Dear Parents/Guardian,

Our records indicate that your child currently has a religious exemption for immunizations required by Illinois School Code 105 ILC 5/27/8.1 to attend school.

In the event of an outbreak of a vaccine preventable disease for which your child is not fully vaccinated, your child may be excluded from school to protect his/her health and the health of all our students and staff. The length of time your child will be kept out of school depends on the disease. Your child's exclusion may be as long as 3-4 weeks. The Department of Public Health will be consulted if an outbreak does occur.

If your child is excluded from school, your child will also be excluded from school sponsored activities, such as sporting events, dances, and graduation that occur within the exclusion period. The school will notify you when your child can return to school.

*Please return this notice with your signature and a completed physician signed Illinois Certificate of Religious Exemption to required immunizations form to the main office.*
