DONOR GUIDELINES FOR AWARDING A SCHOLARSHIP OR GRANT

(Found in Wylie ISD Education Foundation Policies and Procedures.)

Donor Privacy Policy. Any information supplied to the Foundation by donors will be used solely to fulfill their donation and shall not be shared for any reason unless permission is granted by the donor to share such information. All requests to remain anonymous shall be honored. The Foundation does not sell or share donor lists. Donors who supply the Foundation with their postal address or email address may be contacted periodically for solicitation purposes and/or with information regarding upcoming events. All donors have the option of being placed on a mailing list which grants the Foundation permission to contact them only once per year. Donors may request to be permanently removed from the mailing list by contacting us via email or postal mail. All requests to be removed from the Foundation mailing list shall be honored. Donors who supply the Foundation with their telephone number may request that they not be contacted for telephone fundraising purposes.

Establishment of Annual Endowed Scholarship Amounts.

1. The Foundation VP of Finance calculates the endowment earnings effective the last day of the fiscal year. The maximum funds for distribution to combined scholarships shall be 80% of the earnings of the restricted endowment fund, unless otherwise authorized each year by the Board of Directors.
2. The scholarship chairman will develop a proposal establishing the amount and quantity of scholarships for each endowment. The minimum amount for each scholarship is \$500.
3. If 80% of the earnings for a scholarship endowment are less than \$500 the Finance or Scholarship Committee may formally propose to the Board of Directors that the scholarship be funded at the \$500 level using funds specified in the proposal.
4. This proposal is submitted to the Foundation Board of Directors for approval.

Establishment of Annual Endowed Grant Amounts.

1. The Foundation VP of Finance calculates the grant earnings effective the last day of the fiscal year. The maximum funds for distribution to combined scholarships shall be 80% of the earnings of the restricted endowment fund, unless otherwise authorized each year by the Board of Directors.
2. This proposal is submitted to the Foundation Board of Directors for approval.

Funding of Grants. Grants will be funded as outlined in the following process:

1. A memo to the appropriate school administrator in the Wylie ISD Business Office will indicate the educators who have received a grant, the title, amount of grant and the campus of each educator. Any unexpended funds will be returned to the Foundation and re-invested in the grant general endowment fund.
2. Payment for the total amount of grants awarded will accompany the memo.

Establishment of Endowments.

1. The minimum endowment level is \$10,000. This gift amount establishes a \$500 scholarship or grant. Donors have up to five (5) years to fully fund the endowment. Grants or scholarships will not be awarded until a minimum amount of \$10,000 is deposited with the Foundation at least three months prior to the beginning of the grant/scholarship cycle, or an additional gift of \$500 or more is deposited with the Foundation each year for the grant or scholarship to be awarded until the endowment level is achieved. This additional gift of at least \$500 must be donated at least three months prior to the beginning of the grant/scholarship cycle for the scholarship to be awarded.
2. If a minimum endowment level of \$10,000 is not reached in five (5) years, AND an additional gift of \$500 or more is deposited with the Foundation for scholarship distribution in the previous years for the grant or scholarship to be awarded, the board may approve a one to three year extension of the term to reach the minimum Foundation level. Grants or scholarships will be awarded from the earnings of the restricted endowment.

3. Distribution will not exceed 80% of the cumulative fund earnings less prior distributions. The set amount will be at the discretion of the Board and established each year.
4. Earnings of all restricted endowments, as well as earnings of all endowments not fully funded, will be applied in accordance with the contract establishing the endowment, with the donor's directions, and agreed upon by the Board of Directors.
5. Each year endowment amounts will reset to the original amount paid toward the endowment plus any amounts paid to increase the endowment. Earnings from endowments in excess of the amount needed to fund the scholarship or grant specified in the endowment contract will be placed in the unrestricted endowment fund. These funds shall primarily be used as financial reserves to protect the ability of the Foundation to maintain grant and scholarship funding when investment fund growth does not provide sufficient funds for this purpose and for the growth of the general endowment fund.
6. Donors may increase grant or scholarship awards in \$250 increments with additional gifts of \$5,000.
7. The donor(s) will sign the appropriate contract/form regarding each endowment and will specify the criteria, if applicable.
8. A copy of checks with appropriate backup is to be kept in the Foundation's financial software or each endowment file, and the gift is noted in the database.
9. Scholarships that are to be endowed and funded at a certain level will not be included on the Wylie ISD Education Foundation Scholarship Application until the requirements set forth in sections 1 and 2 above are met, and a completed and signed agreement to endow a scholarship is received by the Foundation.
10. When a restricted scholarship has a fund balance of less than \$10,000 and has had no contribution for a two-year period, the balance remaining in that fund, after all awarded scholarships have been paid, will be placed in the unrestricted endowment, AND the scholarship will no longer be offered.

Multiple Scholarships/Endowments by Single Donor. If an entity wants to establish multiple scholarships awarded in their name, funded by an endowment, they may initiate a separate agreement per scholarship, or they may use a single endowment and increase the sum of the corpus to a minimum of \$20,000. A formal letter of intent shall accompany the agreement to clarify specifically how the endowment shall be used.
