Business **Curriculum & Professional Learning Update**
Ms. Kiesel reported the following:

Professional Development:

- On May 23rd, teachers will be continuing their work on the curriculum and refining their Birds eye view and assessments. This is a time where teachers can reflect on the year and refine their work in the curriculum.

Curriculum:

- STEM camp is in process of being finalized.
- This summer, we're hoping to have staff focus on the vertical alignment of their curriculum. Throughout the school year, they've concentrated on instruction at their individual grade levels, so this next step is essential to ensure continuity and coherence across all grades.
- We will be offering a Parent Academy on May 13th at 4:30 PM with a focus on math. This will be a presenter coming from iReady to work with parents to learn how to best support their children with math at home.

The committee elected to cancel the June meeting
