first response is to understand the root of the behavior and work collaboratively toward positive outcomes.

Corporal punishment is strictly prohibited. No student will be subject to corporal punishment by teachers, administrators, students, or other school personnel.

Physical restraint may only be used when a student's behavior poses an imminent danger of serious physical harm to self or others, and it is used as a last resort when less restrictive interventions have failed or are determined to be ineffective. It must be reasonable, proportionate, and limited to the minimum amount of time necessary to protect the student or others from harm.

This Behavior Response Plan (BRP) is intended to guide school responses to student behavior but cannot address every possible situation that may arise in our diverse and dynamic school environments.

Administrators may need to apply interventions or disciplinary actions not explicitly outlined in this plan, based on the specific circumstances.

The selection of appropriate responses will consider several factors, including the nature, context, and severity of the behavior. In many cases, primary responses or school-based interventions may be most appropriate. In others, a combination of district-level disciplinary actions and student supports may be necessary.

BEHAVIOR RESPONSE PLAN - ELEMENTARY

Tulsa Public Schools will provide a comprehensive student support program including guidance services, opportunities for restorative practices, conflict mediation, and student engagement opportunities. Each school has an intervention system in place for early identification of students in need of intervention and/or support services.

- Short term suspension is defined as 10 days or less
- Long term suspension is defined as 11 days or more
- Students in pre-K and kindergarten will not receive suspensions of more than 5 consecutive days at a time

Repeated or persistent violation of Level 100 infractions can result in Level 200 or Level 300 disciplinary responses and interventions when Level 100 interventions are not effective.

Level 100 Infractions

Level 100 Infractions are minor, lower-level incidents that are addressed through teacher-led, classroom-based strategies. While ordinarily not managed through the office, Level 100 codes may also be used by other school personnel to document and address minor behaviors that occur in common areas. Teachers are encouraged to use positive behavior supports and interventions to help students correct behavior and remain engaged in learning.

Level 200 Infractions

Administrators or Deans will most likely be involved. Schools are expected to use a range of interventions and supports before considering out-of-school suspension, unless the infraction is more severe in nature. Disciplinary responses can range from a warning to restorative practices, behavior plans, or a short-term suspension (10 days or fewer). The specific response will depend on the circumstances of the incident and the needs of the student. If Level 200 infractions become chronic, more intensive Level 300 interventions and responses may be considered.

Level 300 Infractions

Level 300 behaviors are more serious violations that require both interventions and disciplinary responses. School Administrator and/or Deans will be involved. Schools will apply appropriate supports while also addressing the behavior with consequences that may range from in-school disciplinary actions to long-term suspension, depending on the severity of the incident. The specific response will be based on the details of the situation, the student's needs, and their prior behavior.

Parent/guardian conference is required for all 300 level infractions.

Level 400 Infractions

Level 400 Infractions are the most serious violations of the district's code of conduct and involve threats to safety, significant disruption, or illegal activity. These incidents require both disciplinary consequences and appropriate interventions, which may include short-term or long-term suspension. The school's response will depend on the severity of the incident and the specific circumstances involved. A parent teacher conference is required and the school may also be required to contact Campus Police.

Some Level 400 behaviors may also result in criminal consequences, which are not under the school's discretion.

Level 400 Infractions

Level 400 behaviors are the most serious violations of the district’s code of conduct. These incidents may involve threats to safety, major disruption to the school environment, or illegal activity. In all cases, schools are required to apply both disciplinary consequences and appropriate interventions. Depending on the severity and specific circumstances, responses may include short-term or long-term suspension.

Some Level 400 infractions may also result in criminal consequences, which fall outside the school’s authority and may involve law enforcement action.

The following mandatory actions must be taken in response to any Level 400 infraction:

- Implementation or revision of a Re-Entry Plan, Student Success Plan or Behavior Intervention Plan
- Immediate notification of Campus Police
- Submission of a Weapon Report Form to the Operational Superintendent, if applicable
- If the behavior is sexual in nature, school and district staff must consult with the Human Rights/Title IX Coordinator prior to issuing any suspension to ensure compliance with federal requirements
- In-school disciplinary response, when appropriate and feasible
- Required referral for mental health supports when behaviors involve substance use, misuse, or abuse

ALTERNATIVE EDUCATION PROGRAM

Tulsa Public Schools has created a comprehensive system of alternative education programs designed specifically for a wide range of youth who may benefit from a more personalized setting. Many alternative education programs are designed to support and educate students currently experiencing academic or behavioral/social difficulties. Alternative programming requires enrollment applications. Alternative programs include Tulsa MET, North Star Academy, Phoenix Rising, and Street School.

ALTERNATIVE TO SUSPENSION PROGRAMS

Tulsa Public Schools offers alternative to suspension programming at TRAICE ACADEMY and Project ACCEPT. Students are under the supervision of credentialed teachers and counselors who will present a program that offers a proactive approach to instilling the skills, habits and behaviors necessary to be successful in school and life. Students who are placed at TRAICE Academy for disciplinary reasons in lieu of out of school suspension will be provided with core academic courses only. Accordingly, this does not include honors courses, advanced placement courses or international baccalaureate courses.

ALTERNATIVE SCHOOL ACTIVITIES

Students placed at an alternative school or who have chosen to attend one for non-discipline reasons may attend school sponsored extracurricular activities. Students suspended out of school or placed in an alternative school setting for disciplinary reasons, in lieu of suspension, are not allowed to attend school-sponsored extracurricular activities.

Extracurricular activities include all school-sponsored teams, clubs, organizations, ceremonies, student government, band, athletics and all other school-sponsored activities and organizations.

APPEALS OF SUSPENSIONS - PARENT/LEGAL GUARDIAN PROCEDURAL GUIDELINES FOR SUSPENSION APPEALS

Appeals Of Suspensions

Students who have been suspended (meaning students suspended out of school as opposed to being placed in in-school suspension) have a right to appeal their suspension by requesting a hearing either before the site suspension review committee (SSRC), the superintendent or designee, or a Board of Education hearing officer, as may be appropriate. While a hearing is pending, the suspension will be held in abeyance, allowing the student to have the right to attend school under such in-school-

intervention restrictions as the principal deems proper. However, participation in any extracurricular activity is prohibited.

The exceptions, at the discretion of the principal, is that the student may be prohibited from attending school and participation in extracurricular activities pending the appeal hearing, if in the judgment of the principal, the conduct for which the student was suspended reasonably indicates that continued attendance by the student would be dangerous to other students, staff or school property and/or interfere with the educational process at school.

District Review Committee

Discipline reviews of all long-term suspensions (11 days or more) and requests for assignment to alternative to suspension programs will be conducted by the District Review Committee. The review is to ensure fairness and equity in accordance with the established policies and procedures outlined in this Student and Family Guide to Success and Board Policy Behavior Response Plan.

Suspension Appeal Process:

Instructions:

1. Complete a letter requesting an appeal of suspension to the School Principal. (Must be signed by parent/guardian)
2. When the Principal receives the letter, the Principal or designated staff member will notify the student and parent/guardian at least 24 hours in advance of the time and place for the Site Suspension Review Committee hearing and will provide a suspension appeal packet with additional information related to the process and your ability to choose staff members to serve on the committee.
3. The hearing will be held during regular school hours, Monday through Friday, with consideration given to working parents/guardians' hours when possible.
4. If no appeal is requested within five school days from the date of suspension, or within 5 days from notification of the District Review Committee, the suspension will stand.
5. The hearing before the Site Suspension Review Committee will be conducted on an informal basis. The student and parent/guardian will have a right to attend but the use of an attorney at this level is discouraged.
6. At the hearing, the chairperson will read the rule or regulation the student is charged with violating and ask the student and parent/guardian if they understand the regulation. The chairperson will outline the student's conduct causing the suspension.

7. The principal or designated staff member and other staff members involved in the case will be requested to present information relative to the suspension. The student and parent/guardian will be given a full opportunity to present the student's side of the matter.
8. The student and the student's parent/guardian will have the opportunity to hear and question those persons having charged the student with a violation of the rule or regulation. (This refers to school staff only)
9. The hearing before the Site Suspension Review Committee will be based on the following criteria:
 - Is the student guilty of a violation?
 - Is the penalty in keeping with the severity of the infraction?
10. If the suspension is for ten days or less, The decision of the Site Suspension Review committee is final.
11. If the suspension is for eleven days or longer, the parents/guardians will be notified of their right to appeal the decision of the Site Suspension Review Committee to the Superintendent or designee. The principal may also appeal an adverse decision of the Site Suspension Review Committee to the Superintendent or designee.
12. Written minutes will be made of each hearing and a written report of the hearing filed with the Secretary of the District Review Committee.
13. The principal or designated staff member also will notify the parents/guardians of the results of the Site Suspension Review Committee hearing in writing as soon as possible.
14. Please arrive early as the committee will only be held for 10 minutes. If a parent/guardian does not appear for the meeting, the committee will be released, and it will be the responsibility of the parent/guardian to reschedule the hearing.

