PREAMBLE

- A. This Agreement is entered into between the Board of Education on behalf of School District No. 7, Josephine County, Oregon, herein referred to as the “District”, and Grants Pass Association of Classified Employees affiliated with SOBC/OEA/NEA, herein referred to as the “Association”.
- B. The intent of this Agreement is to set forth and record herein the items of agreement resulting from negotiations. The provisions set forth herein have been the result of mutual agreement by the District and the Association.
- C. There shall be no individual contracts that are inconsistent with the terms and conditions of this agreement. If an individual contract contains any language inconsistent with this agreement, this agreement, during its duration, shall supersede the individual contract.

ARTICLE 1 - RECOGNITION

The District recognizes the Association as the exclusive bargaining representative for all regular full-time and regular part-time classified employees employed by the District. Further, it is recognized that all administrators, licensed teachers and nurses, supervisors, confidential employees, substitutes, and temporary employees are specifically excluded from the bargaining unit.

In determining working days for purposes of this Article and Article 3, the employee’s scheduled paid days shall be used, excluding any leave period of five (5) consecutive days or more.

A. Part Time Employee and Full Time Employee Defined

An employee that works less than 6.25 hours per day shall be considered to be a part-time employee. An employee that works 6.25 or more hours per day shall be considered to be a full-time employee.

B. Supervisors Defined

The following positions are agreed upon as supervisors: Business Manager, Operations Manager, Food Services Supervisor, Transportation Supervisor, Maintenance Supervisor, Purchasing and Warehouse Supervisor, PAC Supervisor, Senior Software Developer/Supervisor, Information Systems Supervisor, and any other employee who fulfills the supervisory functions, including assistant supervisors described in ORS 243.650(23).

C. Confidential Employee Defined

Pursuant to ORS 243.650(6), a confidential employee is one who assists in a confidential capacity to a person who formulates, determines, and effectuates management policy in the area of collective bargaining.

D. Substitute Employee Defined

Substitute employees are those employees temporarily replacing regular employees during temporary absences not to exceed ninety (90) consecutive calendar days per fiscal year. No employee benefits are provided, and substitute positions will not be posted. However, in instances where a regular employee takes leave that extends beyond ninety (90) consecutive calendar days in a fiscal year, the district may engage a substitute employee provided that the employee will be paid on the regular employee salary schedule and receive sick leave and holiday benefits that would accrue to a regular employee. Receiving these specified regular bargaining unit benefits does not change the substitute nature of the position and the substitute employee has no contractual rights beyond the return date of the regular employee. In the event the regular employee vacates the position the District will post the position according to Article 6 Vacancies & Transfers. Substitute employees are not considered regular employees.

E. Temporary Employee and Positions Defined

Temporary employees and positions are defined as employees hired to fill a temporary need or positions filled for a specific period not to exceed the equivalent of ninety (90) working days. No employee benefits are provided except state mandated requirements. If the employee exceeds ninety (90) working days, the employee shall be considered a regular employee and shall be subject to all the terms and the conditions (except insurance) of the Collective Bargaining Agreement effective retroactively to the first date of service.

F. Overload Educational Assistant Defined

Those employees who are utilized for a specific building's class load. The parties recognize that this overload can change at the end of a grading period. Overload Educational Assistants do not receive any additional benefit except wages and leave accruals as a result of these hours being added to their employment. These hours will first be offered to qualified building employees who have expressed an interest in writing in accordance with Article 6 J., second to all qualified District employees who have expressed an interest in writing, and then posted in accordance with Article 6. These employees hired for overload shall not be subject to the provisions of Article 20, Sections B and C.

G. Extra Duty

Extra Duty will be defined as those duties not regularly performed, not covered by this agreement, and not currently listed on the salary schedule. Extra duty assignments shall be posted.

H. Subcontracting

Should the District decide to pursue subcontracting or privatization of existing bargaining unit work, the District shall provide a minimum of 90 days' notice for transportation and food service and shall comply with ORS 279A, 279B and 279C. The decision and the impact will be bargained in accordance with the expedited bargaining process set out in ORS 243.698.

J. Labor Management Committee

A Labor-Management Committee consisting of members chosen by the Association and members chosen by the District will, except as otherwise provided in this agreement, meet every other month for the purpose of discussing and resolving non-grievance issues or problems of mutual concern. Additional check-ins will be scheduled as needed. If applicable, issues brought to LMC shall be first brought to the building administrator or site supervisor by a member or the site representative in an attempt to resolve issues at the lowest level. Any member of the group may suggest items for the agenda. The District will support the committee by providing appropriate Labor-Management training and adequate release time for committee members.

ARTICLE 2 - ASSOCIATION DUES AND OTHER VOLUNTARY DEDUCTIONS

A. Association Dues

1. The District will deduct dues, fees, and any other assessments or authorized deductions to the union in accordance with the payroll-deduction authorizations signed by members and provided to the union. The union will provide the District with a list identifying the employees who have signed such authorizations and the authorized deduction amounts, as well as payment remittance data instructions for reporting dues payments. The District shall rely on the authorization list and the payment remittance data instructions to make the authorized deductions and to remit payment and data to the union.

Withdrawing the payroll deduction for such dues may be accomplished by sending notification in writing to the office of the Council (2495 S. Pacific Highway, Medford 97501) prior to the thirtieth (30th) day of September of any school year.

The District shall be responsible for paying the dues that are not deducted and paid when the dues deduction information is communicated by OEA Staff to the payroll clerk by the clerk's designated cutoff date.

2. Processing OEA/NEA/GPACE Dues Deductions

Dues deductions shall be made monthly in an amount equal to one-tenth (1/10) of annual dues, commencing with the month of September and continuing through the June pay period.

3. Remittance of Dues Checks and Data

4. Indemnification

The Association agrees to indemnify, defend, and hold the District harmless from employee or former-employee claims, orders, or judgments against the district concerning the dues deductions procedures outlined in this agreement. The Association's obligations are contingent upon the District: 1) giving the Association at least two-week's notice, in writing, of any claim; 2) and fully cooperating with the Association and its designated counsel in the defense of the claim. The Association's obligation does not extend to criminal allegations or District conduct that would constitute an Unfair Labor Practice. In the event the District properly invokes this paragraph, the Association will provide the attorney to defend against the claim. In the event the District wishes to use its own attorney, the District will pay the fees and costs of said attorney.

