5. Old Business
6. New Business
 - [Title 1 Training](#)
7. SPSA Development
 - [Learning Data Review](#)
 - Graduation % has stayed consistent (95%+, consistent through groups)
 - Tons to celebrate with graduation. Huge increase with SWD (more than 12%). Discrepancy in numbers with Asian students (looking at two different pieces of data, not the same)
 - AP number continues to increase, even with more DE classes
 - African American students: graduation rate not increasing, suspension numbers, etc.
 - AP - Lots of students taking AP math courses, how can we leverage that with our CAASSP scores? Grade levels of students taking these courses?
 - ** where do AP insights #s come from? Two years combined?
 - DE course enrollment going up.
 - Our grad rates are high, CCI is high, more students taking AP and DE, but math scores lower. Math test changed 3 years ago- when are we going to have a conversation about goals for the test?

- suspension: over half related to physical contact. Needs to be an area of focus. How can we get ahead of this before it turns into a fight?
 - Does the SWD grad number include students on certificate track?
 - EL students and struggles, especially in math. Using translation for the tests.
 - suspension rates going up- area of concern
 - CAST- # of people taking the test decreased
 - ELA rates for English Learners
8. Material and Course Feedback (Cutts)
- Feedback on revisions of [cell phone board policy](#)