- The Site Suspension Review Committee will review the recommendation from the DRC, not the original suspension request.
- If the student's parent/guardian is not satisfied by the Site Suspension Review Committee's decision, a request for a further hearing by the superintendent or designee may be made in writing to the office of Student and Family Support Services within five (5) school days after the parent/guardian receives notice of the SSRC's decision
- The principal may also appeal the Site Suspension Review Committee's decision to the superintendent or designee within five (5) school days after the Site Suspension Review Committee's decision to the Executive Director of Student and Family Support Services.

The superintendent's designee will notify the student's parent/guardian of the decision in writing.

Superintendent Designee Appeal Process Requirements:

- A written request from the student's parent/guardian may be made to the Clerk of the Board of Education. Or the office of Student and Family Support Services within five (5) school days after the parent/guardian has been notified of the Superintendent or designee's decision.

If no written request for appeal is received by the Clerk of the Board of Education or the Office of Student and Family Support Services within the five (5) days, the decision of the superintendent or designee is final.

- In accordance with applicable provisions of Oklahoma law, district boards of education are authorized to appoint Hearing Officers to conduct certain hearings for out-of-school student suspensions and render final decisions. Accordingly, the Tulsa Public Schools Board of Education will utilize a Hearing Officer to hear cases of students suspended out-of-school for eleven days or longer.

NOTE: For special education students see additional information for: suspension for students with disability. Please complete the required paperwork and return it to the principal's secretary in the main office so that an appeal hearing date can be scheduled for your student.

NOTE: The superintendent reserves the right to review and/or modify any decision concerning disciplinary actions prior to an appeal to the hearing officer.

ATHLETIC/EXTRACURRICULAR ACTIVITY MISCONDUCT

Suspension from School

Any contestant who violates the Behavior Response Plan in connection with an inter school contest or activity will be disciplined according to existing policies, rules and regulations of the district. Suspension from school will be in addition to suspension from participation in athletics/extracurricular activities.

Disqualification; Grievous Misconduct

Athletes are advised and informed in writing that participation in athletics with Tulsa Public Schools is a privilege and not a right. All athlete's conduct is expected to bring both honor and respect to themselves and their teams and schools as well as to Tulsa Public Schools. Any behavior bringing dishonor to the student, the team, the school, or the district will not be tolerated. Grievous misconduct, as determined by the superintendent or designee, may therefore result in permanent disqualification from participation in any and all athletic activities for the remainder of a student's enrollment in Tulsa Public Schools. Grievous misconduct may include, but is not limited to, bullying, hazing, brutality in any form, physical attack upon an official, coach, other athlete or event attendee, violence of any nature and/or any criminal act.

Notice: Any student athlete whose privilege to participate in sports is revoked shall be provided with written notice of this circumstance simultaneously with notice to the student's parent/guardian by the principal of the school upon direction by the superintendent or designee. The appropriate district administrators, Director of Athletics and the Executive Director or the Oklahoma Secondary School Activities Association (OSSAA) shall be copied. See regulation 3316R.

ATTENDANCE (GENERAL)

Please take time to familiarize yourself with board policy 2204, Student Attendance, and discuss it with your family. If you have questions, please contact the school principal. PURPOSE: To specify the Board's intention regarding student attendance expectations and to clarify the impact absenteeism may have upon a student's potential for promotion or earning passing grades.

All absences must have a written or verbal explanation provided by the parent/guardian within 48 hours of the student's return to school.

An absence with proper documentation will be excused. An absence for which no acceptable explanation is received shall be deemed unexcused. Both unexcused and excused absences count towards your child's overall attendance. An absence without documentation but with notification from the parent/guardian will be entered as explained.

Make-Up Work

Excused absences: Students are encouraged to make up work for all absences. Students who have excused absences may receive credit for their work completed in a timely manner after their return to school. Students are responsible for securing and completing

make-up assignments. Students will be allowed one-day make-up time for each day's absence. Preannounced tests are taken on the assigned dates. Absences the day prior to the test does not excuse the student from taking the test. Work satisfactorily made up within the prescribed time after returning to school will receive full credit.

Unexcused absences: Credit will be disallowed for work missed due to an unexcused absence, but students are encouraged to complete work to ensure success in future learning.

For the full board policy 2204 Student Attendance, go to tulsaschool.org/policies.

Oklahoma's Compulsory Education Law 70-10-105 requires the parent/guardian to notify the school regarding the reason for absence of a school age child. The law also requires the school to notify the parent/guardian of a child's absence.

Regardless of in-person, remote or virtual class instruction, students shall be in attendance a minimum of 90% of instructional time scheduled for a particular class/course in that school (or grade) and make satisfactory academic progress in order to be unconditionally recommended for a passing grade. All absences (excused and unexcused) shall be included in the calculation of the 90% attendance minimum except that excused absences for religious holidays shall not be counted for the purpose of determining a student's eligibility for promotion or credit. Students attending schools on a transfer are subject to transfer revocation if their absenteeism exceeds 10%.

Attendance problems requiring action include the following:

- The student is officially enrolled but fails to report to school, fails to attend every class (cuts class) or fails to remain on campus until dismissed.
- A student is habitually tardy without a valid excuse
- A student has been absent without a valid excuse for four (4) or more days or parts of days within a four-week period and the school has not been notified by the parent/guardian.
- Administrative procedures to be following regarding non-attendance include the following sequence:
 1. The school will notify the parent/guardian that they are in violation of state law
 2. The case will be turned over to an attendance officer
 3. The case will be filed with the district attorney for prosecution (may result in fines/court costs)

ATTENDANCE – INTERSCHOLASTIC ACTIVITIES

All students who participate in interscholastic activities must adhere to the attendance rules established by the Oklahoma Secondary Schools Activities Association as well as

all rules and regulations of district related to participation in such activities. See the current OSSAA Administrators handbook online.

BANS (ADULT)

Oklahoma state law 21-1376 provides that any person who interferes with the peaceful conduct of activities at any institution of learning, including but not limited to, actions that interfere with classes, study, student or faculty safety, housing or parking areas or extracurricular activities may be directed to leave the institution and not return, without specific written permission, for a period of six (6) months. See school board policy 7313-R on tulsaschool.org/policies.

BEHAVIOR ON SCHOOL BUSES

All students are under the supervision of the bus driver while on the bus. Upon request, a student must surrender the bus pass to the driver if applicable. Riding the bus is a privilege, not a right. For inappropriate behavior or actions, a student's privilege to ride the school bus may be removed by the principal/designee or Director of Transportation, or the student may be suspended out of school by the principal/designee under appropriate categories within the Behavior Response Plan.

The Decision is non appealable. Refer to board regulation 7102R, "Transportation Services Student Conduct on School Buses".

BULLYING/CYBERBULLYING

Any student who is or has been subjected to bullying (which includes cyberbullying) by another student, or knows of any student who is, or has been subjected to bullying should report all such incidents to the principal, teachers or other staff members and the TIPS online reporting system.

All harassment, intimidation, bullying and threatening behavior complaints will be investigated. See the related board policies at tulaschools.org/policies.

- Board policy 2119 and 2119R: Student Bullying Prevention and Intervention
- Board policy 4901: Nondiscrimination (including harassment, retaliation, and intimidation)
- Board regulation 4901-R: Discrimination, harassment and retaliation and related complaint procedures

Tulsa Public Schools Policy 2119: Student Bullying Prevention and Intervention

Purpose - To address student bullying behavior effectively through a multifaceted approach that includes education and the promotion of a positive school atmosphere. The board expressly prohibits any form of bullying behavior by students at school as well as active or passive support for acts of bullying. In addition, the board prohibits

bullying behavior by students outside of the regular school day if it causes a substantial and material disruption at school or an interference with the rights of students and personnel to be secure. This includes, but is not limited to, bullying through electronic communication whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns bullying at school. The superintendent or his/her designee will develop a regulation to support and provide specific procedures for implementation of this policy. This superintendent or designee will also ensure that each site principal implements administrative regulations in furtherance of this policy. Students who engage in bullying behavior shall be subject to school discipline, up to and including suspension out of school in accordance with the policies, rules and regulations of the district's Board of Education.

