Dear Wyoming Primary Families,

One of the things that makes our school so special is the way our students come together to care for and support one another. At the heart of everything we do at the Primary Schools is the belief that kindness matters. When our students practice kindness—whether by offering a smile, helping a friend, or showing gratitude— they remind us to see the best in others, to work together, and to face challenges with compassion and respect.

On September 11th, during our Cowboy TV announcements, we came together as a school community to honor the courage of Americans who gave everything to protect our freedoms and keep our communities safe. We spoke about the helpers who showed bravery and the way people cared for one another. We took a moment to be thankful for our freedom and the people who keep us safe every day. In classrooms, students explored activities that celebrated service, bravery, and gratitude while thoughtfully connecting these ideas to their own lives in ways that fit their age and stage of learning. As a school family, we are proud of how our students reflected on these important values, and we look forward with hope as they continue to grow in understanding freedom, courage, and unity that connects us as Americans.

This week we also held a Math and Literacy Night for parents who wanted to learn more about our curriculum. At the Primary, our goal in every academic area is to help students grow into confident, flexible problem-solvers who can use their learning both in school and in life. In math, this means going beyond memorizing facts and formulas. Guided by Ohio's Standards for Mathematical Practice, we focus on building curiosity, perseverance, and critical thinking. Students learn to make sense of problems, reason with numbers, explain their thinking, and apply

math to real-world situations, all while practicing precision and recognizing patterns. These skills not only strengthen mathematical understanding but also help children develop the confidence and growth mindset needed to face challenges in any area of life. This whole-child approach is made stronger by the support and encouragement students receive both at school and at home. We are truly thankful for your partnership in helping our children grow.

Warmly,

Jenn Earhart
WPS Principal

Upcoming Events

WPS Harvest Fest: Saturday, September 13, 2025
4:00–7:00 pm at Wyoming High School

WPS Picture Retake Day: Thursday, September 18, 2025

No School Students– Staff PD Day: Monday, September 22, 2025

No School – Board Holiday: Tuesday, September 23, 2025

No School – Board Holiday: Thursday, October 2, 2025

No School for Students–Staff PD Day: Friday, October 3, 2025

WPS Family Math Night:
Thursday, October 16th at 6:30 pm WMS

Guidelines for Stadium Attendance

When attending athletic competitions, students should remain in the stands watching the game. Students should refrain from spending time behind the bleachers or in the softball field. Please share this information with your child.

Primary school students should only attend athletic competitions in the stadium with an adult.