B. Employee Information

1. Employee List

By the 25th of each month, the District shall provide to the OEA Membership Specialist and the local OEA Consultant an Excel-compatible database of each employee in the bargaining unit (both active members and non-members) that includes the last four digits of their social security number, employee ID, date of birth, first date of service, FTE, classification or title, PERS classification, worksite, salary, position on the salary schedule, residential or personal mailing address, any means of electronic communication, including work and personal electronic mail addresses, and residential, cellular, and work phone numbers. 2. The current list of Section 403(b) plan vendors is set out in Appendix C-1. This vendor list may change during the life of this contract due to the requirements of applicable Federal or State law governing such accounts. In addition, the District may elect to drop any vendors which have no contributing employees. The parties will review and mutually agree to any proposed changes to the District's Section 403(b) or other deferred compensation plan, however, notwithstanding this provision, any changes required by Federal or state law will be made in a timely manner in accordance with such provisions. The District will notify the Southern Oregon Bargaining Council in writing within one month of the effective date of such changes.

If the member provides notification on the 11th of the month or after, the contribution shall cease in the following month's pay period.

2. In order to facilitate the processing of voluntary deduction payment transfers, if electronic fund transfer (EFT) payments can be made to a voluntary deduction program, the District will establish an EFT mechanism for such programs and all payments to such programs will be made on the monthly payroll date.
3. In the case of non-EFT payments to a voluntary deduction program, the District will use its best efforts to transfer payments within 5 working days of the monthly payroll date.

6. When administrators/supervisors are off site, the emergency and safety procedures shall be communicated in writing to the members designated to oversee the worksite operations in their absence. A list of designated staff members to contact when administrators/supervisors are off site will be available and communicated to members in writing.

 - b. **Assignments** - Assignments are defined as the classification, number of work hours per day, and the worksite of each member.

C. Postings During the School Year

If the vacancy occurs during the school year, it shall be posted on the Association bulletin board in each district building for not less than five (5) working days, and a copy shall be e-mailed to the Association President and to all bargaining unit members. Bargaining unit members submitting applications through the established Human Resources application process during the five (5) working day period shall be considered pursuant to section E.

Temporary Overload Educational Assistant positions/hours will be posted if they are not filled using the process outlined in Section K. Bargaining unit members interested in being considered for such positions/hours at their worksite shall make a written request with the principal/supervisor yearly. D. Summer Vacancies

For the purposes of this agreement, summer vacancies are defined as a vacancy that occurs between the last student day of the school year and the first day of school of the next school year. The following rules shall apply with respect to the summer vacancies:

1. All summer vacancies shall be emailed to members. Bargaining unit members shall have no less than ten (10) calendar days from the date of emailing in which to apply for the summer vacancy. If the vacancy occurs after August 1, but prior to the first day of the next school year, the ten (10) calendar day posting period may be reduced to five (5) calendar days.
2. Bargaining unit members submitting applications through the established Human Resources application process during the posting period shall be considered pursuant to section E.

E. Association Copies

The Association President shall receive notice of who was selected for an open position. The Association President can obtain a list of applicants for each posting by requesting such list from the District Human Resources office. The Association President will provide the information referenced above to other Association officers, as needed. All bargaining unit applicants for a vacancy shall be notified of the final decision.

F. Filling a Vacancy

1. Upon notifying the requesting bargaining unit member of the receipt of their application, and after application timelines have been exhausted and applications reviewed, the District shall fill any vacancy, provided, however, that prior to the filling of any such vacancy, qualified applicants from within the bargaining unit shall have been interviewed. The determination of whether a bargaining

unit member is qualified for a vacancy will be based on experience as indicated in the member's application in light of posted job qualifications and requirements.

2. When an Interview Committee is used to hire a classified employee, a classified staff member will be made part of the Interview Committee.
3. The District may fill without posting a classified position vacancy through a lateral transfer (within the same job classification or pay scale) if the District obtains the approval from the Association President. Such transfers may be voluntary or involuntary but if the transfer is involuntary, the District will comply with Section F of this Article.
4. With respect to requests for voluntary reassignments and/or transfers, filling new positions or vacancies, whether involving newly created or existing, bargaining unit applicants will be assessed by the District on the criteria found in the following areas: Knowledge, Skills, and Abilities/Demeanor; Education and Training; Seniority; and Experience. When two or more internal applicants are deemed to be equally qualified for the position by the district, seniority shall prevail when all other attributes are equal, and the member with the most seniority shall be hired for that position. This does not preclude the District from hiring someone outside the bargaining unit over a person from within the bargaining unit if that applicant is judged to be more qualified based on verified and documented experience and training.
5. If bargaining unit members' application to fill a vacancy (or request for voluntary transfer to fill a vacancy) has been denied, they will receive a written explanation of the reasons from the interviewing Administrator. If requested in writing by the bargaining unit member. The decision is not grievable if the issue is about the verified and documented experience and training.
6. If a vacancy occurs within thirty (30) calendar days of the proposed start date of that specific position, the District may choose another qualified candidate from the same candidate pool to fill that position and will not be required to repost that vacancy.

G. Involuntary Transfer

Before initiating an involuntary transfer that is not disciplinary in nature, volunteers will be requested and considered with the District making the final decision. When a bargaining unit member is being involuntarily transferred, notice will be given to the bargaining unit member as soon as reasonably possible, and the Association shall receive written notice of the transfer at the same time the member is notified. The member will have an opportunity to discuss the transfer with the Director of Human Resources.

The member will be notified in writing of the specific reasons for the transfer, however, the decision is not grievable.

No member shall be involuntarily transferred between job classifications and/or worksites more than three (3) times during a five (5) year period.

H. Transfer compensation

A bargaining unit member who transfers to a higher job classification shall be moved to the same experience step in the new pay range.

A member who is involuntarily transferred to a lower classification will remain at the same step as previously held and shall not suffer loss of pay. This shall not apply to involuntary transfers which result from disciplinary action, in accordance with just cause. A member who requests to be transferred to a lower classification shall be paid at the same step with the lower rate.

I. Working Out of Classification

Any member temporarily assigned by the District to replace an absent member who is in a higher classification shall assume all the duties and responsibilities of the assigned position and be considered working out of classification. The member shall receive pay at their current step at the pay rate for the higher classification.

J. Changes in Classification or Reassignment of Duties

When a member is voluntarily or involuntarily transferred to a different classification and/or to a different worksite, or when a member's duties are reassigned within their current classification and/or worksite, the Administrator/Supervisor and the member will discuss duties, expectations and job requirements, as well as training needs and how those training needs will be addressed.