Student and Staff Education and Training

The district is committed to providing appropriate and relevant training annually to students and staff regarding preventing, identifying, responding to and reporting incidents of bullying. A full copy of this policy will be posted on the district's website and included in all district handbooks. Parents, guardians, community members and volunteers will be notified of the availability of this policy through the district's annual written notice of the availability of the district's anti-bullying policy.

Written notice of the policy will also be posted at various places in all district school sites. Students and staff will be periodically reminded throughout the year of the availability of this policy, the district's commitment to preventing bullying and help available for those affected by bullying. Anti-bullying programs will be incorporated into the district's other violence prevention efforts. All staff will receive annual training regarding prevention, identifying, reporting and managing bullying. The district's bullying coordinator and individuals designated as school site investigators will receive additional training regarding appropriate consequences and remedial action for bullies, helping targets of bullies and the district's strategy for counseling and referral for those affected by bullying.

Students will receive annual education regarding behavioral expectations, understanding bullying and its negative effects, disciplinary consequences for infractions, reporting methods and consequences for those who knowingly make false reports. Any person who knowingly makes false accusations against another person will be appropriately disciplined pursuant to district policy. Any accusation confirmed to be false will be removed from the falsely accused student's file. Parents and guardians may participate in a parent education component.

Student Reporting

Students are encouraged to inform school personnel if they are the target of or a witness to bullying. To make a report, students should notify a teacher, counselor or principal. The employee will give the student an official report form and will help the

student complete the form, if needed. Reports can also be made by any student, parent, or patron through the district's TIPS (Threat Assessment, Incident Management and Prevention Services) online reporting system found on the district's website or by telephone at 918-746-6868. Students may make an anonymous report of bullying and such report will be investigated as thoroughly as possible. However, it is often difficult to fully investigate claims which are made anonymously, and disciplinary action cannot be taken against an alleged bully solely on the basis of an anonymous report.

Staff Reporting

Staff members will encourage students to report bullying. All employees are required to report acts of bullying to the school principal or his/her designee on an official report form. Any staff member who witnesses, hears about or has reliable information that would lead a reasonable person to suspect that a student is a target of bullying is required to submit a report.

Bullying Investigators

Each school site will have a designated individual and an alternate to investigate bullying reports. These individuals will be identified in the site's student and staff handbooks, on the district website and in the bullying prevention education provided annually to students and staff. The district's anti-bullying program is coordinated at the district level by the Office of Student Family Support Services.

Investigating Bullying Reports

For any alleged incidents of bullying reported to school officials, the designated school official will investigate the alleged incident(s) and determine (i) whether the bullying occurred; (ii) the severity of the incident(s); and (iii) the potential for future violence. In conducting an investigation, the designated official shall interview relevant students and staff and review any documentation of the alleged incident(s). School officials may also work with outside professionals, such as local law enforcement, as deemed appropriate by the investigating official. In the event the investigator believes a criminal act may have been committed or there is a likelihood of violence, the investigator will immediately call local law enforcement and the superintendent or his/her designee. At the conclusion of the investigation, the designated employee will document the steps taken to review the matter, the conclusions reached and any additional action taken, if applicable. Further, the investigator will notify the district's bullying coordinators that an investigation has occurred and the results of the investigation.

Upon completion of an investigation, the school may recommend that available community mental health care or substance abuse options be provided to a student, if appropriate. The school may provide a student with information about the types of support services available to the student bully, target, and any other students affected by the prohibited behavior. These resources will be provided to any individual who requests such assistance or will be provided if a school official believes the resource

might be of assistance to the student/family. No school employee is expected to evaluate the appropriateness of the quality of the resource provided, nor is any employee required to provide an exhaustive list of resources available. All school employees will act in good faith.

The school may request a disclosure of information concerning student who have received substance abuse or mental health care (pursuant to the previous paragraph) if that information indicates an explicit threat to the safety of student or school personnel, provided the disclosure of the information does not violate the requirements and provisions of the Family Education Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996, OKLA STAT tit 12§1376 of the Oklahoma Statutes or any other state or federal laws regarding the disclosure of confidential information. The school may request the disclosure of information when it is believed that the student may have posed a danger to him/herself and having such information will allow school officials to determine if it is safe for the student to return to the regular classroom or if alternative education arrangements are needed.

Parental Notification

The assigned investigator will notify the parents of a target within two (2) school days that a bullying report has been received. Within two (2) school days of the conclusion of the investigation, the investigator will provide the parent of a target with the results of the investigation and any community resources deemed appropriate to the situation. If the report of bullying is substantiated, within two (2) school days of the conclusion of the investigation, the investigator will contact the parents of the bully to discuss disciplinary action and any community resources deemed appropriate to the situation.

Parental Responsibilities

All parents/guardians will be informed in writing of the district's program to stop bullying and will be given a copy of this policy upon request. An administrative response to a reported act of bullying may involve certain actions to be taken by parents. Parents will be informed of the program and the means for students to report bullying acts toward them or other students.

They will also be told that to help prevent bullying at school they should encourage their children to:

- Report bullying when it occurs
- Take advantage of opportunity to talk to their children about bullying
- Inform the school immediately if they think their child is being bullied or is bullying other students
- Watch for symptoms that their child may be a target of bullying and report those symptoms
- Cooperate fully with school personnel in identifying and resolving incidents

Monitoring And Compliance

In order to assist the State Department of Education with compliance efforts pursuant to the School Safety and Bullying Prevention Act 70 OKLA STAT §24-100.2 et.seq., the district will identify a bullying coordinator who will serve as the district contact responsible for providing information to the State Board of Education. The bullying coordinator shall maintain updated contact information on file with the State Department of Education and the school district will notify the State Department of Education within fifteen (15) days of the appointment of a new bullying coordinator. A copy of this policy will be submitted to the State Department of Education by December 10th of each school year as part of the district's annual performance report.

The administration recognizes that there are many motivations behind the act of bullying, one of which may be for a discriminatory purpose. If the bullying behavior constitutes discriminatory harassment, intimidation or bullying, it is targeted toward an individual because of race, color, religion, sex, sexual orientation, age, national origin, marital status, veteran status, disability or genetic information, the misconduct is prohibited pursuant to District Policy 4901 regarding non-discrimination and is subject to the procedure and protections specified in 4901 in addition to policy 2119. Retaliation is expressly prohibited against any person who participates in reporting, investigating, or addressing any incident of bullying behavior. CELL PHONE AND PERSONAL ELECTRONIC DEVICES

Oklahoma's Governor has signed Senate Bill 139 into law, which requires all students to have cell phones and personal electronic devices turned off and put away during the entire school day, from the first bell to the last bell. Devices must be off and out of sight at all times. Violations of this policy will be addressed in accordance with the Behavior Response Plan, which considers medical emergencies and health monitoring.

CHILD ABUSE REPORTING

See TPS Board Policy 2110 AND 2110-R at tulsaschools.org/policies. See the complete policy at tulsaschools.org/policies.

The purpose for TPS' board policy on child abuse is to comply with Oklahoma law requiring school personnel to report suspected cases of child abuse or neglect. When there is a good faith suspicion or report of abuse or neglect, no proof is needed to trigger the need to report the allegation to the appropriate authorities. Reporting is a request for further investigation to protect a child from potential abuse.

Oklahoma law requires every school employee having reason to believe that a student under is a victim of abuse or neglect shall report the matter immediately to the Department of Human Services and local law enforcement if student is younger than eighteen (18) years of age, and to local law enforcement regardless of the student's

age. 10A O.S. § 1-2-101. Reports to law enforcement should be made to Tulsa Public School's campus police.

Who Needs to Report:

- Oklahoma law requires that every person, including, but not limited to, teachers, nurses and all other school personnel having reason to believe that a child under the age of eighteen (18) years is a victim of abuse or neglect to immediately report to the Department of Human Services. Reports may be made in writing, personally or any other method prescribed by the department. School nurses, health assistants or any other health care professional examining, attending or treating the victim of what appears to be criminally injurious conduct, including, but not limited to, child physical or sexual abuse as defined by the Oklahoma Crime Victims Compensation Act, must report orally or by telephone the matter promptly to the nearest law enforcement agency in the county where in the criminally injurious conduct occurred, or if the location where the conduct occurred is unknown, the report shall be made to the law enforcement agency nearest to the location where the injury is treated. Failure to report such information promptly, making false reports, or reporting with lack of factual foundation, shall be a misdemeanor.

