### BOYZ TO MEN MENTORING GROUP

Our school wide mentoring program for young men will provide guidance and support for all 12<sup>th</sup> grade male students and middle school male students. Our focus is to persuade higher educational goals, nurture life skills, promote self-discipline and teach respect for authority. This will give our young men another platform to express themselves, which in turn may help them to feel more confident about their schoolwork, their attitudes, their commitment to learning and help them to develop as a person. The program will be aligned with our School Wide Positive Behavior Plan.

Our main objective is to provide our young men with positive reinforcement which will help them to become productive citizens in their communities in the future.