K. Additional Work Hours

Annually, members may submit in writing to the administrator/supervisor a statement indicating their desire to be assigned additional work hours. Except as provided in Article 21, the administrator/supervisor will refer to these requests first when assigning additional or substitute hours. Requests shall be granted based on the time of support needed, each member's work schedule, and seniority.

L. When additional temporary hours become available, members who have requested additional work hours per Section K shall be offered additional temporary hours first.

If the members in a building who requested additional hours turn down the hours, the hours do not fit into their schedule, or if no members in a building have requested additional hours, additional temporary hours may be offered to other qualified classified employees.

After 60 working days of working additional temporary hours, the District and Association will review the hours to determine if they should become permanent. If it is deemed that the hours are to become permanent, they will be posted. If the hours are not to become permanent, they may be extended for an additional 30 days. After the additional 90 days have been worked, the hours shall be posted, or the temporary hours shall be eliminated. The District shall not reassign temporary hours to fill the same need after the 90 days have been completed.

Additional temporary hours will not make a member eligible for insurance or increase the insurance benefit for any member.

ARTICLE 7 – WORK TIME

A. Workweek

1. The standard work week in Grants Pass School District No. 7 commences at 12:01 am Sunday and concludes at 12:00 midnight Saturday. The standard work week shall consist of five consecutive days. For members who work 40 hours per week, the District may, at its option, schedule work for ten (10) hours per day and four (4) consecutive days.
2. Upon mutual agreement between the member, the Association, and the District, members may have work schedules that deviate from the schedules outlined in Section 1.

B. Workday

A full-time member is defined as a member who is contracted to work a minimum of 6.25 hours per day. The standard workday for members shall consist of the number of hours in which they were hired to work and the start and end times established upon hire.

With mutual agreement, a supervisor may increase a member's hours by up to sixty (60) minutes per day without having to repost the position. This only applies to positions where the insurance benefit level will not be changed.

C. Lunch Periods

Each member who works six (6) hours or more per day shall have scheduled an uninterrupted lunch period of not less than one-half hour nor more than one hour (see table in Section I of this Article). If interrupted at the direction of an administrator (or designee) and the lunch period cannot be extended to make up the missed time, the member shall add the missed lunch time to their daily time sheet. The lunch period shall be scheduled by the supervisor as nearly as practicable to midshift.

Members working less than six (6) hours per day may have lunch periods scheduled as practicable and prudent of not less than one-half hour duration upon agreement between the member and the supervisor. These members, upon mutual written agreement with the supervisor, may work their full shift without a lunch period.

D. Reporting Time

1. All members shall be trained on how to use the district's timekeeping system. All members shall be trained on and have access to all applicable technology associated with the district's time keeping system. Members shall have the discretion to use the time keeping application system of their choice each day.

2. Each member shall report for work on time at the beginning of their workday as established by the supervisor, unless notified otherwise prior to that member reporting to work.
3. The working days for members shall be determined by the days to work calendars as referenced in Appendix 1.
4. With prior notice, members may be required to report to different work sites. When members are required to travel between work sites, they shall be paid the IRS rate for mileage.

E. Flexible/Trade & Compensatory Time

1. Flexible/Trade

- a. Flexible/Trade Time is time moved from one workday to another workday within the same work week with mutual agreement between the supervisor and the member.

2. Compensatory Time

- a. When a member accrues compensatory time (with prior approval of their supervisor) that compensatory time will be taken at a mutually agreeable time with all consideration given to the member's requested day(s). If compensatory time is not taken by the end of the school year in which it is earned, it will be paid to the member in their last payroll but no later than June.
 - i. Straight Compensatory Time is additional time worked that does not exceed 40 hours in a work week or 8 hours in a workday. This time is accrued on an hour for hour basis.
 - ii. Overtime Compensatory Time is accrued at time-and-one-half. See Section F. Overtime below.
- b. The Labor Management Committee will annually review the practices and procedures for flexible/trade and compensatory time.
- c. Compensatory time shall be tracked by the individual member and the administrator and/or designee. The administrator and/or designee shall be responsible for keeping a written record of the compensatory time accrued, the date and time in which compensatory time is taken, and the balance of compensatory time left for each member as of the last student contact day of each year. When a member uses compensatory time, they shall receive notice of the amount of compensatory time they have remaining.

F. Overtime

Eligible members shall be compensated at the rate of time and one-half in the form of pay or compensatory time (also at one and one-half time) under the following circumstances:

1. All assigned work in excess of eight hours excluding lunch period, which shall not be paid, on any scheduled workday. By mutual agreement of the supervisor and the member, the eight (8) hour per day overtime rule in this section may be waived to allow the member to work more than eight (8) hours in a day without overtime pay at time and one-half if the

work schedule adjustments for any hours which exceed eight (8) hours per day are made in the same week.

2. When a member accrues compensatory time (with the approval of their supervisor) that compensatory time will be taken at a mutually agreeable time with all consideration given to the member's requested day(s). If compensatory time is not taken by the end of the school year in which it is earned, it will be paid to the member in their last payroll.
3. All assigned work in excess of 40 hours in any workweek.
4. All vacation time, Personal Leave time, and holidays shall be computed as time worked in computing overtime.

G. Overtime Authorization

Under no circumstance shall a member work beyond their assigned work schedule, eight hours per day or 40 hours per week, without prior approval of the District.

H. Scheduling Overtime

When overtime is available, it shall be assigned on a rotating basis starting with the most senior member in that classification. If a member declines overtime hours, they shall be made available to the member with the next highest seniority, but they shall maintain their place on the rotating list. Once a member accepts overtime hours, they shall be moved to the bottom of the list.

I. Return to Work

A member required to return to work after their regular shift shall be paid at their regular rate of pay or, with approval of their supervisor, be eligible to accrue compensatory time (on a one-for-one basis unless the member has worked more than 8 hours in a day or 40 hours in a week, in which compensatory time accrued will be on a time and one-half basis) for the actual time worked. Since custodians, mechanics, maintenance and security personnel are required to report to work in these circumstances, they shall be compensated at a time-and-one-half rate for all hours worked, with a minimum of two (2) hours at time-and-one-half.

J. Breaks

- a. Each member shall be eligible for a fifteen (15) minute break during each work shift of four (4) continuous hours, normally between one and one-half (1-1/2) and two and one-half (2-1/2) hours after the start of the shift. Members who work more than two hours but less than four hours per day shall be eligible for one fifteen (15) minute break as close to mid-shift as possible.

Length of work period	Number of rest breaks required	Number of meal periods required
2 hrs or less	0	0
2 hrs 1 min - 5hrs 59 min	One fifteen minute	0
6 hrs	One fifteen minute	1
6 hrs 1 min-10 hrs	Two 15 minute	1

- b. A total of 30 minutes shall be allowed for breaks for the express of breast milk for each four (4) hour period.