Penalties for Not Reporting:

- If you know about child abuse or neglect and don't report it promptly, or if you interfere with someone else reporting it, you could face criminal charges.
- Not reporting ongoing abuse or neglect (knowledge of at least 6 months) can lead to felony charges.
- Making a false report can also lead to criminal charges.

Legal Protection:

- The law grants immunity from any civil or criminal liability to a person who in good faith makes such a report. It is not the responsibility of school personnel to prove the child has been abused or neglected.

What Counts as Abuse or Neglect:

- Abuse: Harm or risk of harm to a child's health or safety. This includes physical injury, sexual abuse, and neglect.
- Neglect: Failing to provide basic needs like food, shelter, medical care, or supervision.
- Sexual Abuse: Includes rape, incest, or inappropriate acts.
- Sexual Exploitation: Encouraging or allowing a child to participate in illegal sexual activities or pornographic materials.

Reporting Procedure:

- By law, reporting child abuse or neglect is an individual responsibility. As the individual who suspects abuse or neglect, you are legally responsible for making certain that the report is made to DHS.
- After reporting to DHS, you must inform your school principal or their supervisor, or the Director of Health Services.
- The principal will then arrange for the school nurse to assess the child, and they may also report to DHS and the police if needed.

Privacy and Confidentiality:

- Investigators from DHS or the District Attorney's office can talk to a child without prior notice to the parents or guardians.
- The principal will keep the report confidential and only share it with the required parties. Reports are kept private and destroyed when the student turns 18.

CHILD FIND NOTICE

This notice informs parents that Tulsa Public Schools is maintaining an ongoing Child Find search to locate, identify and evaluate any child age 3-21 with an established or suspected disability. Child Find efforts include all individuals aged 3-21 not enrolled in school and those who attend public and private schools, Head Start, state institutions, and other childcare or treatment facilities. Children not of school age must reside within Tulsa Public Schools' boundaries to be included in the Child Find efforts.

Tulsa Public Schools has established and maintains a comprehensive screening and multidisciplinary referral, evaluation, and eligibility process for identifying children with suspected disabilities. Child Find activities mandate public awareness of contact, location, and screening procedures. Information regarding evaluation procedures is available at no cost to parents/guardians upon request by contacting Tulsa Public Schools Special Education Department by email at specialeducation@tulsaschools.org or by calling (918)-746-7575.

As mandated by the Oklahoma State Department of Education (<https://sde.ok.gov/special-education>), Tulsa Public Schools is required to fully inform parents that personally identifiable information is maintained on all children who are referred and evaluated under the provisions of Child Find.

The information sought may include but is not limited to: Parent concerns, developmental, adaptive behavior, social-cultural, health/medical, vision, hearing, motor, perceptual/processing, behavior, psychological, vocational, and information gained through observations in the classroom or other environments.

Tulsa Public Schools must inform parents/guardians of their rights under the Federal Education Rights and Privacy Act (FERPA):

CHROMEBOOK HANDBOOK

The focus of the Chromebook Program in the Tulsa Public School District (District) is to prepare students for their futures in a world of digital technology and information. As we navigate the 21st century, excellence in education requires that technology, including access to the Internet, be readily available and seamlessly integrated throughout the educational process. The primary learning tool of these 21st-century students in Tulsa Public Schools is the Chromebook. This web-oriented device provides the opportunity to connect student learning to all the resources and information available online, anywhere, at any time. The individual use of Chromebooks is a way to empower students to learn at their full potential, to communicate and collaborate on analytical thinking and problem-solving, and to prepare them for the real world of college and the workplace.

Technology immersion does not diminish the vital role of the teacher. To the contrary, teachers are critical to the effective use of technology in the learning process. To facilitate that, we have established a support structure to enable our teachers to learn about, implement, and enhance technology integration in instruction. Learning results from the continuous dynamic interaction among students, educators, parents, and the extended community.

The policies, procedures, and information in this document apply to Chromebooks and all other technology devices used by users within Tulsa Public Schools. Administrators and teachers may enact additional requirements for computer use on their campus or in their classrooms.

Chromebooks and other district-issued devices, email/Google accounts are the property of the Tulsa Public School District and, as a result, may be subject to inspection at any time. The user has no explicit or implicit expectation of privacy of materials found on a Chromebook, their Google account, or school network account. Supplied devices are educational tools not intended for gaming, social networking, or high-end computing.

General Information/Getting Started

Installed Software – Google Workspace for Education/Google Apps for Education (GAPE)

- All Chromebooks are supplied with the latest version of the Google Chrome Operating System (Chrome OS), and many other applications useful in an educational environment. The Chrome OS will automatically install updates when the computer is restarted. Google provides multiple layers of protection against viruses, malware, and ransomware, including data encryption and verified/secure boot.
- Chromebooks seamlessly integrate with the Google Workspace productivity and collaboration tools. This workspace includes Google Docs (word processing), Spreadsheets, Presentations, Drawings, Sites, and Forms. The District will

provide G Suite for Education accounts for all teachers, support and administrative staff, and students. Grade-level apps are installed remotely onto Chromebooks and managed by Tulsa Public Schools Information Technology (IT) Department.

- Students will create and save their school-related files on Google Drive, stored in the cloud. Students can access their Google Drive from their Chromebook and any web-enabled device. Students will understand that their G Suite for Education account is monitored and should only contain school-appropriate items.
- Secondary students are assigned a district email as part of G Suite for Education. Students can communicate with other students and staff within Tulsa Public Schools using the district-issued email address. All emails are monitored and subject to filtering for inappropriate content. Students are expected to adhere to the rules and regulations outlined in the signed Tulsa Public Schools Internet and Other Computer Networks Acceptable Use and Internet Safety Policy ("AUP") and Behavior Response Plan.

Additional Apps and Extensions

- Chrome Web Apps are advanced websites that are similar to other types of programs that are installed on a computer. The main difference from other programs is that apps can be used within the web browser rather than installed on the device. Some Web Apps (for example, Google Docs) are available when the Chromebook is not connected to the internet.
- Extensions and Add-Ons are custom features that you can add to Google Chrome to enhance the functionality of apps. The district will install additional apps, extensions, and add-ons as they are recommended and approved by teachers and administrators for a particular course.

Chromebook Care: Protecting and Storing Your Chromebook

General Care and Precautions:

- Chromebook battery must be fully charged before the start of each school day.
- Vents are not to be obscured.
- Cords, cables, and removable devices must be carefully inserted into the Chromebook.
- Chromebooks should be kept away from food and drinks.
- Do not bump the Chromebook into or against lockers, walls, floors, etc.
- Chromebooks must never be left in an unsupervised area. Unsupervised areas include, but are not limited to, school grounds, cafeteria, bathrooms, computer labs, library, unlocked classrooms, and hallways. If a Chromebook is found in an unsupervised area, it should immediately be returned to the school office.

Chromebook Screen Care:

The Chromebook screen is particularly sensitive and can be easily damaged if subjected to rough treatment and/or excessive pressure. Protect the Chromebook screen by following these rules.

- Do not lift Chromebooks by the screen. When moving a Chromebook, support it from the bottom with the lid closed.
- Clean the screen only with a soft, dry, anti-static or micro-fiber cloth.
- Do not use any type of liquid to clean the screen.
- Do not leave or place anything on top of the Chromebook.
- Do not place anything on the keyboard before closing the lid (e.g., pens, pencils, notebooks, hands).
- Do not place anything near the Chromebook that could put pressure on the screen.
- Do not poke the screen.

*For screen adjustments, do not grasp the screen by wrapping your hand around the screen; your thumbs can crack the screen.

Carrying Chromebooks:

- Backpacks, bags, purses, notebooks, etc. not specifically designed for protection and use with Chromebooks are prohibited.
- Never carry the Chromebook while the screen is open.
- Do not transport a Chromebook with the power cord attached.

Storing Chromebook:

- All Chromebooks should be stored in assigned carts.
- Chromebooks should be returned to the appropriate cart during assigned times and at the end of the class.
- Students who leave school early must return their Chromebooks before leaving the building.
- Students are responsible for carefully putting their Chromebooks into their assigned position in the appropriate cart and properly inserting the power adapter to allow for overnight charging.
- Students are to not leave Chromebooks in unsecured locations around campus for easy access.

