Did you know that there are over 43 million Spanish speakers in the USA? That is almost as many Spanish speakers as there are in Spain, where the Spanish language originated.

Every year in the United States we celebrate Hispanic heritage month from September 15th to October 15th.

These dates cover most of the independence days of Spanish speaking countries from around the globe. Today, September 15th is the independence day for Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua. Stay tuned as we honor famous latinos an latinass over the next month.
