## EARLY CHILDHOOD FAMILY EDUCATION

**Early Childhood Family Education (ECFE)** offers classes, events, playtimes, and other opportunities designed to give families connections, ideas and skills to support their child's growth and development. ECFE is for all families of all incomes with children ages birth to kindergarten. ECFE is based on the belief that parents provide their child's first and most significant learning environment and parents are a child's first and most enduring teacher. ECFE is committed to building upon that belief and works to support you as a parent/caregiver. The goal is to enhance the skills and abilities of all parents, and other family members to provide the best possible learning environments for their child's development. ECFE parent/caregiver and child activities are led by licensed child educators, and play based learning is emphasized.