Using Your Chromebook

Student Responsibilities and Legal Propriety:

Chromebooks should be stored in carts in the teacher's classroom or designated area in the building assigned by the school leader. Students are responsible for the general care of the district-owned Chromebook. Chromebooks that are broken or fail to work properly must be immediately reported to a classroom teacher or the school office as soon as possible. Students may be selected at random by teachers or administrators to

provide their Chromebook for inspection for damage or misuse.

- Follow each teacher's rules and expectations regarding Chromebook use in the classroom.
- Do not loan your Chromebook to anyone or leave it unattended.
- Do not modify District settings; remove any District identification tags or barcodes from any district-issued devices.
- Follow all internet safety guidelines in accordance with the AUP, Responsible Use Agreement, and any other school or district policy.
- Keep all personal information and identity secure and private. Never reveal your full name, phone number, home address, Social Security Number, credit card or bank account numbers, or usernames and passwords of yourself or others.
- Obey general school rules concerning behavior and communication that apply to technology use. Do not send anonymous or misleading communications for any purpose.
- Comply with trademark and copyright laws and all license agreements. Ignorance of the law is not immunity. If you are unsure, ask a teacher, parent, or other school official.
- Plagiarism is a violation of the student policy. Give credit to all sources used, whether quoted or summarized. This includes all forms of media on the internet such as graphics, movies, and text.
- Use the District's network, services, devices, or equipment in a manner that is not disruptive to others, such as disseminating inappropriate content, spam/viruses, transferring large amounts of data across the network, or attempting to hack into other networks or online systems. Do not attempt to bypass District network security measures, attempt to gain access, or use/change another person's accounts, files, or data.
- Use or possession of hacking software is strictly prohibited, and violators will be subject to disciplinary action. Violation of any applicable local, state, or federal law will result in criminal prosecution or disciplinary action by the District.
- Students must not use the school's internet/email accounts for financial or commercial gain, or for any illegal activity, including bullying, harassment, credit card fraud, electronic forgery, or other forms of illegal behavior.

Managing Your Files

- Students will be logged into the TPS GAFE domain and will save documents to Google Drive via the Chromebook or any device that has internet access.
- Any documents, images, or other files, which are critically important, should be backed up on another location in the event of irreversible data loss on the GAFE account.

- Tulsa Public Schools and Google are not responsible for any type of data loss for any reason including, but not limited to Ransomware attacks, accidental or intentional file deletion by users, or loss due to device destruction.
- Storage space will be available on the Chromebook, but since the device has storage limitations it is vital the storage space be used for educational use only.
- Chromebooks are not and will not be backed up by the District. It is the student's responsibility to ensure their work is backed up and therefore not lost due to mechanical failure, accidental deletion, or deletion by District staff for purposes of reimaging or resetting the device.

If technical difficulties occur and cannot be repaired, the Chromebook may need to be restored to factory defaults. All student created files stored on an external media or Google Drive will remain intact after the Chrome OS is restored. However, all other data stored on the Chromebook's internal memory will not be restored or recovered. Chromebook malfunctions are not an acceptable excuse for failure to submit assignments.

Photos, Screensavers, and Backgrounds

- Inappropriate media may not be used as a screensaver or background.
- Presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drugs, and gang related symbols or pictures will result in disciplinary actions.
- Photos and videos require a large amount of storage space on the device. Only photos that will be used for educational purposes should be saved to the device. All other photos or videos should not be taken or stored.

Sound, Music, and Games

- Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.
- Students should have their own personal set of headphones or earbuds, which may be used in the classroom at the discretion of teachers (secondary students).
- Data storage on the Chromebooks is limited and should be managed by the students so that the full educational potential of the Chromebook is available. Any instance of downloading apps that are not approved by the District is carefully monitored. Students may be directed by school personnel to remove apps, music, or videos if the storage of instructional materials becomes compromised.

Network Security

- Tulsa Public Schools will be responsible for providing network access and content filtering at school.

- Tulsa Public Schools makes no guarantee their network will be available 100% of the time. In the rare instances the network is unavailable; Tulsa Public Schools will not be responsible for any lost or missing data.
- The District utilizes a cloud based internet content filter that is hard coded into the Chromebook configuration. Additionally, it is required for the school and district's participation in the E-Rate program and is federally mandated by the Children's Internet Protection Act (CIPA). All Chromebooks will have all internet activity logged, filtered, and monitored by the District. If any educationally valuable site is blocked, students should contact their teachers to request the site be unblocked.

Privacy

- All files stored on a Tulsa Public Schools GAFE account or the TPS network are property of the District and are subject to regular review and monitoring for responsible use. Internet history and email checks may occur at the discretion of District Administration. Users have no expectation of confidentiality or privacy, neither implicit nor explicit, with respect to the usage of a District issued Chromebook or computer, regardless of whether that use be for district related or personal purposes, other than explicitly specified by law.

Take Home Program

- Students attending a TPS school site participate in the District's Chromebook cart model. Students can request to check out a Chromebook to take home based on certain criteria.
- Students are expected to care for their Chromebooks at home as they are in school.
- A signed borrowing agreement must be signed by both student and parent/guardian before a device is checked out.
- Devices must be checked out to the student in the fixed asset system Follett-Destiny with the borrowing agreement signed by the student and parent/guardian attached. Borrowing agreement is available at tulaschools.org/agreement.

Damage and Repairs

Chromebook Repairs:

- Any Chromebook that is damaged or fails to work properly must be taken immediately to a classroom teacher or the school office. This includes, but is not limited to Chrome OS, battery issues, loss of internet connectivity, failure of apps to launch, etc.

- If deemed necessary, a replacement will be issued if one is available.
- The technology department will document the issue and collect the device for repair.

- Incidents of accidental or intentional damage will be documented and recorded in the fixed asset system.
- Chromebook inspections will be performed randomly during the school year in various forms as deemed necessary by the Technology Department.

Appendix A: Actions Requiring Disciplinary Actions

As mentioned throughout this document, misuse of Chromebooks has disciplinary action, such as, but not limited to, lunch detentions, after school detentions, In-School Suspensions, and Out-of-School Suspensions in addition to possible loss or suspension of Chromebook privileges.

Examples of conduct warranting disciplinary action include, but are not limited to the following:

Internet/Computer Networks Acceptable Use and Internet Safety Policy

In order for TPS to ensure students and staff may continue to use its computer network and the internet, all users must take responsibility for appropriate and lawful use. While the school staff will make reasonable efforts to supervise student use of network and internet access, students must cooperate in exercising and promoting responsible use of district computers.

What is digital citizenship?

Digital citizenship is the responsible use of technology by anyone who uses computers, the internet, and digital devices. For additional information regarding digital citizenship and resources for families, please visit the following websites:

- Learning.com Online Safety (www.learning.com/online-safety-definition-basics/)
- AES-What is digital citizenship? (www.icevonline.com/blog/what-is-digital-citizenship)

Personal Responsibility:

Each student agrees to follow the rules in this policy and to report any misuse of the network to the person designated by the school for such reporting. Misuse means any violations of this policy or any other use that is not authorized under this policy and has the effect of harming another or his or her property.

Acceptable Uses of Network, Educational Purposes Only:

The district is providing access to its computer network and may consult with the person(s) designated by the school to help decide if a use is appropriate.

School use must support education and research and must be consistent with educational objectives. Use of other organizations' network or computing resources must comply with the rules appropriate for that network. Transmission of any material in violation of any U.S. or state regulation is prohibited. This includes, but is not limited

to, copyrighted material, threatening or obscene material or material protected by trade secret. Use in political lobbying is also prohibited.

Unacceptable Uses of Network:

The uses considered unacceptable, and which constitute a violation of this policy, include:

1. Uses that violate the law or encourage others to violate the law. Do not transmit offensive or harassing messages; offer for sale or use of any substance, the possession or use of which is prohibited by the school district's student discipline policy; view, transmit or download pornographic materials or material that encourage others to violate the law; intrude into the networks or computers of others; and download or transmit confidential, trade secret information or copyrights materials. Even if materials on the networks are not marked with a copyright symbol, the user should assume that all materials are protected unless there is explicit permission on materials to use them.
2. Uses that cause harm to others or damage to their property. For example, do not engage in defamation (harming another's reputation by lies); employ another's password or some other user identifier that misleads message recipients into believing that someone other than the user is communicating or otherwise using his/her access to the network or the internet.
3. Uses that jeopardize the security of students and staff access of the computer network or other networks on the internet.
4. Uses that are commercial transactions. Students may not sell or buy anything over the internet. Students should not give other private information about the user or others, including credit card numbers and social security numbers.

