August 12, 2025

Dear West Essex School Community,

The Board of Education, in conjunction with the district administration, has identified the need to pursue a referendum to address critical facility needs within our schools. As part of this process, an experienced architectural firm will conduct a comprehensive evaluation of our buildings and campus to identify priority areas requiring improvement, renovation, or modernization.

We are committed to ensuring that this process is transparent and inclusive. Regular updates and detailed communications will be shared with our school community throughout all phases of the planning process. Decisions will be made with the goal of maximizing value for taxpayers while investing wisely in our students' future.

At this time, we are in the initial stages of assessment and exploration. Our focus is on fully examining the district's current and future needs to ensure that any proposed projects will support high-quality education for years to come.

Thank you for your ongoing support and partnership as we move forward together on this important initiative.

Sincerely,

Deborah Sacco-Calderone, Board of Education President
Damion Macioci, Superintendent of Schools