K. Extra Hours

When a member works extra hours beyond their assigned work schedule, the member shall be paid at their regular rate of pay unless such hours constitute overtime, which shall be paid in accordance with Section F of this Article.

L. Days to Work

1. If the District desires to reduce the number of workdays and commensurate amount of salary, it will give written notice to the Association. The parties agree to conduct negotiations under the provisions of ORS 243.698, but the period of negotiations shall be 120 calendar days.
2. Prior to adoption by the Board, the District shall review the proposed calendar(s) for subsequent years with the Association and the Association shall be able to provide input during Labor Management. The final determination of calendar adoption will be made by the school board.

M. Professional Improvement

1. The District shall reimburse reasonable member expenses for attending educational meetings, conferences, workshops or training if these activities are reasonably related to the member's job duties, if there are funds available, and prior approval is given.
2. When the District implements a new program, the District (through its Administrators/Supervisors) will provide the necessary training as determined by the District with input from the affected staff.
3. The District shall grant classified members three thousand dollars (\$3,000) per fiscal year for tuition to be used for career improvement programs that are not related to a certified position in the District, under the supervision of the administration. Classes must be related to work that can be done within the District. The District shall grant classified members twelve thousand (\$12,000) per fiscal year for tuition to be used for career improvement programs that are related to degrees and/or certificates towards a certified position, under the supervision of administration in the District. Each member shall be eligible to receive up to \$1,200 per year from the overall \$15,000 fund. These funds shall be available on a first come first served basis until the funds are expended. Funds shall be

provided on a reimbursement basis and certificate of completion and/or grade slips shall be submitted to the District in order for members to receive funds.

4. Upon Association request, the District shall notify the Association of the amount remaining in this fund. If there are funds remaining by June 20th of each year, members who have already received \$1,200 may submit proof of successful completion of additional career improvement classes to receive up to an additional \$1,200. If more members request this additional reimbursement the remaining funds will be distributed equally. No member shall receive more than \$2,400 each year.
5. Upon completion of a degree and/or certification program, if the District has invested \$3,000 or more in an individual member's degree and/or certificate, the member shall be required to interview for open certified positions for which they are qualified. Members shall not be required to accept positions that are offered to them.
6. Upon mutual agreement between the member and the supervisor, flexible scheduling and leave time may be utilized so that members can participate in career advancement programs.
7. When members have been approved by the District to lead a Professional Development training and/or workshop, they shall be paid for planning time equal to the length of instructional time at their hourly rate. In addition, members shall be paid at their hourly rate for all hours spent delivering the training and/or workshop. Overtime pay shall be earned if the member works more than eight (8) hours in a day or forty (40) hours in a week.

N. Inclement Weather and Emergency School Closures

1. When school is closed due to inclement weather or other emergencies, all classified employees, with the exception of Head Custodians and Maintenance, will not be required to report to work and will be paid regularly; however, the District may restore up to two (2) designated, calendared restoration days. In the event that the District still does not meet the State minimum instructional hour requirements, additional instructional days will be restored to meet such requirements. Any additional workdays resulting from such an extension or rescheduling shall be with no additional pay, given that all employees have been paid for their contracted number of days during the school closure(s). Members shall be notified of any extension no later than April 30.
2. Head Custodians, Office Managers, and Maintenance will report to work, as close to their start time as possible, based on the member's safety. The District may call in other members as needed by schedule and seniority at their location. These members will receive their normal daily wage plus the additional Emergency Closure Pay (defined as a member's regular rate of pay for hours worked). A member may choose comp time for hours worked in lieu of Emergency Closure Pay.
3. When the District closes due to emergency or inclement weather, a member who has a scheduled sick day, personal day, or vacation day shall not be charged for any leave time.

4. When the District closes early due to emergency or inclement weather, a member who is using sick leave shall only be charged for the required number of working hours for that member for that day. For example, if the District Office closes at 3:30pm rather than 4:30pm, a member who is scheduled to work from 8:00am-4:30pm shall only be charged for seven (7) hours of sick leave.

5. Whenever the District delays the regular starting time, members shall receive their regular scheduled pay and benefits for the delayed time.
 - a. On a two-hour delay schedule, Office Managers, Head Custodians and Maintenance, and those called in, will report to work as close to their start time as possible based on the member's safety.
 - b. All other classified members will report to work two hours later than their regularly scheduled start time, but no later than the start of the delayed school day.
 - c. If a classified member's regular start time is at the same time as or after the start of the school day, they will report to work at their regularly scheduled time.
 - d. The end times for shifts for classified staff will remain the same. AM routes for transportation members will move accordingly to the delayed start time.

The purpose of the following table is to show how a two-hour delayed start works. Consult with your supervisor for your specific start and end times.

Employee	Delayed Start Time	Delayed End Time
Office Manager, Head Custodian, Maintenance, and those called in	As soon as it's safe and as close to regular start time as possible	Regular End Time
Other Staff who normally report before the delay	2 hours later, but not later than delayed start time	Regular End Time
Other staff who normally report on or after the delay	Regular Start Time	Regular End Time

*Transportation AM routes will run on a delayed start. PM routes remain unchanged.

If the member is cleared of the charges, the member will be immediately reinstated without loss of pay or other benefits.
 - i. If the charges are upheld, the termination date will be the date of being placed on paid administrative leave. The Investigation and decision concerning charges for a member on paid administrative leave will not exceed 15 working days from the time of the placement without the written consent of both the District and the Association. However, it is understood that an open-ended extension will automatically be granted by the Association if the District investigation is dependent upon completion of an investigation by ODE, police department, DHS, or other law enforcement agency and notice of the outside agency investigation is provided to the Association.

e. Sick Leave Bank:

The Association and District will establish and manage a sick leave bank for members. The purpose of the sick leave bank will be to extend to those members additional sick leave should a long-term illness or serious injury exhaust the members' accumulated sick leave. Sick leave bank hours can only be accessed by a bargaining unit member who has a doctor's opinion stating that they are unable to perform their assigned responsibilities due to a life threatening, or serious long-term illness or injury of the bargaining unit member, spouse/domestic partner, parent, or dependent child. If at any time during the school year the Sick Leave Bank balance falls below 350 hours, the District will issue another request for contributions.
3. If a request to use the sick leave bank is made and there are not enough hours in the bank to fulfill the request, members requesting leave may provide written consent to share their name in order to receive adequate donations to fulfill the request. These requests will be sent exclusively by the Association.
4. All sick leave hours designated for usage in the bank shall be deducted by the District from the contributor's sick leave account at the time of the usage.
5. Bargaining unit members shall only be eligible for use of sick leave bank hours after they have exhausted all their available sick leave and other paid leave. Personal leave that requires members to pay the cost of a substitute shall not be considered paid leave.
6. The sick leave bank can only be used by bargaining unit members who have a doctor's opinion stating they are unable to perform their assigned responsibilities due to a long-term illness or serious injury of the member, spouse/domestic partner, parent, or dependent child.
7. The District and Association shall work cooperatively to implement the sick leave bank.
8. GPACE shall have sole discretion in designing criteria for disbursing days from the sick leave bank, and decisions on disbursement are not grievable. The Association and Bargaining Unit Members shall hold the District harmless against any and all claims, suits, orders, or judgements brought against the

District as a result of the Sick Leave Bank provisions, except for those determined to be caused by the District's negligence.