Etiquette:

An internet user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

1. Be polite. Messages should not be abusive to others. Use appropriate language. No swearing, vulgarities, suggestive, obscene, belligerent or threatening language.
2. Avoid language and uses that may be offensive to other users. Do not access to make, distribute or redistribute jokes, stories, or other material based upon slurs or stereotypes relating to race, gender, ethnicity, nationality, religion, disability or sexual orientation.
3. Do not assume that a sender of emails is giving his/her permission for the user to forward or redistribute the message to third parties or to give his/her email address to third parties. This should be done only with permission or when the user knows that the individual would have no objection.

4. Be considerate when sending attachments with email (where permitted). Be sure the file is not too large to be accommodated by the recipient's system and is in a format the recipient can open.
5. Do not reveal personal addresses or phone numbers of students or colleagues.
6. Note that electronic mail (email) is not private. People who operate the system have access to all mail. Messages related to or in support of illegal activities may be reported to the authorities.
7. Do not use the network in such a way to disrupt the use of the network by other users.
8. All communications and information accessible via the network should be assumed to be private property.

Security:

Security on any computer system is a high priority, especially when the system involves many users. If you feel you have identified a security problem on the network, you must notify a teacher. Do not demonstrate any problems to other users. Do not use another individual's account. Attempts to log in to the internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the internet.

Computer Resources

All students must adhere to district policies and regulations dealing with use and misuse of computer resources. See board policies 6201 "Computing Resources"; 6501 "Internet Protections"; and Regulation 6201-R "Computing Resources" at tulsaschools.org/policies.

CLUBS (NON-CURRICULAR)

A non-curricular student club is any club not related directly to a subject taught or soon to be taught at the school. Student religious clubs are permitted to meet, to have equal access to campus media to announce their meetings and to have equal access to campus facilities and meeting times equivalent to the permission granted by the school to any other non-curricular student clubs.

COLLECTION OF FUNDS

No person may solicit contributions or collect funds for any purpose from students or school personnel on school property, at school sponsored events or on school transportation unless in receipt of written permission of the school principal, the superintendent or respective designee(s).

CONCERNS/COMPLAINTS

Individuals or groups may register a complaint or share a concern regarding the district's policies, procedures or operations (see board policy 1302 and 1302-R at tulsaschools.org/policies) by following the procedures listed below:

- If the issue is not satisfactorily resolved and it involves a student, contact the appropriate grade level counselor and share (in writing) the complaint and/or concern.
- If the issue involves an employee, contact an immediate supervisor and share (in writing) the complaint or concern.
- If the issue is unresolved or not addressed satisfactorily, contact the principal or the administrator responsible for the program/service involved and share (in writing) the complaint or concern.
- If the issue remains unresolved, contact the superintendent or designee and share (in writing) the complaint or concern.

Issues not resolved within the chain of command for the district may be referred, in writing, to the members of the board of education. The board will, at its discretion, determine the disposition of all complaints and/or investigate concerns consistent with its policies and procedures.

DEMONSTRATIONS/MEETINGS

The Principal has the final decision to approve/disapprove any requests for demonstrations/meetings. As part of the consideration for approval, the principal will determine if the activity will be orderly and peaceful and will not interfere with the rights of others or disrupt the educational process.

See Board Policy 2611 and Policy 2611-R at tulsaschools.org/policies.

DIRECTORY INFORMATION

Tulsa Public Schools directory information may include student names, class designation, school of enrollment, addresses and phone numbers. It is the practice of the district to provide student names and addresses to institutions of postsecondary education who desire to notify students of educational and scholarship opportunities and the armed services for recruitment purposes. Additionally, the district allows schools to publish directories which include student names, addresses and telephone numbers. Directory information may also be provided to other entities pursuant to a request under the Oklahoma Open Records Act, except that parents must notify the District in writing if they wish for directory information to be shared with another school district, charter school, private school or any third party who is working on behalf of such an organization or otherwise providing directory information to such an organization.

The district may release this information unless parents or eligible students object to the use of the student information in this manner. After the parents or eligible students have been notified, they will have two weeks to advise the district in writing if they do

not wish the district to provide directory information as described above, or if they wish for directory information to be shared with another school district, charter school, private school or third party working on behalf of such an organization or otherwise providing directory information to such an organization. At the end of the two-week period, each student's records will be appropriately marked by the records custodian. This designation will remain in effect until it is modified by the written direction of the student's parent or the eligible student.

Written requests should be submitted to the office of accountability at the Education Service Center, 3027 S. New Haven Ave., Tulsa, OK 74114.

This provision constitutes notice of rights to parents and students with regard to the release of directory information as required under state and federal law.

DISCRIMINATION COMPLAINTS (INCLUDING HARASSMENT, RETALIATION AND INTIMIDATION)

The district prohibits discrimination. The district also prohibits retaliation, intimidation, threats, or coercion against any individual who complains about discrimination or participates in the district's discrimination complaint process.

The following person is designated to handle complaints and inquiries regarding the Tulsa Public Schools' non-discrimination policies:

Human Rights & Title IX Coordinator
Tulsa Public Schools
3027 S. New Haven Ave.
Tulsa, Oklahoma 74114-6131
918-746-6985

General Counsel: tulsaschools.org/about/teams/civil-rights

Prohibited conduct includes harassment and discrimination against Jews, in compliance with Title VI of the Civil Rights Act of 1964 and antidiscrimination regulations issued by the U.S. Department of Education and the U.S. Department of Justice. Harassment of or discrimination against students or employees motivated by or including antisemitic intent must be treated in the same manner as discrimination motivated by race.

DISRUPTIVE ACTS AT THE END OF SCHOOL TERM

Any student who engages in disruptive behavior on or near the last day of school with the obvious intent of avoiding disciplinary action may be suspended for the remainder,

if any, of the current school year and into the first semester of the following school year.

DRESS CODE FOR STUDENTS

Board of Education Policy 2601 "Student Dress Code" and Regulation 2601-R "Student Dress Code" specify student dress and grooming requirements. A student's individualism in dress or grooming is encouraged within the constraints of reasonable rules and appropriate standards. The board expects each student's attire and grooming to promote a positive, safe and healthy environment within the school.

The board has determined that reasonable regulation of school attire and personal adornment is within its authority and consistent with its responsibility to provide an appropriate environment for learning.

While the board recognizes individual students have the right to free expression, that right must be balanced with the board's responsibility to provide a safe, secure, and orderly educational environment for all students. The board wishes for each student to accept responsibility for following the rules in Regulation 2601-R "Student Dress Code" and solicits the support of parents/guardians in the enforcement of this dress code. The superintendent or designee will develop and publish the rules in accordance with this policy. The responsibility of upholding and enforcing this code rests with students, parents/guardians, teachers, and principals.

Where there is a judgment to be made, the principal will make the decision in accordance with the site policy within the policy approved by the board. For the full Board Policy 2601, "Student Dress Code", go to tulsaschools.org/policies.

All students in TPS will follow the specific uniform policy for their site. Uniforms will conform to TPS dress code requirements. Variations in grade level or school colors are decided at each site. Principals must approve uniforms for student organizations worn at school.

FERPA (NOTIFICATION OF RIGHTS UNDER FERPA AND PPRA)

The Family Educational Rights & Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. This includes:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parents of eligible students of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate, misleading or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write to the principal (or appropriate school official), clearly identify the part of the record they want changed and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorized disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instruction of support staff member (including health or medical staff and law enforcement unit personnel), a person serving on the board of education, a person or company with whom the school has contracted as its agent to provide a service instead of using its own employees or officials (such as an attorney, auditor, medical consultant, or therapist), or a parent or student serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks.

- a. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.
- 4. Additional rights under the Protection of Pupil Rights Amendment (PPRA) afford parents certain rights regarding the administration of surveys, collection and use of information for marketing purposes and certain physical exams. These include the right to:
 - a. Consent before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education:
 - i. Political affiliations or beliefs of the student or student's parent
 - ii. Mental or psychological problems of the student or student's family
 - iii. Sexual behavior or attitudes
 - iv. Illegal, anti-social, self-incriminating, or demeaning behavior
 - v. Critical appraisals of others with whom respondents have close family relationships
 - vi. Legally recognized privileged relationships such as with lawyers, doctors or ministers
 - vii. Religious practices, affiliations, beliefs of the student or parents, or
 - viii. Income, other than as required by law to determine program eligibility
 - b. Receive notice and an opportunity to opt a student out of:
 - i. Any other protected information survey, regardless of funding
 - ii. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent and not necessary to protect the immediate health and safety of a student, except for hearing, visions or scoliosis screening, or any physical exam or screening permitted or required under state law
 - iii. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.
 - c. Inspect, upon request and before administration or use
 - i. Protected information surveys of students
 - ii. Instruments used to collect personal information from students for any of the above marketing, sales or other distribution purposes, and
 - iii. Instructional material used as a part of the educational curriculum
- 5. Parents and eligible students may obtain a copy of the district's student records policy from their building principal or the superintendent's office.

