Welcome to the 2025-26 School Year!

Dr. Dan Keyser
District Administrator

Welcome to the start of a new school year! It has been wonderful to see our students and staff return with such incredible energy and enthusiasm.

This year, we are proud to conclude our facilities updates throughout the district (more information to come!). This fall, as new school reports are released through the Wisconsin DPI, we will be updating our public-facing Data Dashboard on our website. We encourage you to explore this tool to see our students' progress in literacy and mathematics.

The excitement continues with the start of our fall events, and we are looking forward to celebrating the upcoming Homecoming festivities as a community.

Thank you for your continued partnership and support. Here's to a great year ahead!

Facility Updates - Projects Wrapping Up

There has been a ton of great updates to our facilities throughout the summer! Check out the newest Executive Summary for all the details.

SHS Pool Facility Now Open

The SHS Pool has reopened with a host of exciting updates, including new ceramic tile and epoxy flooring, refreshed paint and lighting, and updated doors and equipment. You can find more information and sign up for lap swim on our website.

Updates throughout the Schools

Stoughton High School

What a great start to the school year! Students are already taking advantage of their first Flex periods for extra help or club meetings. We're also celebrating the reopening of our pool and watching our fall sports and music groups hit their stride. The energy in the halls is incredible, and we couldn't be more proud of our students!

River Bluff Middle School

This school year is filled with exciting changes! We've welcomed new staff and celebrated the opening of our new gym, playground basketball courts, and 4-square. We're also looking forward to new playground equipment arriving in October. All of this positive energy was captured at our recent all-school assembly, celebrating students who are excelling expectations!

Fox Prairie Elementary

We are enjoying our newly renovated spaces and are excited for the projects to be officially completed in the coming weeks. The positive energy continues as we celebrate our first month of school with our first Golden Fox and Birthday Assembly on September 25th.

Kegonsa Elementary

The school year is off to a wonderful start with new playground equipment and a calming recess garden. We're also excited to launch our new "Gillies in the Garden" program, a hands-on, choose-your-own-adventure style garden time held every week during recess for students in grades K-5.

Sandhill Elementary

Students are taking their fall benchmark tests. They're also getting into the groove of their new schedules and safety rules as part of our positive behavior program, and kindergarteners recently welcomed Officer Oren to learn about safety.

4 Year Old Kindergarten

We would like to acknowledge and celebrate how truly remarkable our SASD 4K community partners are. We strive for a wonderful year of learning and belonging. In 4K our students are learning to be independent, take turns and follow routines. Early literacy and math are an important part of our academic learning.
