

September 16, 2025

Dear Parents and Guardians,

I hope this message finds you well. As part of our ongoing commitment to student success, our district is transitioning from our traditional, performance-based report card system to a standards-based grading and reporting system. This change is designed to provide clearer, more detailed information about your child's progress toward mastering essential skills and academic standards.

We shared an overview of this transition during the summer orientation sessions that were hosted at your scholar's respective campus. To support your understanding, additional information will be available at our Back to School Nights on September 17th. In addition, our Curriculum and Instruction team will be hosting a virtual Parent Night on October 14th @ 6:00 p.m., offering an opportunity to discuss the new report card system in greater detail and answer any questions that you may have.

For more information, please visit the "Academics" section of our website ([www.mptcs.org](http://www.mptcs.org)). This section contains a podcast with explanations for the transition as well as frequently asked questions for you and your child.

We appreciate your continued partnership and collaborative efforts to support your scholar's growth.

Sincerely,

*Christopher Abbaleo*

Dr. Christopher Abbaleo  
Assistant Superintendent