6. Parents have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA or PPRA. The name and the address of the office that administers FERPA and PPRA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave. SW, Washington, DC 20202-5901.

GANG CULTURE

To maintain the safety of students and staff and to ensure the appropriate learning environment, Tulsa Public Schools will not tolerate behavior which is indicative of the criminal street gang culture. This includes, but is not limited to, gangster style clothing, gangster rap music and gang style language, graffiti or gestures. Tulsa Public Schools recognizes that this criminal street gang culture is dynamic and ever changing and has trained personnel to recognize behavioral indications (i.e. showing certain colors and certain manners of dress) of this culture. Students participating in such behavior will be counseled and BRP sanctions may be imposed.

Tulsa Public Schools realizes that many of these characteristics may be fashionable with students and the district is not accusing persons exhibiting these behaviors or having gang affiliations. However, these behaviors are known to endanger students and disrupt the learning environment and will not be tolerated.

HAZING AND INITIATIONS

Hazing is defined by state law to be “an activity which recklessly or intentionally endangers the mental health or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization.” See Board Policy 2113 at tulsaschools.org/policy2113.

INDIAN EDUCATION

TPS provides culture and academic resources to PK-12th grade Indigenous students that are enrolled in the program. Eligibility for enrollment requires parent/guardian to complete a 506 form and provide tribal documentation to the Indian Education office. Records will remain on file as long as a student is enrolled in the district.

MEDICATIONS

Prescription and non-prescription medicines and drugs, over the counter medications and relevant medical equipment and/or supplies must be delivered to the school health clinic in person by the legal custodian (or the legal custodian’s designated adult) of the student, unless the medication must be retained by the student for immediate administration.

The legal custodian must complete the form “Administration of Medication” authorizing the medication to be administered. If the legal custodian requests self-administration, the form “Contract for Exception to Self-Administer and Retain Medication on Person” must be completed. These forms are available at any school clinic. Additional

information and requirements related to medication administration can be found in board policy 2105, Administering Medication to Students, and board regulation 2105-R, Administering Medications to Students at tulsaschools.org/policies.

MENINGOCOCCAL DISEASE

What is meningococcal disease?

Meningococcal disease is caused by the bacteria *Neisseria meningitidis*, also called meningococcus. This bacterium can infect the blood and cause septicemia. It can also infect the covering of the brain and spinal cord, causing meningitis.

How is the disease spread?

Meningococcal disease spreads through direct contact with the saliva or with respiratory droplets from the nose and throat of an infected person.

Who is at risk of getting this disease?

Some groups of people have a higher risk of meningococcal disease such as first-year college students living in dormitories or new military recruits living in barracks. Other persons at increased risk include household contacts of a person known to have had the disease, immunocompromised people, people without a spleen, and people traveling to parts of the world where meningococcal disease is more common. Exposure to tobacco smoke and having a concurrent upper respiratory infection also increase the risk of meningococcal disease. Infants are at highest risk, but rates decrease after infancy and then increase in adolescence and young adulthood.

What are the symptoms?

Ten percent or more of people are thought to be carrying *Neisseria meningitidis* in their nose and throat without being ill, which is called "asymptomatic carriage". Of these people, about 1% can develop illness, which may be meningitis or a blood stream infection called septicemia or meningococcemia. As described above, some people can carry the bacteria in their nose and throat without ever becoming ill. Signs of illness may include fever, severe headache, nausea, vomiting and a rash. People who develop meningitis can have fever, intense headache, nausea, vomiting, stiff neck and extreme sensitivity to light. It is important to seek care from a health care provider as soon as possible if these symptoms appear. Meningococcal disease has a 15% risk of death if it is not treated properly.

How soon do the symptoms appear?

Symptoms may appear two to ten days after infection, but usually within three to four days.

What is the treatment for meningococcal disease?

Antibiotics such as penicillin or a cephalosporin such as ceftriaxone are used to treat meningococcal disease.

Should people who have been around a person infected with meningococcal disease be treated?

When meningococcal disease occurs in one person, only people who have been in close contact with that person's respiratory secretions are recommended to receive antibiotics. These include household members, intimate contacts, health care personnel performing mouth-to-mouth resuscitation, day care center playmates, etc. Such people are usually advised to obtain a prescription for a specific antibiotic (rifampin, ciprofloxacin, ceftriaxone or azithromycin) by their physician. The health department will contact the individuals who are recommended to receive antibiotics and advise them of the option to obtain antibiotics. Casual contacts including classmates, co-workers or those in a factory setting are not at increased risk of disease when a single person has meningococcal illness. When clusters or outbreaks occur, the health department may expand the recommendations for which groups need to receive antibiotics to prevent possible spread. Antibiotics do not protect people from future exposure to *Neisseria Meningitidis*.

Is there a vaccine to prevent meningococcal disease?

Three types of meningococcal vaccines are available in the United States. They are effective against four of the five most common disease-causing types of meningococcal disease: A, C, Y and W-135. An additional vaccine is now available that protects against serogroup B but is currently only licensed for high-risk children over ten years of age. Consult with your health care provider or the local health department about receiving the vaccine.

Oklahoma state law 70§1210.195 requires dissemination of the following information on meningococcal disease. Source: Communicable Disease Division – Oklahoma State Department of Health

MOTOR VEHICLES ON SCHOOL GROUNDS

Each school principal has the responsibility of establishing motor vehicle regulations according to the needs of the school. Students in violation may have their school parking privileges revoked and may be subject to suspension. A principal's decision to limit or revoke parking privileges is final and may not be appealed.

NOTICE REGARDING H.B. 1775

As required by Oklahoma Administrative Code 210:10-1-23(g), parents and legal guardians are expressly notified of their rights under Okla. Stat. tit. 70 § 24-157 and Oklahoma Administrative Code 210:10-1-23, prohibiting "discrimination on the basis of race or sex in the form of bias, stereotyping, scapegoating, classification, or the categorical assignment of traits, morals, values, or characteristics based solely on race or sex. Public schools in this state shall be prohibited from engaging in race or sex-based discriminatory acts by utilizing these methods, which result in treating individuals differently on the basis of race or sex or the creation of a hostile environment." Any

individual who alleges a violation of Okla. Stat. tit. 70 § 24-157 or Oklahoma Administrative Code 210:10-1-23 and wishes to file a complaint with the district must do so by contacting the Executive Director of Student and Family Services at HB1775complaints@tulsaschools.org, 918-746-6287.

OKLAHOMA PARENTS BILL OF RIGHTS 25 O.S. § 2002

This statute affirms that parents (natural/adoptive/legal guardians) retain all rights over their minor children's upbringing and education. See Tulsa Public Schools Board Policy 9404 and Policy 9404-R at tulsaschools.org/policies.

ONLINE EXPECTATIONS FOR STUDENTS

We believe in building safe, equitable and engaging school communities in order for every student to have a positive learning experience that helps prepare them for success in higher education, career, and life. This document will provide guidance and the implementation of guidance around digital citizenship responsibilities and the implementation of guidance around student behavior and the discipline process in the virtual classroom. We recognize effective teaching and learning take place in a safe, secure, and welcoming environment whether it is virtual or face- to-face. Safe learning environments contribute to improved engagement and increase student achievement.

Parents, teachers, and students themselves play a role in good digital citizenship. As an online resource to students, families, and staff, the Student and Family Guide to Success includes information to help navigate the school year. The online handbook includes links to policies and procedures, resources for families and important information on the rights of TPS students, families, and staff to learn and work in safe and supportive environments.

The same expectations posted in the Student and Family Guide to Success will extend to our virtual learning community. The guidance here provides information intended to be a support in the virtual learning environment to include positive, proactive and restorative behavior strategies (see examples below).

Prevention First

Student discipline is accomplished by preventing misbehavior and using effective interventions if it occurs. Although our learning environments are virtual, the support from your allies in learning is still available to you, including school counselors, our Student and Family Support Services team members and other key faculty/staff members.

