Curtis Creek Elementary
School Accountability Report Card
Reported Using Data from the 2016-17 School Year
Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest
DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access
Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Founded in 1865, Curtis Creek School District has served the 'gold country' for nearly two centuries. Located in the Sierra Nevada foothills, near Yosemite National Park, Curtis Creek strives to build partnerships with family and community to ensure that every student has the opportunity to acquire the knowledge, skills, and attitudes to continue to learn, live a productive life and contribute to a diverse, rapidly changing society. Curtis Creek Elementary is the only school within the Curtis Creek Elementary District. Serving a population from diverse socio-economic backgrounds, our school draws from a rural community surrounding the city of Sonora. Students develop proficiency in reading, writing, spelling, math, science and social studies as their academic core curriculum which is derived from the California State Frameworks. In addition to high standards for academic achievement, the school supports character development, exploration of the arts and athletics, and a school climate based on fairness and respect. During the 2016-2017 school year, approximately 449 K-8th grade students attended the school, with classes arranged on a traditional schedule. SARC APPROVED BY SSC ON 12/7/16. Suspension data will not be released by CDE until January, 2018.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Year and month in which data were collected: November, 2016

Curtis Creek Elementary held a public hearing on September 10, 2013 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or

science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

School Facility Conditions and Planned Improvements (Most Recent Year)

Curtis Creek Elementary was originally constructed in 1865. It is comprised of 32 classrooms, a gymnasium/multipurpose room/cafeteria, a library, a staff lounge, and three playgrounds. The Director of Maintenance/ Operations/Transportation (MOT) works daily with Custodial and Maintenance/Grounds staff. There are six Custodial positions (five PT and 1 FT) to ensure that the cleaning of the school is maintained to provide for a clean and safe school. Site Maintenance/Grounds staff (two positions - one FT and one PT) ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority are given to emergency repairs. The items noted in the table have been corrected or are in the process of remediation. Deferred Maintenance Budget The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar–for–dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems. In January, 2017 there was a mudslide near portables A - 11 through A-4. Those rooms were deemed unsafe for students. Then two weeks later, there was a fire that destroyed the entire A wing - 9 classrooms and the library. Portables were eventually brought in. New construction should start in January, 2018. Proposition 39 funding was also released to replace windows, HVAC, and lights.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2016-17)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Curtis Creek Elementary greatly benefits from its supportive parents who organize school activities and fundraisers to support students. The school has a strong base of parent volunteers who participate in the Curtis Creek Parent Association. Parents are also welcome to join art/band boosters, athletic boosters, or School Site Council. The school also benefits from several community partnerships, including Front Porch Technolgy, the California Arts Council, AATCA; the Tuolumne County Association of School Administrators and local businesses. The school also sponsors an annual Back to School night, Open House, as well as concerts, performances, and special programs that highlight the successes and talents of our students.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan (School Year 2017-18)

Safety of students and staff is a primary concern of Curtis Creek Elementary. The school complies with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan was reviewed by the School Board on 1/9/18 and reviewed by staff management in the Fall of 2017.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on
a regular basis throughout the school year. Lockdown drills are held at least once a year. Students are supervised before school, during lunch, and after
school by certificated staff, classified staff, and by the school principal. There is a designated area for student drop off and pick up. Visitors are required
to check in at the school office and wear a visitor's badge.

Professional Development (Most Recent Three Years)

Staff development in 2015-16 included a focus on the new Common Core State Standards (CCSS). All teachers had the opportunity to sign up for PD. CCSD has had lower scores on the CST Mathematics results than the English-Language Arts. Much of the PD is delivered through the Tuolumne County Office of Education (TCOE) to all of the school districts in the county. TCOE also works closely with the Stanislaus County Office of Education and often partner with PD opportunities. Most of the PD is offered through school day or after school workshops. As an adoption year for ELA, PD was also offered to teachers on the new curriculum. There also has been an emphasis on Science in Tuolumne County. In 206-17, several Science lead staff have attended those series of PD on Next Generation Science Standards.
