Parent Teacher Organization

(EACS PTO) Mission Statement

The purpose of the Eagle Academy Charter School Parent Teacher Organization is to help support, provide, and encourage the students, staff, and families of Eagle Academy Charter School towards educational, social, moral and personal excellence. We propose to do this by:

1) Establishing a positive working relationship between parents, guardians, and staff for the betterment and support of the students.

2) Encouraging all to participate in events, activities, and programs through volunteer efforts, financial support and attendance as their personal circumstances permit.

3) Providing financial support as needed to the staff and students of EACS that fall outside of the school budget.