9. Requesting Sick Leave Bank benefits

- a. A bargaining unit member shall submit a written request through the Office of Human Resources to access days for sick leave from the Sick Leave Bank.
- b. Members will provide the District with appropriate medical documentation. The Director of Human Resources will inform the GPACE President when a request in writing is received from a bargaining unit member. The GPACE President shall provide the request to the GPACE Sick Leave Bank Committee, which shall be comprised of an odd number of GPACE members. Once the committee has made their decision, the GPACE President shall notify the District if the request for leave from the Sick Leave Bank is approved or denied. GPACE has three working days from the time they are notified of a request to use the sick leave bank to notify the District of their decision.
- c. A bargaining unit member may be provided up to ninety (90) days from the Sick Leave Bank per each occurring long-term illness or serious injury.

 - iii. If after the first sixty (60) days the bargaining unit members needs additional days from the Sick Leave Bank for the same long-term illness or serious injury, they may reapply a final time and be provided with an additional thirty (30) days.

2. Personal Leave

- a. Each member shall be granted two (2) days of personal leave annually, cumulative to a maximum of four (4) days if members roll over two days, without loss of pay.

At the member's discretion, up to four unused personal days that are not rolled over will be paid out at their daily rate of pay in their June paycheck. Notification shall be provided to the District Office by June 1st if members are opting to have their unused personal days paid out. After notification has been provided, members cannot use any personal days. Four (4) additional days of personal leave shall be granted upon request with loss of pay equal to substitute pay whether a substitute is

hired or not. Substitute pay is defined as ten cents less than the pay for step one of the classification the member works in, times the number of hours they take personal leave for that day.

- b. Starting July 1, 2026, members who retire or resign from Grants Pass School District with thirteen years of continuous service shall be paid a bonus in recognition of the member's years of service equivalent to four dollars (\$4.00) for each hour of accumulated sick leave at the time of retirement or resignation.

Coverage Period	More than 6-hour Members	4-6 hour Members
10/1/2025-9/30/2026	\$1,576	\$1,418.40
10/1/2026-9/30/2027	\$1,624	\$1,461.60

Members working less than 4 hours per day will not be entitled to insurance benefits.

Coverage and Plan Options

The Insurance Committee will seek to recommend coverage and plan options which maximize available benefits given the District’s monthly contribution limit.

The Insurance Committee will ensure that one available plan option qualifies as a Health Savings Account (“HSA”) compliant high deductible health plan eligible for Health Savings Account (“HSA”) contributions. There will be no District contribution to a member health related savings account (FSA, LFSA, HSA or HRA). To the extent a member chooses a health care option with a premium less than the District monthly contribution amount, members can choose to add the difference to their HSA or FSA account or receive the difference as additional compensation on a monthly basis, in which case the employer payroll costs on that additional compensation shall be subtracted from the amount paid to the bargaining unit member.

Eligible members will have the option to participate in a Section 125 Benefits Plan with the sole cost to the District to be the set up fee and the administrative fees.

The Insurance Committee will be comprised of three certified staff, three classified staff, three administrative staff members, one confidential staff member and one retiree who is a member of the health care plan. Plan option recommendations for the following calendar year shall be determined by the Insurance Committee based on a 2/3 majority vote of the active employee group committee members and such plan option recommendations will be completed no later than 75 days prior to the close of the current health care plan year.

The Insurance Committee recommended plan options are subject to approval by all active employee groups (not retirees) based on an approval method to be determined by each active employee group. Each employee group will notify the District of their decision to approve or disapprove the Insurance Committee recommended options no later than 60 calendar days prior to the close of the plan year for reconsideration by the Insurance Committee. If employee group approval of recommended plan options cannot be obtained by 45 calendar days prior to close of the plan year, the District reserves the right to continue offering the prior plan year plan options with the members being required to contribute the difference between the District monthly contribution limit amount and the prior plan year option renewal monthly premium amount.

- B. Four-to-eight (4-8) hour members may choose to participate in the insurance benefit package or “opt out” of the program.

It is understood that if a 4-8 hour member chooses not to participate in the program, the amount the District would have otherwise contributed on behalf of the member opting out, will be used to offset the cost of the short-term disability insurance. Based on a determination to be made in October of each year, if the District contribution does not cover the short-term disability insurance premium for a 4-8 hour member, the remaining premium cost will be paid by the 4-8 hour member.

- C. Members will have the option to participate in a Section 125 Benefits Plan with the sole cost to the District to be a set up fee and the administrative fees no more than the District savings in reduced payroll costs.
- D. Temporary hours shall not be considered in determining a member’s health insurance benefit level pursuant to section A above.
- E. The District will not be obligated and shall not pay for any medical and/or dental expenses not covered by the insurance carrier(s). Such expenses shall be the sole obligation of the member(s) incurring them.
- F. Subject to approval of the insurance carrier, benefit coverage will extend to retiree spouses until the retiree becomes Medicare eligible. At such time coverage for the member, spouse and any dependents shall end.
- G. All qualified domestic partners as determined by the applicable health care provider guidelines will be provided health care coverage as outlined above and any associated imputed income will be reported as required by federal or state tax rules.

2. Each year of the contract, the opt-out stipend shall increase by the same percentage that the insurance cap increases. Insurance eligible members who work more than 6 hours are eligible for incentive compensation equal to \$4,402 for 2025-2026 (\$366.83 per month) and \$4,534 for 2026-2027 (\$377.83 per month). Insurance eligible 4-6 hour opt out members are eligible for incentive compensation equal to \$3,961.80 for 2025-2026 (\$330.15 per month) and \$4,080.60 for 2026-2027 (\$340.05 per month).