Relationships Are Essential

Building strong positive relationships between student and school faculty and staff members is essential even in the virtual classroom to support engagement in learning. Building positive relationships with parents can also help with managing student responsibilities in being a good digital citizen during virtual learning.

Discipline As Learning

Equitable instruction and guidance by school faculty/staff when misbehavior occurs provides students with the opportunity to learn the interpersonal and problem-solving skills necessary to be successful and avoid a disciplinary consequence. If a discipline consequence occurs, it must be timely, fair, age appropriate and match the severity of the misbehavior.

Early Learning Experiences

Positive school experiences for all students in the earliest grades create a positive perception of school and builds social and academic skills necessary for later school success.

Frequently Asked Questions:*What is digital citizenship?*

Digital citizenship is the responsible use of technology by anyone who uses computers, the internet, and digital devices. For additional information regarding digital citizenship and resources for families, please visit the following websites:

- Learning.com Online Safety (www.learning.com/online-safety-definition-basics/)
- AES-What is digital citizenship? (www.icevonline.com/blog/what-is-digital-citizenship)

What if my student needs home internet access?

There are programs available to help with reduced cost Internet access for families. To see if you qualify, please contact Tulsa Responds at (918) 900-0918 or www.tulsaresponds.org/internet.

Are there virtual dress code requirements?

There is no standard school attire required for the remote setting. Students shall dress in an appropriate manner as not to distract or interfere with the operation of the school. (Example: Students will not wear any clothing that displays drugs/alcohol, paraphernalia, or is sexual in nature.) When we return to in-person teaching, the school dress code will be enforced.

When a student is dressed in a manner that is likely to cause disruption or interference with the operation of the school, the teacher should follow the remote response plan guidelines.

Do discipline codes still apply to virtual learning?

Tulsa Public Schools believes in supporting the safe and responsible use of all online and digital technologies for teaching and learning. During this period of remote learning, all students are responsible for continuing to practice positive digital citizenship by protecting and respecting their peers and teachers. We all must

understand, practice, and model positive and productive behaviors when we are online. Because a remote learning environment is still a classroom, school behavior norms are rules to be followed just as expected in the regular educational setting/classroom.

PARENTS RIGHTS IN SPECIAL EDUCATION

Parents/guardians of children with disabilities are entitled to protections under the Individuals with Disabilities Education Act (IDEA) and/or Section 504 of the Rehabilitation Act/Title II of the Americans with Disabilities Act before the district may change the student's educational placement for disciplinary reasons. For specific information explaining these procedural protections under IDEA, consult the handout entitled "Parents Rights in Special Education: Notice of Procedural Safeguards", copies of which are available at school sites at no charge. For specific information explaining procedural protections under Section 504 and Title II, consult the handout entitled "Section 504 of the Rehabilitation Act of 1973/Title II of the Americans with Disabilities Act Information and Procedural Safeguards", copies of which are also available at all school sites without charge. Contact the Special Education Services department, located at the Enrollment Center at 918-746-7575 with questions or for additional information.

RETENTION AND PROMOTION

Promote or promotion - As used in this policy means to place a student successfully completing the requirements of a particular grade level into the next higher grade level following the end of the school year and to record on the student's permanent cumulative record that the current grade level has been successfully completed. Retain or retention - As used in this policy, means a decision to decline to advance a student into the next higher grade level following the end of the school year and to indicate on the student's permanent cumulative record that the current grade level has not been

successfully completed. See policy 2406 for specific information at tulsaschools.org/policies.

SEARCHES

Search of school property by school officials

All school property (lockers, desks, etc.) assigned to students is the property of Tulsa Public Schools. The student is given a temporary right to use the property which may be revoked at any time.

School property may not be used to store contraband or other prohibited materials, objects, etc. that are in violation of school rules. The school principal or designee may at his/her discretion authorize the search of any school property without the permission of the student or the presence of the student. Students have no expectation of privacy as to lockers, desks or other school property temporarily assigned for their personal use. School personnel may remove from lockers or desks any articles that are prohibited at school or could be used to interfere with or disrupt the educational process.

No person attending a school sponsored event may conceal on his/her person, in a purse, handbag, etc. any weapon, narcotic, dangerous drug, alcohol, or any other substance or object that is in violation of local or state ordinances or school rules.

Search of student's person/possessions by school officials

Any individual entering a TPS facility may be subjected to scans by either walk through or handheld metal detectors. As set out below, the school principal or designee may also authorize the search of a student's person or personal property and seize prohibited, illegal or harmful items in the student's possession. Except for a metal detector search, there must be a reasonable suspicion by school authorities to believe the student is in possession of an item, the possession of which constitutes a crime or a school rule or board policy violation.

Procedures regarding searches other than those conducted by use of a metal detector are as follows: The student must be told, prior to the search, what item or substance is being sought. The search must be done in a manner that avoids undue humiliation to the student.

The search of a student's person must be conducted by a person of the same gender as the person being searched and should normally be witnessed by at least one other authorized person, said person to be of the same gender, if practical. Under no circumstances shall a strip search be conducted.

Searches of persons and personal property by law enforcement officials shall be made in accordance with relevant state and federal law.

SMOKING/TOBACCO/E-CIGARETTES

All Tulsa Public Schools facilities are tobacco and smoke free. Tobacco use by students or staff is strictly prohibited. It is against Oklahoma state law 37-600.4A for persons under the age of 18 to possess tobacco or tobacco products. Student smoking or in possession of tobacco will be subject to discipline procedures by the school. Smoking means the carrying by a person or having access to a lighted cigar, cigarette, pipe or other smoking article. Smoking also includes using products which mimic or simulate smoking behavior, regardless of whether such products actually contain tobacco. This prohibition includes but is not limited to e-cigarettes, personal vaporizers and electronic nicotine delivery systems. See related board policies 2108 and 4402.

STUDENT DISTRIBUTION OF WRITTEN MATERIALS IN SCHOOL

Public school students have a constitutional right to distribute written materials in school facilities, subject to reasonable regulation by school authorities of the time, place, and manner of distribution and subject to certain restrictions concerning the content of the materials. Distribution of written materials by students in school facilities is governed by board policy 2604 and regulation 2604-R.

SUSPENSIONS

Board policy 2619, Student Suspension at tulaschools.org/policies and Oklahoma State Law 70-24-101-3

Suspensions During Remote Learning

- If a student is suspended while learning remotely or in a virtual academy, the Director of Student Advocacy will review the situation to decide on the next steps and support for that student.

Home-Based Instruction

- Suspended students will receive help only for core subjects (like English, math, science, and social studies). This does not include honors, advanced placement, or international baccalaureate courses.

Suspension for Students with Disabilities-disciplinary removal of students with disabilities under the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act/Title II of the Americans with Disabilities Act

- “Disciplinary removal” includes any out-of-school suspension or disciplinary action that changes a student with a disability’s educational placement.
- The district can suspend a student with a disability for up to 10 school days for violating school rules, just like any other student.
- If a student with a disability is to be suspended for more than 10 days, it must be for behavior that is not linked to their disability. Before the eleventh day of suspension, a manifestation meeting must be held to discuss the situation.

- After the eleventh day, students must receive special education services according to their Individualized Education Plan (IEP).
- Special education services, as determined by the IEP team, must be provided to the student for the duration of the suspension beginning on the eleventh day as determined by the IEP team.

Homework Policy During Suspension

- Parents/guardians need to get homework assignments for suspended students.
- If a student is suspended for six days or more, an education plan is required by law.
- Students suspended for five days or less will not receive an education plan.
- Students suspended for having a dangerous weapon or drugs will also not receive an education plan.
- Students suspended for more than five days can continue learning in an alternative setting.
- The education plan will cover core subjects like English, math, science, and social studies.
- Special education services must be provided based on the student's IEP.
- Parents will receive copies of the education plans.

Off-Campus Conduct

The school principal or designee may suspend a student based upon off-campus conduct by the student when the principal/designee concludes that the off-campus conduct indicates that the student's continued attendance would have an adverse impact on order, discipline or the educational process at the school.

VIOLENT BEHAVIOR

Tulsa Public Schools is committed to providing a safe and orderly learning environment for all students and will not tolerate behavior which is dangerous or disruptive to the learning process. Any student exhibiting violent behavior on school property or at a school function may be subject to immediate suspension pending an investigation of the incident. Additionally, the student may be subject to prosecution by law enforcement authorities.
