««.1 Substantial Completion

Time is of the essence in all phases of the Work. It is specifically understood and agreed by and between Owner and Construction Manager that time is of the essence in the Substantial Completion of the Project and Owner shall sustain damages as a result of Construction Manager's failure, neglect

or refusal to achieve Substantial Completion by the deadlines. Owner's damages are, and will continue to be, impracticable and extremely difficult to determine. The amounts stated below are the minimum value of the costs and damages caused by failure of Construction Manager to complete the Work within the allotted or agreed extended times of Substantial Completion, the sums are liquidated damages and shall not be construed as a penalty, and they may be deducted from payments due Construction Manager if the delay occurs. The Owner's damages include, but are not limited to, additional compensation for personnel, attorneys' fees, architectural fees, engineering fees, program management fees, inspection fees, storage costs, food service costs, transportation costs, utilities costs, costs of temporary facilities, loss of interest on money, and other increased costs. Failure to complete the Work within the designated or agreed extended dates of Substantial Completion shall be construed as a breach of this Agreement, and the Owner may deduct from the Final Payment made to the Construction Manager a sum equal to \$ [redacted] per day for each and every additional calendar day beyond the agreed date of Substantial Completion.

Formatted: Highlight

.2 Final Completion

In addition, timely Final Completion is an essential condition of this Agreement. Construction Manager agrees to achieve Final Completion of the Agreement within 60 calendar days of the designated or agreed extended date of Substantial Completion. Time is of the essence in the Final Completion of the Project and Owner shall sustain additional damages as a result of Construction Manager's failure, neglect or refusal to achieve Final Completion by the deadline. Owner's damages are, and will continue to be, impracticable and extremely difficult to determine. The amounts stated below are the minimum value of the costs and damages caused by failure of Construction Manager to complete the Work within the allotted or agreed extended times for Final Completion, and the sums are liquidated damages and shall not be construed as a penalty. The sum per day is a fair estimate of the pecuniary damages which will be sustained by the Owner including, but not limited to: potential hazards to students, staff and visitors, additional architectural, engineering, program management fees (and fees of any other consultants); increased administrative or operational expenses; additional attorney's fees; increased maintenance and custodial costs and additional, utilities, security and clean-up costs, and other increased costs. Failure to complete the Work within the designated or agreed extended dates of Final Completion shall be construed as a breach of this Agreement, and the amount of liquidated damages for each calendar day Final Completion is delayed beyond the date set for Final Completion shall be the sum of \$ [redacted] per day. Owner may deduct such liquidated damages from any Payment made to Construction Manager before or at Final Payment; or, if sufficient funds are not available, then Construction Manager shall pay Owner the amounts specified per day for each and every calendar day the breach continues after the deadline for Final Completion of the Work.

Formatted: Highlight

.3 Liquidated damages shall be in addition to, and not in lieu of, any other rights, claims or remedies Owner may have against Construction Manager. If the Work is not finally completed by the time stated in the Agreement, or as extended, no payments for Work completed beyond that time shall be made until the Project reaches Final Completion »

§ 4.6 Other:

(Insert provisions for bonus or other incentives, if any, that might result in a change to the Contract Sum.)

- .3 Any amount for which the Contractor does not intend to pay a Subcontractor or material supplier, unless the Work has been performed by others the Contractor intends to pay;
- .4 For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A201–2017; and