3. Opt out members can choose to receive the opt out incentive compensation as taxable cash but may elect to contribute the incentive amount to a qualified health care account or retirement account subject to applicable access and contribution limit restrictions.
4. Opt out members will designate the allocation of their monthly opt out incentive amount during the open enrollment period and that allocation cannot be changed until the next insurance open enrollment period or plan enrollment change opportunity.
5. The District will withhold any applicable payroll tax deductions associated with the opt out member's allocation of the incentive compensation.
6. It will be the opt out member's responsibility to review and comply with any applicable health related account or retirement account qualification and contribution limits.

A. Definitions

1. Grievance

"A grievance" is a claim by a member or the Association based upon the interpretation, application or violation of the Agreement.

2. Grievant

A "grievant" is a member or Association representative making the claim.

3. Group Grievance

If, in the judgment of the Association, a grievance affects a group or class of members, the Association may submit such a grievance in writing to the Superintendent directly and the processing of such grievance shall be commenced at Level Two.

4. Party in Interest

A “party in interest” is the person or persons making the claim and any person who might be required to take action or against whom action might be taken in order to resolve the claim.

5. Days

The term “days” when used in this Article shall mean days that the District office is open.

6. Supervisor

The term “supervisor” when used in this Article shall mean the person who has authority over the grievance.

B. Purpose

The purpose of this procedure is to secure, at the lowest possible level, equitable solutions to the problems which may from time to time arise affecting members. Both parties agree that these proceedings will be kept informal and confidential as may be appropriate at any level of the procedure.

C. Procedure

1. Time Limits

Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level are the maximum and every effort should be made to expedite the process.

2. Grievances

Grievances must be filed within ten (10) days of grievance, or grievant’s first knowledge of the aggrieved act, or when the grievant reasonably should have known of the aggrieved act, whichever is earlier.

3. Information

The District shall provide the information the Association deems necessary to process the grievance.

D. Level One - Supervisor

1. Step I

A member with a potential grievance shall first discuss it with their supervisor, either directly or through the Association designated representative, or accompanied by a representative of their own choosing. The objective of the meeting is to resolve the matter informally. The discussion will clearly be identified as a potential grievance discussion at the outset. If resolved, the supervisor shall respond with a written summary of the meeting to the parties involved within five (5) days.

2. Step II

If the aggrieved is not satisfied with the disposition of their grievance they may file a written grievance with their Supervisor (who has administrative authority to act) within ten (10) days following the act or condition which is the basis of their grievance. If the aggrieved had no knowledge of said occurrence at the time of its happening then within ten (10) days of the first knowledge of when grievant ought reasonably to have known of the act, this grievance shall set forth all grounds upon which the grievance is based and the reasons why the aggrieved considers the decision rendered is unacceptable and the relief sought. The supervisor shall communicate their decision in writing within five (5) days to the aggrieved and a copy to the Association.

Within five (5) days of receipt of the decision rendered by the supervisor, the aggrieved, if they are not satisfied with the decision of the supervisor, may appeal in writing to the Superintendent.

E. Level Two-Superintendent

1. The Superintendent must hear the appeal within ten (10) days after receiving it. The Superintendent must provide the parties in interest written notice of the time and place at least five (5) days prior to the hearing.
2. Attendance at this hearing of appeal shall be limited to the grievant and any party-in-interest. Parties in interest may elect to call witnesses who shall appear individually at the hearing.
3. Within five (5) days of hearing the appeal, the Superintendent shall communicate to the grievant and any party-in interest present at the hearing their written decision which shall include supporting reasons therefore.

F. Level Three - Arbitration

1. If the aggrieved member is not satisfied with the disposition of their grievance at Level Two, or if no decision has been rendered within fifteen (15) days after the grievance was delivered to the Superintendent, whichever is sooner, within five (5) days thereafter, they may request in writing that the Association submit the grievance to arbitration. Copy of written request shall be submitted to the Superintendent. If the Association so determines,

it may submit the grievance to arbitration within fifteen (15) days after receipt of a request by the aggrieved person. The appeal shall state all of the aggrieved's reasons for appealing the decision of the Superintendent and request appeal to Level Three. Copy of the appeal shall be submitted to the Superintendent.

2. Within ten (10) days after such written notice of submission to arbitration, the Board and the Association will agree upon a mutually acceptable arbitrator and will obtain a commitment from said arbitrator to serve. If the parties are unable to agree upon an arbitrator or to obtain such a commitment within the specified period, a request for a list of arbitrators may be made to the Oregon Employment Relations Board by either party. The parties shall then be bound by the rules and procedures of the American Arbitration Association in the selection of an arbitrator.
3. The arbitrator so elected shall confer with the representatives of the Board and the Association, and hold hearings promptly, and shall issue their decision not later than thirty (30) days from the date of the close of the hearings; or if oral hearings have been waived, then from the date of final statements and proof on the issues that are submitted to them. The rules of procedure to be followed for the hearing itself will be the rules of the American Arbitration Association. The arbitrator shall have initial authority to determine whether or not the dispute is arbitrable, and once so determined, they shall proceed to determine the merits of the dispute. The arbitrator's decision shall be in writing and shall set forth his findings of fact, reasoning and conclusions on the issues submitted.

The arbitrator shall be without power or authority to make any decision which requires the commission of an act prohibited by law or which is violative of the terms of this Agreement.

The arbitrator shall have no authority to amend, modify, alter, add to or subtract from this Agreement unless the District and the Association agree to give them specific authorization to do so. They shall confine themselves to the precise issues submitted for arbitration. The arbitrator shall have no authority to limit or interfere with the powers, duties, and responsibilities of the Board under applicable law and the rules and regulations thereof having the force and effect of the law. They shall be bound by the principles of law relating to contract interpretation followed by Oregon courts. The decision of the arbitrator shall be submitted to the Board and the Association and shall be final and binding on the parties.

4. The costs of the services of the arbitrator, including per diem expenses, if any, and actual and necessary travel, subsistence expenses and the cost of the hearing room shall be borne equally by the Board and the Association. Any other expenses incurred shall be paid by the party incurring same.
5. The names of any witnesses who will be used in arbitration must be made known to the other party seventy-two (72) hours prior to the first arbitration session.

G. Grievance Mediation

By mutual agreement in writing and within the timelines specified by Level Two, the parties may agree to attempt to resolve any grievance matter by appointing a mutually acceptable neutral party. Such mutual agreement shall suspend the timelines for arbitration until such time as mediation can be completed. At any time during this process, either party may, by written notification reject the mediation. If mediation is rejected, Arbitration may be invoked pursuant to Level Three.

H. No Reprisals

No reprisals of any kind shall be taken by the District, or the association against any party in interest, their representative(s), any District employee, or any other participant in the grievance procedure by reason of such participation.

I. The Association

The Association shall have the right to be present and to state its views at all stages of the grievance procedure.

J. Separate Grievance File

All documents, communications, and records dealing with the processing of a grievance shall be filed in a separate grievance file and shall not be kept in the personnel file of any of the participants.

K. Meetings and Hearings

1. All meetings and hearings under this procedure shall be conducted in private and shall include only such parties in interest and their designated or selected representative, heretofore referred to in this Article. All materials shall remain confidential except as required by law.
2. If any grievance hearing is scheduled during working hours, employees who are a party in interest and witnesses testifying to the grievance while actually testifying or actively participating in the hearing will be excused to attend session without loss of pay.

L. Year-end Grievances

If a grievance is filed at such a time that it cannot be processed through all the steps in this grievance procedure by the end of the school year and if left unresolved until the beginning of the following school year could result in irreparable harm to a party in interest, the time limits set forth herein may be reduced or expanded upon mutual agreement between the District and Association so that the grievance procedure may be exhausted prior to the end of the school year or as soon thereafter as practicable.

ARTICLE 19 - COMPLAINT PROCEDURE

A complaint is a negative remark or criticism made against a member. It is the intent of this Agreement to provide a complaint procedure, which will handle such complaints expeditiously and fairly.

A. If a complaint is made against a member to an administrator, or supervisor, such complaint shall be processed under the following circumstances:

1. If the administrator or supervisor intends to make a record in the evaluation report of a complaint received concerning a member.
2. If the administrator or supervisor intends to place a record of such complaint in the member's personnel file, or take any disciplinary action against the member.

B. Procedural Requirements

1. When members have complaints against each other, the Association shall be notified before the complaint procedure is initiated unless the complaint is of safety or legal issue, may involve outside agencies, or needs to be addressed immediately. The Association shall initiate an informal process to attempt to resolve the complaints. If the informal process is not successful, the Association shall notify the District and the following procedure shall be activated.

2. Level One

A conference between the administrator or supervisor shall be held with the member, and an Association representative if desired, within ten (10) working days after the complaint is made to attempt to resolve the complaint informally. The person(s) filing the complaint shall be identified. The complaint shall be available to the member, in writing, at the time of the conference. The date the complaint was filed with the district shall be provided to the member. The member may request a meeting with the complainant to hear the complaint directly. The administrator or supervisor must attempt to resolve the matter to the satisfaction of all parties throughout this process.

3. Level Two

If the complaint is not resolved at Level I, then the member shall have the right to require a meeting with the complainant and hear the complaint directly. If the complainant refuses to meet with the member, the matter shall be closed and no disciplinary action shall be taken, unless the administrator reasonably believes that the alleged action of the member in the complaint violates law, rule or policy, then the administrator may proceed with the investigation of the complaint, after informing the member of this decision.

4. Members against whom complaints are filed shall be informed in writing of the disposition of such complaint within fifteen (15) working days.

a. Records of unfounded complaints are prohibited from being included in personnel or working files unless the member requests that documentation is placed in their file(s).

If the District needs additional time to complete the investigation, an automatic 5 school day extension will be granted upon written notification stating the reasons for the extension. Any additional extensions must be requested in writing to the Association.

a. Additional extension requests must state the reasons for the extension request.

b. Approval of such requests will not be unreasonably withheld by the Association.

c. It is understood that an additional extension will automatically be granted by the Association if the District investigation is dependent upon completion of an investigation by the police department, DHS or other law enforcement agency and notice of the outside agency investigation is provided to the Association.

C. Any complaint that the administrator or supervisor chooses not to discuss with the member or which is not discussed within the required time shall not be considered in the member's evaluation and shall not be used against the member in any subsequent action by the district. Oral complaints shall not be considered.

D. The member has the right to representation at all levels of this procedure.

ARTICLE 20 - REDUCTION IN FORCE/LAYOFF

A. General Provisions

1. Definitions

a. Classification – Individual job titles as contained in the salary schedule of this agreement.

b. Layoff - Involuntary termination of employment or reduction in hours not a result of disciplinary action.

c. Seniority - Total length of continuous service as a classified employee within the District since the member's last date of hire. For accounting purposes, all authorized paid leaves shall be computed as time worked. Members who are laid off and subsequently reinstated through the recall process shall retain cumulative seniority from their first date of hire.

2. Prior to initiating a layoff and notifying any members that they are being laid off, the District shall send written notice to the Association that identifies positions that may have a reduction in work hours and/or be eliminated.

3. After the Association has been notified as outlined above, members who are to be laid off shall be notified at least fifteen (15) working days prior to the effective date thereof. The Association shall also receive notification and such notice shall include:
 - a. The cause of layoff;
 - b. The names of the members affected;
 - c. The order of layoff;
 - d. The dates used for the determination of seniority.

B. Layoff

The District shall eliminate all temporary employees in a job classification that is scheduled for layoff before initiating a layoff. Layoff will be by inverse order of seniority with the District within the classification affected by the layoff. Any ties in seniority shall be resolved by drawing lots. In determining the order of layoff, employee(s) member(s) within the classification affected by the layoff who are on a plan of assistance at the time of layoff may be laid off first.

C. Right to Retreat

If a member who is affected by layoff, previously served in a lower classification than the one of current assignment, and received favorable evaluations in that position, and if they possess greater District seniority than other members not otherwise slated for layoff, the member, upon request, shall be allowed to displace or “bump” less senior members in the lower classification.

D. Recall

1. At the time of layoff the District shall place all laid off members on the recall list unless the member provides written notification that they do not wish to be on the recall list.
 2. No new employees shall be hired in a job classification from which members have been laid off until all qualified members laid off from that classification, a higher classification, or as qualified have had an opportunity to return to work.
 3. When job openings become available, laid off member(s) within the affected job classification shall be returned in the inverse order in which they are laid off. However, the District shall be under no obligation to offer a laid off member a position with a greater number of hours than they held before the layoff.
 4. In the event of recall, the District shall notify the member by certified letter at the last address filed in writing with the District Office. The District shall also notify the member by email at their personal email address if it is on file with the District.
- The assumption will be made that a recall is rejected if:
- a. the laid off member or their Association representative does not accept or deny the recall within seven (7) business days of receipt of a job offer.

- b. the laid off member cannot be reached by certified mail, (post office return of certified letter) or personal email at their address and email of record as maintained in the District Human Resources Office.
 - c. after accepting a position, member does not report to work on the specified reporting date. Such reporting date shall be not less than fourteen (14) calendar days after the date of receipt of an offer of a position. Exceptions may be made if they are disabled and/or prior notification is provided and agreed to by the District.
5. A laid off member who refuses a position for which the member is qualified, and that is in the same classification, and is at least equal in hourly rate of pay and hours per day as the position that was held prior to the layoff will thereafter be considered only as a new hire.
6. Except as provided above, all members shall remain on the recall list and be eligible for recall for 27 months from the date of the layoff. Upon layoff, members shall receive documentation of their unused personal leave, wellness days, and vacation time. Members who are laid off between January 1st and June 30th shall receive payout of their unused vacation, wellness days, and personal leaves at the time of layoff. Members who are laid off between July 1st and December 31st shall have the choice of having their unused leaves paid at the time of layoff or keeping them banked with the District. If these members are not recalled by June 30th, their unused leaves shall be paid out.
- a. Members have the option of accepting a recall into the same classification with less hours while remaining on the recall list until they are returned to their original hours, or remaining on the recall list until a position with the same number of hours they held prior to the layoff becomes available.
 - b. Members have the option of accepting a recall into a lower paying classification if they have prior experience in that classification while remaining on the recall list until they are recalled to a position in their original classification.
7. Upon recall, the District shall restore the salary, accrued leaves, and seniority to all laid off members who accept a recall.
8. The District will continue to contribute the premiums for insurance coverage in accordance with Article 15 to all eligible members who are laid off through the month following the month in which the layoff occurs pursuant to the rules of the carrier. Eligible members can then purchase the District insurance at the group rate at their own expense if consistent with the rules of the carrier.

4. Any required physical, vision, hearing exams, or drug/alcohol exams required by the Oregon Department of Education and the time to complete them, will be fully paid by the District. These will be completed during the member's normal contracted work hours. If the District wants these to occur outside the member's normal contracted work hours, the

member and the supervisor may mutually agree prior to beginning the process. The District reserves the right to determine the physician to perform the exam. If the member chooses another physician, that physician must be able to assess the member in accordance with ODE/ODOT regulations. The District will pay a predetermined amount with the balance paid by the member should they elect that option. If the member chooses another physician, it is the member's obligation to inform the District in advance of the appointment.

5. The DMV fee incurred by the member for the first set of tests for the commercial drivers' license shall be reimbursed by the District.
6. Extra hours (defined as periodically available hours other than field trips and bus fueling) will be assigned first to available on duty members and then to available members who have expressed an interest in being assigned such hours on a rotating, seniority basis, as long as such hours will not result in overtime compensation. Extra hours that require specialized training shall only be available to members who have the specialized training. A copy of this rotating seniority list shall be kept on the trip board and shall be kept current.

C. Bus Routes

1. Drivers shall report for scheduled runs 15 minutes prior to the routes' scheduled departure time in the morning, and 10 minutes prior to the routes' scheduled departure in the afternoon. Compensation shall begin upon designated reporting time. For routes where there are 31 minutes or more of off duty time between runs, drivers are off the clock.
2. When a general route becomes available, the positions will be posted internally first. The most senior driver who applied shall be assigned. If there are no current drivers who are interested in the position, the position may be posted externally.
3. When a SPED route, Utility position, or a Bus Monitor position becomes available, the position shall be posted internally first, and interviews shall be held with members who have the appropriate qualifications. The hiring committee shall select the most qualified applicant. If there are no internal applicants, the position may be posted externally.
4. All general routes will remain the same from year to year. SPED routes are subject to change, but only newly created or vacated routes shall be posted. For SPED routes, the bus will remain the same as these routes are subject to change.
5. The buses will be fully cleaned and ready at the beginning of each school year. If the drivers are needed to clean school buses, they will be paid at their regular rate.
6. Layoff as defined in Article 20 A. 1. b. shall be defined as the elimination of a transportation position.
7. All General routes shall consist of a minimum of five (5) hours per day and all SPED routes shall consist of a minimum of six and one-half (6.5) hours per day. All Utility Drivers are contracted to work a minimum of six hours and fifteen minutes (6.25) per

8. Upon mutual agreement between the drivers and the supervisor, drivers may share routes. For example, one driver may drive the morning route and another driver may drive the afternoon route. Neither driver shall be eligible for health insurance benefits unless:
 - a) A morning or afternoon route is four (4) hours or more.
 - b) A morning or afternoon route is combined with another District position where the total hours worked daily is four (4) hours or more.

D. Field/Extra Curricular Trips

1. Trips will be assigned to the trip drivers on a seniority basis. Trip driver assignments shall be based on the following factors set out in order of priority:
 - a. assigning drivers their 'report to work agreement, weekly hours', with an effort to avoid overtime;
 - b. assigning the longest trips to the most senior driver who has the specialized training if necessary;
 - c. assigning them trips prior to assigning routes, or secondary tasks to fulfill their agreed to weekly hours; and

A copy of this rotating seniority list shall be kept on the drivers' bulletin board and shall be kept current.
4. Trips that have been canceled and the driver not having been notified of the cancellation reports to work, they shall receive two (2) hours (or hours equivalent to the length of the trip if less than two (2) hours) of their rate of pay.

6. Trips shall be paid at the driver's/monitor's regular rate of pay for the first eight (8) hours of work. Any time worked after eight (8) hours in a day will be paid at time and one-half. On trips lasting longer than fifteen (15) hours, the driver will be on off-duty time as required (ORS 581-053-0031). During a member's mandated rest period, members shall be paid a flat rate of \$85.00. On multi-day trips, members will be paid at their hourly rate for eight hours per day of on-call time. In addition, off-duty time will not be considered as hours counted in

computing overtime hours on the activity trip. Payment for off-duty time shall be paid in the paycheck immediately following submission if submitted by the payroll cut-off date.

E. District Non-Student Contact Days/Times

1. For routes that run on these days, first consideration will be given to the regularly scheduled driver for those students. This stipulation is for these days that occur during the school year.
2. Any driver whose bus route covers a school that is closed for the day (or a series of days) for non-student contact days/times shall be provided training or other Transportation related work during the time the member would have been driving. The member may choose to take available paid leave, or unpaid leave on those day(s) at their discretion.

F. Transportation Professional Development

1. Recertification Training- Transportation staff will receive necessary recertification training annually in August and will be paid for the number of hours necessary to be recertified.
